Waste of \$1,250,000 by Company Heads is Charged in Court

New York, Nov. 15.—Alleging that more than \$1,250,000 of the funds of the Aetna Explosive company, Inc., had been paid to E. M. Bassick, a former Bridgeport, Conn., manufacturer, for "services which any clerk could have performed," receivers of the corporation today brought an equity suit against Arthur J. Moxham, former president, and Ferdinand L. Bell, former treasurer of the company. Bassick was engaged by Moxham, it is alleged, to close contracts with the French government on a 10 per cent commission, which eventually would have netted him \$4,000,000.

The receivers, former Gov. Benjamin B. Odell and George C. Holt, asked the court to ascertain the damage sustained by the corporation by reason of the alleged "negligent, improper and unauthorized acts of the defendants and to compel them to repay all moneys which they have lost, squandered, wasted or misappropriated."

Russia is to Be Opened by Way of Odessa Port

London, Nov. 15.—Commenting on the arrival at Constantinople of allied squadrons, the London newspapers forecast the speedy opening up of Russia through Odessa and other Black sea ports and predict a betterment of conditions at Petrograd shortly through the forthcoming opening of the Baltic to the entente.

"The way into the Black sea is clear and great results must follow quickly," the appearance of the allied fleets off the Golden Horn," says the Times. "By opening up the Roumanian coast and the mouth of the Danube the allies will complete the task of the liberation of Roumania, though in effect Roumania is free already and its German garrison under General von Mackensen is seeking a pathway home."

Shipbuilding is to Proceed, but Designs to Be Changed

Washington, Nov. 15.—Shipbuilding in this country is to be continued steadily, but the program of the shipping board, based on war needs, will be revised and designs for ships will be changed with reference to economical cost of operation, Chairman Hurley said today, outlining the board's peace-time plans.

Kearney, N. J., Nov. 14.—Announcement was made today that the Foundation company shipyards here will be closed Saturday after the launching of the Acroma, the 10th and last wooden cargo carrier the company contracted to build for the Emergency Fleet corporation. Of the 6,000 employees 5,000 already have been transferred to other yards.

Villa Within Ten Miles of Border and Reported Ill

Presidio, Tex., Nov. 15.—Irregular Mexican troops crossed to the American side near Presidio today and drove off to the Mexican side several head of stock belonging to an American rancher of Presidio. The Mexicans were believed to be soldiers of the Ojinaga garrison. Villa is reported to be at Tres Luces, within 10 miles of the border, and is said to be ill.

REAVIS TELLS EXPERIENCES TO BIBLE STUDENTS

Congressman Addresses Men at the First Presbyterian Church in "Get Together" Banquet.

One hundred and fifty men sat down to a "get together banquet" of the Business Men's Bible class at the First Presbyterian church last night. This is one of the largest classes of its kind in the city. Its president, H. R. Bowen, made a short talk, telling the object of the dinner, and he then introduced John L. Kennedy, who presided.

N. H. Loomis made a short talk, emphasizing the need of co-operation and as conscientious work in a Bible class as in every day business. Congressman Reavis of the First district, was the principal speaker of the evening. He told of what he saw on his trip to France during July and August of this year.

Sails Without Convoy

Mr. Reavis sailed on a French liner without convoy. He returned on a transport which had lookouts on every deck every 15 feet. He told of his feelings when under shell fire and related a meeting with Colonel Hayward, formerly of Nebraska, now in command of a regiment of colored troops. He brought back messages from 2,000 Nebraskans and 1,500 other boys to their mothers and he declared that these women, devoted and sacrificing for the sake of the country, should have a larger voice in its affairs.

Knew It Couldn't Last

"What I saw of our armies and the armies of our allies at the front proved to me beyond a doubt that the days of Germany's reign of terror are numbered," he said. "Against such splendid troops, such perfect unity of command even the great German war machine could not long stand. Events have proved that."

Mr. Reavis visited here at the home of his brother, B. I. Reavis. He expects to return to Washington within a few days, as soon as Mrs. Reavis has recovered from the effects of a slight operation.

Serbia and Croatia Included in Plans for Union of Slavs

Washington, Nov. 15.—Complete agreement as to the union of the Jugo-Slav provinces of Austria with the kingdom of Serbia has been reached by Premier Pachitch, of Serbia, and the delegates of the National council of Agram as representative of the Serbs, Croats and Slovenes of the Austro-Hungarian empire, according to an official dispatch received here. The conference was held in Geneva November 7. At the request of the delegates from Agram, Premier Pachitch agreed to present the Serbian and allied governments the proposal that the national council of Agram be recognized as the supreme power of the newly constituted state composed of parts of the Austro-Hungarian monarchy until the formalities of the final union with Serbia can be carried out.

Jugo-Slav State

New York, Nov. 15.—Denying a Swiss report that the Croats wished to join Austria, Bogumil Vosnjak, a member of the Jugo-Slav national committee, declared today that the United States of Serbs, Croats and Slovenes will soon be established and will seek ratification by the peace conference of plans for a single Jugo-Slav state. Authority for this statement, he said, was contained in an official report from the Serbian legation in Paris.

The Jugo-Slav national council, with headquarters at Agram, capital of the former Hungarian province of Croatia-Slovenia, has urged the Serbian, French, British, Italian and American governments that it be recognized as the supreme power of the newly constituted state, according to Mr. Vosnjak. It is proposed to include in the new nation, he added, not only the Croatian and Slavonian provinces of the former Austro-Hungarian empire, but also Serbia and Montenegro.

Million Dollars Made in Endless Chain Sales Swindle, is Allegation

San Francisco, Nov. 15.—Ratification of an alleged "endless chain" sales swindle through which, it is charged, 9,000 agents scattered throughout the United States were victimized in the sum of more than \$1,000,000, was revealed here today with the arraignment of Mrs. Ethel J. Cayce, arrested under a secret indictment returned in Los Angeles in 1916, charging use of the mails to defraud.

Edwin R. Crocker, also under indictment in Los Angeles, together with his brother, Harry L. Crocker, and Frederick W. Sterling, of Oakland, was arrested in Los Angeles last night.

Stewart is Shot by Some Person Not Identified

An inquest held by the county attorney into the death of Frank Stewart resulted in a verdict that the deceased was shot by a person whose identity has not been learned. Stewart was a colored man residing at Twenty-first and Nicholas streets. His wife testified that before he died he had \$300 in cash.
