CHICAGO GRAIN AND PROVISIONS Dealers Show Preference for Buying Side

of Market and Prices Advance. Chicago, Nov. 12.—Corn averaged higher in price today, influenced by the fact that at least for the present the trade apparently regarded peace as having been fully discounted to adverse. The market parently regarded peace as having been fully discounted in advance. The market showed only moderate activity and closed unsettled at the same as Saturday's finish to %c up, with December \$1.18% to 1.18% and January \$1.18% to 1.19%. Oats gained half cent to \$c. The outcome in provisions varied from 55c decline to a rise of 30 cents.

Notwithstanding that fighting with Germany had ceased, a majority of dealers in corn showed from the outset a prefer-ence for the buying side of the market. Recent setbacks amounting to more than 50 cents a bushel seemed to have left but little inducement to sell, and commission houses, on the contrary, had numerous orders to purchase Owing to absence of selling pressure, the market advanced readily, but later was depressed by reports that a grain blockade existed in the east. Rallies, however, soon set in and the market in the last hour had again a pronounced upward slant.

iounced upward slant.

Oats sympathized with corn and folowed the trend of that cereal.

Higher quotations on grain and hogs gave strength to provisions. Bulges, though, led to realizing in the January de-

New York, Nov. 12.—The calm. matter-of-fact manner in which today's stock market regulated its affairs from war to peace was doubtless a surprise to many who expected that the first post-bellum ession of the exchange would of necessity be attended by sensational incidents.
With th exception of United Sites Steel
and a few other popular industrials of the pronounced war type, prices were 1 to 3 points higher at the opening, rails, shipings, oils and motors guiding the move-

Before the end of the first hour most affivances were materially reduced and by midday virtually all gains were changed to capital city Friday to play their old actual losses of 2 to 5 points, pressure cen-tering in munitions and allied equipments. The last half of the session was characterized by a moderate revival of the first hour's activity and more insistent liquida-tion in which the entire list; participated. Washington's reminder that some of the hardest problems of the war await solu-tion gave momentum to the latter decline. United States Steel was the outstanding feature, selling down to 99% and closing almost at its lowest, with a net loss of 3%. Independent steels reacted 1 to 3 points. Baldwin Locomotive alone display

oils went through their usual gyrations, Mexican Petroleum making an extreme reversal of 11½ points from its early gain of 3 points. Motors, coppers and tobaccos ended at recessions of 1 to 4 points, also the various specialties which follow in the various specialties which follow in their train, and ralls of high and low de-gree forfeited more than their many sub-stantial gains of the first hour.

# **CENTRAL HIGH READY TO MEET** LINCOLN TEAM

Game for State Championship Friday Likely to Be Hard Battle; Lincoln Averages 160 Pounds.

Central High's pigskin warriors enemies from Lincoln High. York has beaten South High and Lincoln defeated York last Friday, 13 to 0. Thus, if Central's squad registers a victory over the Lincolnites, affairs will taken an interesting turn. But Central will have a stiff time

trimming its ancient rivals if the dope in local grid circles is correct. York possesses a team of no mean worth and its defeat was a nice feather for Lincoln's cap. The victory was due largely to a strong defense and good booting. Lincoln has three men playing their second season on the team and eight men is 160 pounds. McGlasson, the 215 pound right tackle, is largely responteam is Pratt, who plays center and weighs 147 pounds. The line aver-

captain, is said to be the team's best to Rourke park carrying Lieutenant bet. Lewellen won some praise as a strategist from his management of his team in the York encounter, drop from the plane. Afterwards McGlasson, right tackle; Stoll, right Lieutenant Gledhill will give exhiend, and Lewellen, quarterback, form the trio of vets. The Lincolnites are in good shape and somewhat chesty of their season's record as compared with the locals. Prospects in the local camp are

not so dull as may be expected. Chris Crowell said goodby to his mates today, leaving Shafer, Logan and Harper the only vets on the team. His departure greatly weakens Central's defense. The marks of rough handling in the North Des Moines game still appear on many of the players. However, Lincoln is more in Central's class than the Iowa team, which is one of the best high school teams in the Missouri Valley this year.

Coach Mulligan no longer has any first team subs and will have to promote several players from the second team to be on hand if any of the wearers of the purple are forced to seek the sidelines. Confidence in the team was in no

way weakened by the Des Moines defeat. At a monster mass meeting to celebrate the peace news yesterday calls for the team and coach were almost as numerous as "no school" A large crowd of rooters is pre-

paring to journey to Lincoln Friday by auto and by train.
