

YANKEE TROOPS HELP IN VERDUN CELEBRATION

Bells of Ancient Cathedral Ring Out News of Peace and Singing Crowds Parade the Streets.

Verdun, Nov. 12.—(By Associated Press)—Verdun came into its own last night. While the bells of the ancient cathedral were ringing the news of peace the fortress city was illuminated and a military procession headed by the drum corps of the Twenty-sixth American division swung along the crowded streets accompanied by a detachment of French buglers, representing the famed defenders of Verdun. The procession wound its way through the streets lighted by flares and vari-colored signal lights sent off by infantrymen. The entire city was in a great blaze of glory and the illumination was visible for many miles around, even to the Germans going homeward in the east. Behind the buglers marched a shouting, singing and dancing column of French, American, Senegalese and Algerian soldiers and civilian celebrants, keeping time with the drum beats and shouting: "The war is over! Vive la France! Vive l'Amérique!" The marchers paraded until they were tired, the bell ringers rang the chimps until they were exhausted and the flares burned themselves out. And late tonight the American and French soldiers and the handful of faithful civilians in Verdun went to sleep in peace.

Troops Must Stay in Europe for Two Years Says Taft

Chicago, Ill., Nov. 12.—Former President Taft warned people of the United States in a speech tonight not to expect their soldier relatives and friends back from the battlefields of France within two years because of the big policing job which will fall on the shoulders of the United States following establishment of peace. In advocating universal military training, Mr. Taft said: "This war has taught us that it pays to be prepared and I am in favor of military training for the measure of protection it will give as well as the benefits which will come to the men who take up the army training course."

Newport News Celebrates Peace with Lively Riot

Newport News, Va., Nov. 12.—After the mobs had forced suspension of street car service, the closing of every business place on the principal streets and had done thousands of dollars damage, two companies of guard troops were ordered out and at midnight they were patrolling the streets.

The troops have the situation under control. A number of people were slightly hurt. Maj. Percy Hamilton, who attempted to remonstrate with the rioters, was struck by a brick thrown by a sailor. A number of arrests have been made.

The city's street car service was demoralized by the celebration, the soldiers and sailors taking charge of the cars after driving away the crews. Alleged unreasonable prices for food were said to have been responsible for the raids on restaurants. Foodstuffs were carried off and considerable property damaged. The soldiers engaging in the demonstration were from the several embarkation camps in this city and vicinity.

Sherrill and King Confess Holdup of Kansas Train

Fort Scott, Kan., Nov. 12.—Roy Sherrill and Roy King, accused of participation in the hold-up and robbery of a Missouri, Kansas & Texas train near Koch, Kan., pleaded guilty today in federal court here and were sentenced to 25 years each in the federal penitentiary at Leavenworth, Kan. Sherrill was arrested in Denver, Col., after an encounter with police seeking to arrest him for alleged participation in a robbery and a murder by a gang of motor bandits in Colorado Springs. He was wounded in the Denver fight.

TWO CELEBRATIONS HELD AT PHILLIPS HOME.

JOHN PHILLIPS.

Mrs. J. C. Phillips, 2218 Willis avenue, is rejoicing in news from France that the man who died and was supposed to have been her son, was not her son after all. Saturday Mrs. Phillips received word from France, from a comrade of her son, John, that the boy had died of wounds in a French hospital. Tuesday morning there came a postal card from the same man saying that the man who died was not John at all. No word has as yet been received from John, but the family are anxiously awaiting further tidings. Perhaps the discharge of prisoners from a German prison camp will release him, perhaps he will finally write from some hospital; it may even be that no word will come from him, but hope has again been awakened in their hearts.

Ambassador Resigns.

Washington, Nov. 12.—Romulo S. Nalon, ambassador from Argentina, has forwarded his resignation to President Irigoyen.

HUN BRUTALITY SHOWS ITSELF TO VERY LAST

Teutons Fill Defenseless Cities with Gas on Last Day of War; People Seriously Mistreated.

With the American Forces in France, Nov. 12.—Although there was no reason for it, German ruthlessness was still rampant Sunday, stirring the American artillery in the region of Din-Sur-Meuse and Monday to greater activity. Six hundred aged men, women and children were in Mouzey when the Germans attacked it with gas. There was only a small detachment of American troops there and the town no longer was of strategic value. However, it was made the direct target of shells filled with phosgene. The enemy hurled them into the town until every street reeked with gas.

Drenched with Gas. Not contented with this, the Germans again drenched the place with gas Sunday night, even while they were evacuating Stenay, a few miles to the north. Prompt work by the Americans saved most of the civilians from serious consequences. Poorly clad and showing plainly evidences of malnutrition, the inhabitants crowded about the Americans, kissing their hands and hailing them as deliverers. They declared they had had no meat for six weeks. They virtually had been prisoners of war for four years and were overwhelmed with joy when they learned that an armistice was probable.

