

CANDIDATES IN ELECTION TELL THEIR EXPENSES

Gov. Neville Spent \$1,089 in Vain Effort to Land Re-election; What Others "Blew In."

From a Staff Correspondent.
Lincoln, Nov. 14.—(Special)—Candidates for office, both successful and otherwise, have filed their expense accounts with the secretary of state and are shown to be as follows:

E. P. Mumford, democrat, candidate for state auditor, \$568.70, of which \$100 was paid to the democratic state committee.

Governor Neville paid \$1,089, of which \$250 went to the state committee, although he does not say whether he sent against the Dan Stephens buzz wagon, spent \$20.50, and was elected to represent the Third Congressional district in congress for the next 40 years, more or less.

Congressman Kinikind blew in \$414 showing Charlie Pool how much fun he could have running for congress in a district in which it was really not necessary to hold an election.

Congressman Reavis, republican, also ran for re-election in the First district and of course, was elected. He spent \$654.71.

W. H. Smith, state auditor, spent \$657.44, but the landslide was too much for him, consequently he won't represent the Fourth district in congress as a democrat.

Charlie Pool, after going up against the Kinikind buzz-saw, came back to earth and files a statement with himself—that he spent \$331.23 hunting for Moses in the bullrushes and potash lakes of the Sixth congressional district.

Influenza Ban is Lifted in Beatrice Wednesday

Beatrice, Neb., Nov. 14.—(Special)—Work can be resumed at the new consolidated schools at Filley and Virginia, this county, which was stopped some weeks ago by the war board. The two school buildings will cost approximately \$100,000.

Kenneth Collier, aged 18 years, and son of Mr. and Mrs. Charles Collier of South Beatrice, died yesterday afternoon of the influenza.

Funeral services for the late J. W. Burgess, treasurer of the Dempster Mill Manufacturing company, who died in Omaha Tuesday evening, were held Thursday. The remains were taken to Dundee, Ill., for interment. Out of respect for the memory of the deceased the Dempster was closed all day Thursday.

Frank Carlin Denied Award for Son's Death

Lincoln, Neb., Nov. 14.—(Special)—Compensation has been denied Frank Carlin and wife in a case in which action was brought against the McGraw company of Omaha for the death of a son 14 years of age. Compensation Commissioner Norman holds that as the lad represented himself to be 16 years of age and for other requirements necessary, which were neglected, the parents cannot receive compensation for his death.

Gust Larson receives \$8 a week from the Globe Industrial company, for a period running from December 31, 1917, to such time as he is able to work again, not to exceed 300 weeks. Larson has received \$12 a week for a period of three months.

Daughter of Fremont Man Elected to Legislature

Fremont, Neb., Nov. 14.—(Special)—Mrs. Gould Blakely of Salt Lake City, daughter of J. S. Wilkins of Fremont, was one of three women elected to the state legislature of Utah on the democratic ticket last week. Mrs. Blakely has been prominent in club and social circles in the Utah capital for several years.

IS YOUR FAMILY FREE FROM COLDS?

Coughs and Colds don't linger when Dr. King's New Discovery is used.

You owe it to your family—to yourself—to keep this standard remedy in your medicine cabinet.

For almost three generations it has been the first-choice cold and cough relief of millions of people, young and old.

Helps to break quick relief—loosen chest—stiffness, reduce fever, soothe irritated throats, check coughing.

Sold by druggists everywhere. 60c and \$1.20.

Diszy? Bilious? Constipated? Don't permit yourself to become constipated, as your system immediately begins to absorb poison from the backed-up waste matter. Use Dr. King's New Life Pills and keep well. Try them. All druggists. 25c.—Adv.

Spalding Man Gives Life in Charge on Battlefield

The parents of Thomas Samuel Kinnies of Spalding, Neb., who was for three years a student at Bellevue college, active in all college affairs, president of the Y. M. C. A., member of the Debating club, basketball and football star and Bellevue's all-state center in 1916, were notified by the adjutant general that their son had been killed in action September 12, 1918. His name appeared in Tuesday's papers among the casualty list.

Kinnies was born near Spalding in Greeley county, Neb., August 29, 1892; attended public school and graduated from the Primrose high school; attended Bellevue college for three years and worked at all times when not in school on the farms of his father.

He entered the service September 18, 1917, took three months' training at Camp Funston and while there was promoted to corporal.

Company H of the 355th infantry, 89th division, to which he belonged, left Camp Funston in May, 1918, for Camp Mills, Long Island; from there they moved to England, thence to France in June. After a short period of training overseas the division moved to the front.

In going over the top to clear a wooded section a shell burst and killed him on September 12. His comrades write: "He was as brave as a lion and a mighty clean young man. After the mortal blow he got up, gave the command to go forward, saying, 'Never mind me, I'll be all right.'"

His comrades buried him.

