### President Sets Day for All to Join in Giving Thanks Washington, Nov. 17 .- President Wilson, in a procla-

FOR FOODSTUFFS mation today, designated Thursday, November 28, as Thanksgiving day and said this year the American people have special and moving cause to be grateful and rejoice. Complete victory, he said, has brought not only peace, but the confident promise of a new day as well, in which "Justice shall replace force and jealous intrigue among the nations."

The proclamation follows:

It has long been our custom to turn in the autumn of the year in praise and thanksgiving to Almighty God for His many blessings and mercies to us as a nation. This year we have special and moving cause to be grateful and to rejoice. God has in His good pleasure given us peace. It has not come as a mere cessation of arms, a mere relief from the strain and tragedy of war. It has come as a great triumph of right. Complete victory has brought us, not peace alone, but the confident promise of a new day as well, in which justice shall replace force and jealous intrigue among the nations. Our gallant armies have participated in a triumph which is not marred or stained by another purpose of selfish aggression. In a righteous cause they have won immortal glory and have nobly served their nation in serving mankind. God has indeed been gracious. We have cause for such rejoicing as revives and strengthens in us all the best traditions of our national history. A new day shines about us, in which our hearts take new courage and look forward with new hope to new and greater duties.

While we render thanks for these things, let us not forget to seek the Divine guidance in the performance of those duties, and Divine mercy and forgiveness for all errors of act or purpose, and pray that in all that we do we shall strengthen the ties of friendship and mutual respect upon which we must assist to build the new structure of peace and good will among the nations;

I, Woodrow Wilson, president of the United States of America, do hereby designate Thursday, the twentyeighth day of November, next, as a day of thanksgiving and prayer, and invite the people throughout the land to cease upon that day from their ordinary occupations and in their several homes and places of worship to render thanks to God, the ruler of nations.

In witness whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.

Done in the District of Columbia this sixteenth day of November, in the year of our Lord, one thousand, nine hundred and eighteen, and of the independence of the United States of America the one hundred and

# PERSHING'S FORCES OCCUPY TERRITORY LEFT BY GERMANS

Soldiers Start Blithely for New Adventure, Many of Them Newly Uniformed and All "Rolished" as Though for Inspection; Troops Advance Not in Line of Battle, But in Columns.

By Associated Press.

Paris, Nov. 17 .- (8:55 P. M.) - The American Third army has been designated as "The Army of Occupation." It will be under the immediate direction of General Pershing, the commander-in-chief, who will be in command of the American positions in occupied territories.

The Third army will consist of the First, Second, Third, Fourth, Fifth, Twenty-sixth, Thirty-second, Forty-second, Eighty-ninth and Nintieth divisions, which, divided among the Third and Fourth corps, will consist for the present of about 250,000 men. It will be commanded by Major General Dickman.

With the American Army in France, Nov. 17 .- General Pershing's forces moved forward early today in territory just abandoned by the German troops. On the old line between Mouzon and Thiancourt, lying from the region of Sedan to the south of Metz, the troops had been stationed to await orders for the advance and at 5:30 o'clock this morning the patrols marched out, not in line of battle, but in columns along the high roads which are only slightly impaired.

When Its "Life Artery" Was Cut by Capture of Sedan.
