GERMANY NOTIFIED NO CHANGE WILL BE MADE IN ARMISTICE

Supplementary Period of Day Added to 14 Days in Original Draft for Evacuation of Belgium, Luxembourg and Alsace-Lorraine; Wilson and Clemenceau Promise Food.

London, Nov. 13.—The allied high command has sent to the German high command by French wireless a message that there can be no modification of the conditions of the armistice, including the annexes, at this time.

It is added that a supplementary period of 24 hours for the evacuation of Belgium, Luxembourg and Alsace-Lorraine has been added to the 14 days stipulated in the original text, so as to permit the text to reach German headquarters at the desired time.

Paris, Nov. 13.—(Havas)—The German delegates to the armistice negotiations have issued a statement asserting that a brief delay in the evacuation of occupied territory and delivering of rolling stock is indispensable. They declare that they will withdraw the troops and deliver the rolling stock immediately would render the execution of the armistice impossible.

Wilson Promises Food. Washington, Nov. 13.—President Wilson has sent a reassuring message to the people of Germany in reply to the appeal from Chancellor Ebert. He promises to aid Germany in the matter of food supplies and in relieving distressing want.

The reply was sent today by Secretary Lansing through Minister Sulzer of Switzerland, who delivered yesterday Ebert's request for intervention by the president to mitigate the "fearful conditions" threatened through enforcement of the armistice terms.

It says steps are to be taken at once to organize relief work in the same systematic manner in which it was carried out in Belgium, but that the president desires to be assured that public order will be maintained in Germany, and that an equitable distribution of food can be clearly guaranteed.

France Ready To Aid. Paris, Monday, Nov. 11.—Premier Clemenceau, in concluding his speech in the Chamber of Deputies today on the armistice terms, said: "Germany has waited until the last minute and when she was exhausted, she has been obliged to accept capitulation. In the first hour we must come to her aid. We do not make war against humanity, but for humanity."

Calmness Urged. Paris, Nov. 13.—(Havas)—The German command has asked the French government by wireless to request the population of Alsace-Lorraine to remain calm during the German retreat. The message adds that the population is hostile toward the German troops.

LOCAL DONATIONS TO WAR WORKERS' NEAR HALF MADE; LAG OVER NATION

Division in Which This City Located Subscribes Liberally in Campaign to Aid Soldiers.

Figures received by the officials in charge of the united war work drive in Omaha over the different divisions over the country show that the central division, of which Omaha is a part, is leading in the amount raised so far.

Michigan was the first state to be officially reported over the top, with a total of \$3,340,000.

At noon Wednesday the sum of \$196,000 had been donated to the fund in Omaha. The minimum quota for this city is \$325,000, with at least 50 per cent additional.

Committees and individuals in charge of the drive, which is in progress this week, have been asked to redouble their efforts to put Omaha over the top in the shortest possible time.

Give Two Days' Pay. "Give two days' pay," was the weird cry which came from unseen forces at work in the War drive. It was truly weird and made one feel creepy. The voice emitting the words could not be located by anyone in the crowd in front of the court house last night, but many of them obeyed the command.

Miss Edna von Lube, comedienne, gave a short sketch and sold her bouffant cap at auction. During her auctioneering she became so excited that she walked off the end of the platform and fell into the arms of F. J. Lawrence, 2558 Spalding avenue.

Miss Alexandra Carlisle made a brilliant talk on the reason for the War drive.

City firemen, in an exhibition, scaled the Patterson building, Seventeenth and Farnam, and as they arrived at the top held up the banners with the letters of the seven institutions for which the War drive is being made.

Petain Urges Troops to Be Dignified in Attitude of Victors

Paris, Nov. 13.—(Havas)—General Petain, commander of the French armies, has addressed an order of the day to his troops, exhorting the tenacity and energy shown during four years by France, "which had to vanquish the foe, in order not to die."

He asked the soldiers who will occupy German territory not to permit their resentment over German violence in France to lead them astray, and to respect persons and property.

"After having beaten the adversary by arms," the general continues, "you will impose upon him the dignity of your attitude and the world will wonder what to admire more, your conduct in success or your heroism in battle."

The order concludes by exhorting the soldier dead and with a salutation to the bereaved fathers, mothers, widows and orphans.

FORMER KAISER MAY GO TO HIS VILLA IN CORFU

William Hohenzollern Said to Be Desirous of Living Permanently on Mediterranean Isle.

London, Nov. 13.—The deposed German emperor probably will remain only a short time at the castle of Ammerongen, in Holland, according to well informed Dutch circles.

The correspondent at Amsterdam of the Daily Mail says it is believed that if the necessary arrangements can be made the former emperor will reside permanently in the villa of Achilleon, on the island of Corfu.

The villa Achilleon on the island of Corfu, which lies off the southwestern coast of Albania, was acquired by the former German emperor in 1907 after the death of Empress Elizabeth of Austria, for whom it was built in 1890. So far as is known the villa of Achilleon, which has been the headquarters of the Serbians, still is under occupation by the allies.

