Released Prisoners Tell of Terrible Conditions; Say Austria May Become Another Russia.

Italian Headquarters, Nov. 14.—(By Associated Press.)—G. D. McLeod of Montreal, an aviator, and C. O. Young of Des Moines, Ia., imprisoned by the Austrians during the Italian campaign, have reached the Italian lines. They bring direct news of conditions in the interior of Austria, having traveled from Salzburg, near Vienna, after being liberated.

"Horrible food conditions prevail in Austria," said McLeod yesterday. "It is quite possible that 1,000,000 persons will die there this winter from lack of food, weakness and disease. The country is quiet now, but another Russia may grow out of the situation as soon as the troops returning from the front discover that the end of the war has not brought relief."

"Scenes along the railways are like those on the battlefield. We saw bodies scattered here and there as a result of men crowding on the tops of trains and being swept off by tunnels. There were all bodies of wounded men, who had been taken from Red Cross cars and left to die. Terrible sanitary conditions prevail in little towns filled with returning soldiers."

"What Austria needs is food. That the other prisoners and I are alive is because of food received from outside of Austria. For three days a friend and I had between us only a little bread. It was about as big as a man's hand. Five hundred newly-arrived Serbian troops are keeping order at Laidbach."

## CROSS-EYES Can Be Cured!

Ophthalmology has perfected the treatment of cross-eyes, so the eyes become straight and hold this natural position.

## HARDLY HAD WELL DAY FOR SIXTEEN YEARS, SHE STATES

Mrs. Tilse Now Feels as Well as She Ever Did in Her Life—Praises Tanlac.

"It's a positive fact that I had scarcely been well for sixteen years till I started on Tanlac, and it has certainly fixed me up as strong and well as I ever was in my life," said Mrs. John Tilse, of 1258 South Fifteenth street, Omaha, the other day.

"The trouble that had been dragging me down all these years," she continued, "came from a disordered stomach and what the doctors called, gastric indigestion. I had no appetite and what little I did manage to force down would sour and bloat me up with gas that pressed so on my heart that I was afraid to sleep to death. My arms ached so with rheumatism that I could hardly sleep, and at times my knees would pain me and get so stiff that it was hard for me to walk. I was subject to spells of dizziness, when I would almost fall and just couldn't move about the room without holding on to something. Many a time my head would ache so terribly that I would scream with pain and my neighbors would become alarmed and would run over to see what was the matter. I doctored myself for years and took all kinds of medicines, but nothing did a bit of good till I started on Tanlac."

"I read so much in the papers about Tanlac that I finally decided to try it next and, positively, I began to improve almost from my first dose. I have taken several bottles since and it has given me such a splendid appetite and toned up my stomach so I can eat all I want and nothing hurts me at all. I digest everything I eat and never have any trouble with gas forming in my stomach. Those dizzy spells have passed off and I never have a headache now. That rheumatism is entirely gone from my limbs and I can get around as well as anybody my age. I owe my restoration to health to nothing but Tanlac and feel so grateful for what it has done for me that I am praising it all the time."

Tanlac is sold in Omaha by all Sherman & McConnell Drug Company's stores. Harvard Pharmacy and West End Pharmacy under the personal direction of a special Tanlac representative. Also Forrest and Meany Drug Company in South Omaha and the leading druggist in each city and town throughout the state of Nebraska.—Adv.