Numerous letters of sympathy have been received by his parents, Mr. and Mrs. James Kinnies, who live near Primrose, Neb., and all bear testimony to his splendid Christian character. Kinnies had chances to take work under the adjutant of the regiment but chose to remain with the boys.

U. S. MUST GUARD PRODUCTION OF ANIMAL FOODS

Shortage of Cattle Threatens to Hamper Work of Feeding World, Says Dean Hoskins.

New York, Nov. 14.—A warning that the animal industry of this country must be safeguarded if the United States is to supply its own wants and also feed war-devastated Europe for the next year or more, was given here today by Dean William Horace Hoskins, of the New York veterinary college. The food problem calls for the zoning of the country with an animal engineer in charge of every zone, he declared, and zone abattoirs and rendering establishments should be established where unprofitable and sterile animals can be turned into food, leather, wool, fats and fertilizers, to save the waste of food on the farms.

Decrease in Cattle.
"In the last 15 years," Dean Hoskins declared, "the population of the country has increased 20 per cent, whereas in the same time there has been an actual decrease of 2 per cent in the number of beef cattle, which explains the high cost of beef, shoes and leather."

The loss sustained by the United States from infectious and contagious diseases among animals in the last year has amounted to \$250,000,000.

Federal, state and municipal governments, he asserted, will have to employ a larger veterinary service to reduce the tremendous preventable losses of livestock and to foster the increase of animals on the farms.

ROSE DEFEATS MARTIN IN RACE FOR JUDGESHIP

Emerges from Tight Contest With Margin of 635 Votes; Only One Democrat in Lancaster.

From a Staff Correspondent.
Lincoln, Neb., Nov. 14.—(Special)—Incomplete returns, but figures which will not be materially changed, indicate that Judge W. B. Rose has defeated Court Commissioner Grant Martin by approximately 635 votes, the vote standing Martin, 82,849; Rose, 83,484. Other successful candidates for the supreme bench are former Governor Aldrich and present Judge Lattou.

The soldier vote, it is not believed, will make any difference in the result.

In Lancaster county, County Clerk Sutherland, the only democrat to make even a showing, was 150 votes behind his republican opponent, Walter Minor, and made a gain in the soldier vote of about three to one over Minor, but not sufficient to put him over. Minor will have about 75 votes to the good, so that the only democrat elected in Lancaster county is Judge Whitmore, re-elected police judge of the city of Lincoln.

Two Fremont Men Enter the Red Cross Service

Fremont, Neb., Nov. 14.—(Special)—Prof. H. W. Munson, dean of election or Fremont college, left for Washington to enlist for Red Cross service overseas. Prof. Munson will go to France as an entertainer for convalescent soldiers in the military hospitals. N. W. Gains, another instructor in the college, has been accepted as an instructor in France and expects to leave soon.

Lutheran Synod to Meet in Fremont December 3 to 6

Fremont, Neb., Nov. 14.—(Special)—The annual convention of the Nebraska Lutheran synod will be held in Fremont December 3 to 6. Upwards of 100 ministers from all parts of the state will be in attendance. Dr. Yearian of Omaha is president.

Unskilled Laborers Still Needed by the U. S.

Lincoln, Neb., Nov. 14.—(Special)—Labor Commissioner George Norman has received a message from the government that his department must continue recruiting unskilled labor, but not to take from non-essential class unless they volunteer.

English Want to Erect Statue for the President

London, Nov. 14.—The newly formed Anglo-American society, of which the Duke of Connaught is president, has decided to ask President Wilson to honor the society by allowing it to erect his statue in London simultaneously with the statues of Washington and Lincoln, which have already been offered by the United States. The statue of the president, if erected, will be made by a distinguished sculptor. The resolution passed by the society stated that the statue would be a "memorial to President Wilson's distinguished services to humanity in the time of the great war."

Tribute to America.

Paris, Nov. 14.—The army committee of the Chamber of Deputies today adopted the addition that was disjuncted yesterday from the resolution of homage to the French armies, Marshal Foch and Premier Clemenceau, in the following form of introduction later in the chamber: "President Wilson and the American nation and the allied nations and the chiefs of state at their heads have deserved well of humanity."

OMAHA'S U.W.W. TOTAL \$268,000 THURSDAY NOON

City Hits Stride That Has Put It Over Top in Every War Campaign; Otoo Leads Counties.

Omaha has hit the stride that has so often spelled "success" in raising war contributions and up to noon Thursday had given \$268,000 in actual donations, with many pledges yet unreturned, in the great United War Work campaign that is in progress this week.

Otoo County Leads.
On the returns thus far made to the state headquarters in Omaha, Otoo county leads with a total subscription of \$40,000, a great deal more than the original quota for that county but short on the latest quota, which added 50 per cent on all quotas throughout the county. Other counties reporting, in part, are: Antelope, with contributions thus far of \$7,866, but reporting that "we are only starting"; Dawes, \$12,000; Garfield, \$1,280; Harlan, \$4,215; Platte, \$10,032; Sioux, \$5,000, and Sheridan, \$1,500. These are just "feelers," the majority of the counties report, and all add: "We are going over our full quota and it will not take us long to do it."

