

“MADE IN OMAHA”

No industry in the city has contributed as much to the advancement and settling up of this community as has the Union Stock Yards at Omaha. Nearly thirty-five years ago a few of Nebraska's best citizens got together and organized the Union Stock Yards Co. No single enterprise has enjoyed the remarkable growth that this organization has experienced.

This market today stands second in the WORLD, and as a direct result of the establishing of a live stock market at Omaha, the principal packers of the world built plants at this point that have made the name of Omaha famous as a packing center.

Citizens of Omaha should remember these facts when entertaining visitors or traveling in other sections of the country and never overlook an opportunity to boost for the Omaha Live Stock Market. Here you have the greatest collection of live stock salesmen and buyers in the country. Here you will find better facilities for proper handling of all classes of live stock than at any other market. Here you have a larger demand for feeder stock than anywhere in the world. Do not hesitate

to bring these facts before the public by boosting for the industry that represents Nebraska's greatest commercial asset.

Over \$28,000,000.00 are invested in Stock Yards and packing houses at Omaha—more than 15,000 people are employed, the annual payroll being more than \$15,000,000.00; 60,000 cars of Fresh Meat and Packing House Products are shipped annually by ten packers located here, the value of which is over \$200,000,000.00.
