Path Opened Into Russia.

Washington, Nov. 20.—Overthrow the bolshevik regime in the Ukraine and the capture of Kiev by Cossack troops friendly to the all-Russian government, as reported today from Copenhagen, opens the way in the opinion of officials here important developments in

While no change in policy, either political or military, has been made by the United States, it is realized here that the holding of the Ukraine by forces friendly to the associated governments and decidedly hostile to the bolsheviki opens a path directly into the heart of Russia, either for the dispatch of troops or of supplies for the relief of the demoralized civilian popu-

Possibilities that the bolshevik leaders may flee Russia after accumulating larger amounts of loot have been touched upon in recent dispatches, but have been discounted here largely because no haven for them appears available. Switzerland has forcibly ejected their representatives, Holland has declared they are not wanted there and even Germany now is not ex-pected to tolerate them within its

Despite the resistance they are offering in the north, it is believed in some quarters here that the strength of the bolsheviki is waning. With the Cossacks holding the Ukraine; with the military and political forces of the Omsk government working west and with the American and allied forces pushing south, some officials consider the position of the disturbers of Russia- peace has become serious. However, no immediate collapse of the bolshevik regime is believed immi-

The deliberation are expected to of the chateau of Versailles on e

occupied by Marie Antoinette. The priceless tapestries and furniture, removed to a place of safety during the course of hostilities, are now being replaced. The gardens are being restored and the camouflage covering on the statues and fountains removed.

The waters of the Grand canal, which also had been camouflaged in order to avert airplane raids, are being restored to their natural con-"The Hall of Mirrors," where William I. proclaimed the German empire and where the peace treaty doubtless will be signed, is one of the first places to be made ready to receive the plenipotentiaries. M. De Nolhac, conservator of the palace, is in charge of the preparations.

It is a general belief that the countries to be represented will include all which declared war against the central powers and those states which were formed as a result of the war, the Czecho-Slovaks and Jugo-

Two Treaties Forecast.

These are among the practical details likely to be adjusted before the session's are opened. After the adjustment among the allies, it is probable that the representatives of the central powers will be called in for the arrangement of preliminaries. It is expected that all the central powers will be represent d. for while armistices were separately signed with Germany, Austria, Bulgaria and Turkey, it is not anticipated that separate congresses will be necessary.

It is believed the conclusions will be embodied in two treaties, the first one to be concluded early, covering the essentials, and the second covafter a more thorough discussion.