The little children between 6 and 10 years spoke German alternately with French. It was the first time they had seen Americans and they showed plainly their amazement.

Signing of Armistice Releases Big Stocks of Rail Equipment

For the time being and until the demobilizing of the soldiers is brought about, the close of the war has released a large stock of railroad passenger equipment, say railroad men.

This week the Union Pacific had seven troop trains lined up for the movement of approximately 3,000 men. All of these movements have been canceled. The Burlington had two trains scheduled to move Wednesday and two more Friday of this week. These would have carried approximately 2,000 men. These trains, like those of the Union Pacific, have been canceled.

With the cancellation of the movement of troop trains, numerous engines and crews have been released and these will all go into freight service, much of which has been delayed on account of motive power.

HUN ENVOYS ASK FOR SOLUTION TO PROBLEM OF FOOD

Long Discussion is Held with Marshal Foch Over Supplying of Provisions to Germany.

Paris, Nov. 12.—The new German government, it appears, considered the armistice conditions at a sitting late on Sunday at Berlin. Having decided to accept them, it telephoned instructions from Berlin to Spa, German headquarters, authorizing the delegates to affix their signatures to the agreement.

The courier, who was waiting at Spa, left immediately for the lines and crossed them without incident north of Chimay. He reached the

Chateau de Francfort at about 2 o'clock in the morning, and found the German plenipotentiaries waiting for him. They asked, after they had read their instructions, to see Marshal Foch, who was in his special train on a switch near the chateau.

A Long Talk.

Marshal Foch, with Admiral Sir Rosslyn Weymss, first lord of the British navy, received them. A discussion, which is described by the Temps correspondent as being "rather long," took place upon certain clauses, particularly that concerning the maintenance of the blockade. The German delegates signed the document at 5 o'clock.

Premier Clemenceau, receiving correspondents today, said on the question of the blockade: "The German plenipotentiaries insisted, above all, upon the question of food. We will maintain, it is well understood, the blockade during the term of the armistice. Nevertheless, as the situation in Germany and Austria is desperate, we will do everything possible to feed them that we can in fairness to ourselves. It is the question of transport which dominates all these problems."

Manufacture of Autos Likely to Be Taken Up After January 1

Washington, Nov. 12.—Manufacturers of passenger automobiles after January 1, the date fixed for 100 per cent curtailment, is likely to continue because of the sudden collapse of the war and the consequent expected lessening of the government's steel demands. This intimation was given today by the war industries board.

Million Dollars Are Given to the Red Cross Fund

New York, Nov. 12.—Bequest of approximately \$1,000,000 to the American Red Cross is provided for in the will of James A. Scrymser, former president of the Central and South American Telegraph company. It was announced here today by Red Cross officials. Under the terms of the will the Red Cross is made the residuary legatee of one-half of the

WORK OR FIGHT ORDER KNOCKED OUT BY CROWDER

Washington, Nov. 1.—Cancellation of all draft calls and inductions yesterday practically has nullified the famous work or fight order promulgated last summer, although local boards have been ordered to continue classifying after physical examination, men between the ages of 19 and 36. The work or fight order fails by reason of the fact that the only penalty attached was that of being placed in class 1. The stopping of the calls does not relieve any delinquent who has failed to obey draft board orders from the penalties which are attached under the law.

A single order from the general staff would suffice to start another stream of men flowing into the cantonments.

Famous Old Recipe for Cough Syrup

Exactly and cheaply made at home, but it beats them all for quick results.

Thousands of housewives have found that they can save two-thirds of the money usually spent for cough preparations by using this well-known old recipe for making cough syrup at home. It is simple and cheap but it really has no equal for prompt results. It takes right hold of a cough and gives immediate relief, usually stopping an ordinary cough in 24 hours or less.

Get 2 1/2 ounces of Pinex from any druggist, pour it into a pint bottle, and add plain granulated sugar syrup to make a full pint. If you prefer, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, it tastes good, keeps perfectly, and lasts a family a long time.

It's truly astonishing how quickly it acts, penetrating through every air passage of the throat and lungs—loosens and raises the phlegm, soothes and heals the membranes, and gradually but surely the annoying throat tickle and dreaded cough disappear entirely. Nothing better for bronchitis, spasmodic croup, whooping cough or bronchial asthma.

"Pinex" is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its healing effect on the membranes. Avoid disappointment by asking your druggist for 2 1/2 ounces of Pinex with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded.
