

DEBTS OF TODAY BOTHER DEMOS AS BILLS PILE UP

Have \$2,000 to Pay for Election Efforts; "Strong Box" Shows Very Dilapidated Condition.

From a Staff Correspondent.
Lincoln, Neb., Nov. 9.—(Special.)—There is no joy around democratic state headquarters. Not even the fact that democrats of Lincoln elected a police judge, brings the faintest smile to the democratic committee. Of course, the democratic state committee had nothing to do with the election of a police judge, in the city of Lincoln, and perhaps that is the reason that Judge Whitmore was elected. Anyhow he is the sole survivor of the "storm."

But there was something else that the committee contributed to even if they had no part in the election of a police judge. They have a debt left on their hands of something like \$2,000 for which they can claim sole credit, with no thought of any of the glory of such a condition being taken from them by the republicans. The republicans are perfectly satisfied with the offices and the democrats are welcome to the debts as their share of the political battle. The republican committee comes out of the battle with a snug little sum on the right side of the ledger and might be prevailed upon to contribute something to the democratic committee as a little testimonial of the appreciation of the part Colonel Sprague and the rest of the democratic machine contributed to the success of the republican ticket.

When the condition of the democratic treasury was brought to the attention of Charles Bryan with a request that any donation he might make would be received with thanks, even if it did come from a "free" democrat, Mr. Bryan smiled "out loud," called for his check book and trusty fountain pen and wrote out a check for \$25, which check now reposes in the strong box of the democratic committee with other mementoes calling for assistance.

Does Howard Know?
It has not yet been given out by the democratic committee whether they have notified Lieutenant Governor Howard of the dilapidated condition of the democratic strong box. Governor Howard just before the election started something in the direction of the committee which must have landed and it might be that he would now come across with a check also.

Perhaps when Sergeant-at-Arms J. E. Evans, who was paid \$30 by Chairman Sprague to corral W. J. Taylor and the rest of the Custer county non-partisan leaguers into the Neville corral, hears that the committee of which he was once an honored emissary is in such dire distress he may return to them the \$30 paid him to corral something he was unable to drive in the direction indicated by the chairman of the committee.

In the meantime democrats who refuse to be comforted by the fact that they elected a police judge, are charging the election of republicans to "Hun counties, which voted the republican ticket."
If their dope on the situation is correct there are about 80 "Hun" counties in Nebraska. However, as the situation reveals itself it is discovered that there are some Irish counties and some Swede counties, some Bohemian counties and some Norwegian counties, and quite a number of American counties which gave republican majorities this year, while Douglas county, the home of the Hitchcock-Mullen machine, now so badly wrecked, came out of the battle pretty much republican, also.

Fremont Pastor Returns

From France as War Aid
Fremont, Neb., Nov. 9.—(Special Telegram.)—The Rev. W. W. Whitman of Fairbury, formerly pastor of the Methodist church of North Bend and Hooper, who has returned to this country from France to assist in the united war work drive, addressed a gathering at the Commercial rooms Saturday afternoon. Rev. Mr. Whitman was in the service in France for a year. On his return to this country two months he took passage on the Mount Vernon, a transport that was torpedoed 300 miles from the French coast. The ship returned to port and the passengers, including 500 men, were transferred to another ship.

Rev. Mr. Whitman thinks the Germans are playing for time and that the end of war is not yet here.

Superior Bank Stocks

Sold Saturday at Auction
Superior, Neb., Nov. 9.—(Special Telegram.)—Auction sale of the First National bank stocks was held today. This is the largest bank failure in southern Nebraska since about four years ago.

The Prairie Oil and Gas company, drilling south of Superior 15 miles into Kansas, are now down over 2,000 feet and report fine prospects. On Riverton west of this city, paying oil has been found and reports are that the Nebraska Cement company, west of the city, are going after potash or oil.

GERMANY MUST YIELD AT ONCE, IS FRENCH VIEW

Paris Press Expresses Opinion That Teuton Empire Will Capitulate to Allies Before Monday.

Paris, Nov. 9.—French opinion, which is remarkably restrained and conservative, is unanimous in the view that Germany will capitulate between now and Monday.
There is no tendency to exaggerate happenings in Germany, but it is felt that the Germans have had enough to make it imperative for

the government to make peace at the earliest possible moment.
M. Copie, writing in the Figaro, fairly sums up the views of all editorial writers when he says:
"The details of revolutionary movements in Germany are lacking, but we learn enough from hour to hour to feel already that they are neither superficial or fictitious. Do they contain deep set revolutions? are they but riots due to the reaction of the defeat? what authority does the republic proclaimed at Munich possess? These are questions which concern Germany alone."