Claxton Wants Gettysburg Speech Read in the Schools

Washington, Nov. 14.—Commissioner P. P. Claxton of the bureau of education has suggested to President Wilson that since the war, which the United States entered to uphold democracy, has just ended with victory for freedom, it will be particularly fitting to have Lincoln's Gettysburg address read in all public schools Tuesday, November 19, the 55th anniversary of the decisive battle of the civil war. Mr. Claxton asked also that at the same time President Wilson's address to congress November 11 announcing the signing of the armistice with Germany, be read.

To Leave Cabinet.

London, Nov. 14.—The British labor party at a conference today decided by a large majority to withdraw its members from the cabinet at the close of the present Parliament, which is expected to take place shortly.

Relief comes instantly. A dose taken every two hours until three doses are taken will end gripe misery and break up a severe cold either in the head, chest, body or limbs.

Break a Cold in Few Hours

First dose of "Pape's Cold Compound" relieves the cold and gripe misery—Don't stay stuffed up!

Gold on Your Chest Is a Warning of Influenza

Whatever You Take Internally, a Local Application is Necessary—Use "Ulypto Ointment."

Presbyterians Plan Union of Protestant Churches of America

New York, Nov. 14.—Representatives of nine protestant denominations have accepted an invitation of the Presbyterian church in the United States of America to meet in Philadelphia December 3 to 6, to consider a proposal of the Presbyterian general assembly for "organic union of the evangelical churches in America," it was announced here tonight.

The plan presented for discussion calls for an interdenominational council to work out a plan for making "one federal church out of all these denominations."

The denominations which will be represented at the conference are the Presbyterian church in the United States of America, Protestant Episcopal church in the United States, Reformed church in the United States, United Presbyterian church of North America, Methodist Episcopal church, Congregational churches, Disciples of Christ, Evangelical Synod of North America and Moravian church in America.

Censorship Withdrawn.

Washington, Nov. 14.—Withdrawal of all volunteer censorship requests under which American publishers have been working since the United States went to war was announced today by George Creel, chairman of the committee on public information, after conference with Secretaries Baker and Daniels.

FOOD BOSSES OF EACH COUNTY TO MEET HERE SOON

Administrator Wattles Calls Meeting of Food Heads of State to Discuss After-the-War Problems.

County food administrators of Nebraska have been called to meet in Omaha on November 21, by Governor W. Wattles, federal food administrator for Nebraska.

The meetings will be held in Hotel Fontenelle, beginning in the afternoon at 2 p. m.

The purpose of the meeting is to acquaint the state officials with the new conservation plans and also to advise them with regard to the future status of the food administration.

Administrator Wattles will return from Washington the first of the week, where he has been in conference with United States Administrator Hoover.

One of the activities which the food administrators will be instructed on will be the big conservation drive which will be held the first week of December. Extensive plans are being made to carry the new message to the people of the state.

"Conservation must be continued," writes Mr. Wattles. "We must meet new demands, developed because of the rather unexpected ending of the former German emperor while he remained in Holland. However, the newspaper adds, as Holland itself fears the coming days, it was found desirable that William Hohenzollern should live as a private individual."

Soldier Vote Leaves W. J. Broatch Ahead of Tanner

The official vote of Douglas county, plus the soldier vote thus far received by the secretary of state, places W. J. Broatch nine ahead of J. M. Tanner in the Douglas county state senatorial contest. The figures: Broatch, 10,337; Tanner, 10,328.

Broatch continues to hold his place as fifth of the five republican state senators elected from this county. The remaining soldier votes to be received by the secretary of state will be from overseas and it is believed that there will be only a few.

Queen Thinks William Should Live Privately While in Holland

Copenhagen, Nov. 14.—Queen Wilhelmina of Holland, according to the Frankfurt Gazette, wished to extend hospitality to the former German emperor while he remained in Holland. However, the newspaper adds, as Holland itself fears the coming days, it was found desirable that William Hohenzollern should live as a private individual.

UNCLE SAM TO DEAL FAIRLY IN WAR CONTRACTS

Colonel Grant Says Government is to Protect Manufacturers from Panic Conditions.

Col. F. A. Grant, commanding officer of the Omaha quartermaster corps, returned Wednesday night from Washington, where he has been attending a conference of war heads.

"The government has mapped out a policy to protect the manufacturers from 'panicky' conditions which might result from the sudden ceasing of hostilities and the quick change in the nation's war program," declared Colonel Grant.

"The government plans to deal fairly and squarely with all manufacturers who have been making war materials to fill federal contracts. The government will not withdraw its orders for goods suddenly and will do all in its power to stand by the manufacturers until new after-the-war channels of trade have opened up."

The Omaha quartermaster corps alone has been purchasing army supplies worth several millions of dollars every month.