Explains His Flight. A published statement, which the former German emperor wishes to be regarded as his reason for going to Holland, says that the journey was not a flight, according to an Amsterdam dispatch to the Daily Telegraph. His departure from Germany was actuated by a desire to facilitate the work of the new government by ridding them of any embarrassment his presence in Germany might cause, such as an attempt to make him the center of a royalist agitation.

A dispatch to the Daily Mail from Maarn, Holland, says that among those who accompanied the former German emperor to the castle of Ammerongen were Generals Von Plessen, Von Gontard, Von Frankenberg, Von Lintoff and Von Grjman.

After the arrival of the party, General Omnen, of the Dutch army, asked all the members to give parole.

Takes Walk; Goes Motoring. London, Nov. 13.—A dispatch to the Central News from Amsterdam says William Hohenzollern, the former German emperor, took a walk this morning, accompanied by officers. Later he went motoring, followed by a car containing Dutch officials.

The correspondent says the emperor appears to have resigned himself to his new life.

Two enormous motor lorries arrived today with the Hohenzollern baggage, which consisted of a large number of trunks and cases.

Contributions at Noon Yesterday \$45,613,639; Country Must Speed Up to Reach Total Desired.

New York, Nov. 13.—Contributions by the entire country to the United War Work campaign up to noon today totalled \$45,613,639, according to a statement at national headquarters here tonight.

It was pointed out by Dr. John R. Mott, director general of the campaign, that with five working days left, the country must give at the rate of \$40,000,000 a day to reach the 50 per cent oversubscription sought by the seven organizations for welfare work.

New York in Lead. Although officials at national headquarters expressed some solicitude at the showing of the country as a whole thus far, the day's news was cheering, they said. Three states have attained their quotas and are now striving for the desired surplus.

New York state has far outstripped all the others. The total reported at noon, including New York City, was \$13,951,393 and at the end of the day the city's contributions had reached \$12,831,275, with reports lacking from other sections of the state.

Michigan had pledged its full allotment of \$5,340,000 from its "war chests" and is working for a 150 per cent oversubscription. Delaware with a quota of \$477,400 reported subscriptions totaling \$500,000 and New Mexico reported its quota of \$154,000 already passed. Indiana and Georgia has raised \$3,050,516 and \$752,652 of their respective quotas of \$4,050,000 and of \$931,950.

One for \$5,000,000. The largest single subscription for the day was \$5,000,000 given by the Rockefeller foundation. The Western Union Telegraph company contributed \$150,000 in addition to pledges from all its officers and employees in this city.

It was announced that 7,000 employees of the Steamship Building corporation had pledged one full day's pay each, making a total of about \$55,000.

Robbers Stage Bold Holdup of Pool Hall As in Days of Yore

As in the "good old days" two men entered the pool hall of Bill Lickert, 601 Cedar street, and robbed the till of about \$30 cash. Upon entering they fired a shot in order to make it seem like they were the original "James boys."

The bullet glanced and struck a lad, Otto Olson, an innocent bystander, in the neck. The police were notified and rushed out to the scene of the holdup but the robbers were not in evidence so returned to the more quiet life at the station.

Casualties of American Forces in War Estimated Not to Exceed 100,000

Washington, Nov. 13.—Officials here estimate that the total casualties of the American Expeditionary Forces in the war will not exceed 100,000, including the men killed in action, wounded, died of wounds, disease and accidents and the missing who never will be accounted for.

Some of those who have been missing probably will be accounted for when the prisoners are returned from Germany.

It was said today that it probably will be several weeks before the report of casualties can be completed. It is regarded as almost certain that many of the casualties in the recent heavy fighting by the First and Second armies have not yet been reported. Lists also must be compiled of unreported American casualties in British and French hospitals, especially from among the United States forces brigaded with allied units. Deaths from wounds also probably will be reported for

Under the resolution the extradition of the rulers would be requested, no matter in what country they have taken refuge.

GERMAN ARMY MOVING SLOWLY ON WHOLE FRONT

Efforts to Fraternize With Americans Stopped by Threats to Hold Visitors as Prisoners.

BULLETIN. Amsterdam, Nov. 13.—Long trains crowded with German soldiers, who left the front on their own initiative, have arrived in Hanover and at cities in Westphalia, according to dispatches to the Handelsblad.

By Associated Press. With the American Armies on the Meuse and Moselle, Nov. 13.—Germany's army was moving slowly along its whole front toward the rear today.

The American forces remain exactly where they were when the armistice went into effect.

So far as known at the American army headquarters no disposition has been displayed to block at any point that part of the agreement providing for the withdrawal of the German troops. It is realized that the reversing of the gears of the great broken German machine will not be simple.

There would have been no surprise among the American officers had the German front remained almost unchanged, but already there appears to have been left in front of the Americans little more than a firing squad of soldiers. In some places even that line has been withdrawn so far that the army men on this side do not know its location.

The Germans reluctantly abandoned their efforts to continue to (Continued on Page Two, Column Two.)
