

HIGHWAYS BIG COG POST-WAR FOOD MACHINE

Shipping Board Chairman, the Food Heads and Others All Endorse Highways Transport.

Urgent need for development and maintenance of the nation's highways as an important cog in the distribution machine which must bear the burden of a world's cry for food and supplies is set forth in a letter from Chairman Hurley of the U. S. shipping board and a statement from the highways transport committee of the Council of National Defense.

"The highways transport service is the first step in the great system of transportation to the sea and then on the merchant marine to the far points of the world," said Chairman Hurley.

In its report of a conference of its 11 regional chairmen the highways transport committee stated:

"Recognition of the highway's value as a transportation resource was evidenced by the appearance before the committee and its chairman of cabinet officers, members of the national railroad administration, the food administration, the war industries board, the national highways council, the electric railways war board, the army and the United States senate. President Wilson received the conferees at the White House on the conclusion of the sessions.

Pastor Who Married 4,000 Couples Tells About It in Booklet

"Marriage" is the title of an unusual booklet issued by Rev. Mr. Charles W. Savidge, pastor of the People's church of Omaha, who has performed 4,000 marriage ceremonies, and whose remarkable record for tying the marital knot is nationally known.

The booklet is a human document, containing many interesting facts about the author, his methods, much good advice, and will prove of real value to anyone contemplating matrimony.

In 1891 he established the People's church of Omaha. He founded the House of Hope, a home for aged people, here, in June, 1906. He has lived in Omaha 36 years.

Matrimonial Seas Are Too Rough for Three Men Who Ask Divorce

Three love-bereft husbands applied in district court Wednesday for decrees of divorce.

Jacob W. Wakenight charged his wife, Ida, with infidelity. He asked for a decree and custody of two minor children.

Alonzo F. Bates alleged that Vina Bates has been guilty of extreme cruelty and abandonment. They were married October 16, 1913.

Dwight Miller charges Jean Miller with seeking the company of other men. The Millers were married August 12, 1917.

Real American Sentiment in Columbia Christmas Records

War songs, heart songs, opera, and brilliant instrumental selections full of pep and sentiment comprise the big December offering of Columbia records. Merriment, melody, mirth—the three spirits of Christmas—feature the splendid list offered for the holidays.

"Memories of Christmas," by Prince's orchestra, in two parts, heads the list. Several selections of opera are included and any number of new war songs and melodies that hint of the old songs so close to the hearts of America that they are really h-m-m-s. And, also, there is the most beautiful children's Christmas record in the world—"The Joy of the Beautiful Pines." The list is one of the largest of the year.

Burns Blanket in the City Jail to Rid Self of Bugs

The city jail was threatened by fire Wednesday morning at 5 o'clock, when an inmate burned his blanket up in order to be rid of those "damned bugs, they won't let me sleep a minute."

The queer thing about this occurrence is the fact that although it was almost impossible to breathe in the cell room, not one of the prisoners made an outcry, and the fire was only discovered when the flames had penetrated to the outer office.

Outside the loss of the comforter there was no damage done.

Lutheran Church Bazaar to Be Held Thursday Night

The annual bazaar of Our Savior's Lutheran church will be held Thursday evening in the Swedish Auditorium, Fifteenth and Chicago streets. Tickets will entitle the holder to program and refreshments and the sale will be immediately after the program. Everyone is invited.

RED CROSS FAMILY REMEDIES

Many able Chemists and Doctors were called into service in perfecting this line of Red Cross Remedies.

This is an age of Specialists, and while one may have distinguished achievements in his credit in one particular line, another is excelling in something else. That very thing makes it possible for us to have a Red Cross Remedy for each ailment, and enables us to give the consumer more than one promise or charge for.

Each formulae is compounded with as much care and precision as if our entire success depended upon that one Remedy. That's why NEURONE repairs shattered nerves, and Red Cross STONE ROOT and BUCHU puts your kidneys in a normal and healthy condition.

Red Cross Remedies are not Patent Medicines. The formulae is printed on each carton in plain English, so that you know what they are composed of and what you are taking. More than one hundred Red Cross Remedies and Toilet Preparations are sold and guaranteed only by Melcher Drug Co., 4826 S. 24th St.; Emil Cermak, 1264 S. 13th St.; Hamilton Pharmacy, 24th and Hamilton; Adams-Haight Drug Co., Pickett-Loring Drug Co., Park and Farnam; Chas. H. Sprague, Elton's Pharmacy, 24th and Bristol Sts.; Jacobs-Lee Drug Store, 17th and Douglas; Fregger Drug Co., 16th and Grace Sts.—Adv.

Urges Peace Memorial for Court House Lawn Rather Than Cannon

L. B. McCou, has made a suggestion which he believes to be better than the idea promulgated by The Bee for a cannon to be brought from the battlefield of France and placed upon the court house lawn.

"Instead of a cannon we should erect on the court house lawn a memorial of peace. The cannon is a symbolical and reminder of war. War is a thing we are trying to forget. We fought this war in order to remove from the world those things which cause wars.

"By popular subscription I believe the city could raise a large sum and get the very best artists to work on a peace memorial which would be a magnificent thing for the city and would have a permanent influence toward bringing peace to the world perpetually."

Y. M. C. A. Chief in France Asks More Workers Abroad

E. Merle Adams, secretary of the Nebraska recruiting committee for war work secretaries, is in receipt of a letter from Earl B. Hubbell of Chicago, in which the latter submits a cable from E. C. Carter, chief secretary of the Y. M. C. A. in France, calling for more Y. M. C. A. workers.

Carter's cable indicates personnel needs for overseas work. The large army in France and ever changing conditions, he says, require 10,000 workers, while the present staff is only 4,000. He urges a nation-wide drive for Y. M. C. A. men and women to fill the gap to avoid disgrace and disaster.

Mr. Adams says that this appeal applies particularly to this locality, as Nebraska is short on its quota.

Three classes of men are desired. Men who can organize educational work, men who can direct recreational work and men to take charge of huts. There also is a need for mechanics.

"The demand is especially for men of big business or professional caliber and experience, with character and personality and with capacity for constructive leadership."

Ringer Says Policemen "Must Watch Their Step"

Police Commissioner Ringer says the policemen who are not doing their duty had better "watch their step." In a speech before the church federation Monday night, Ringer stated that some Omaha policemen are doing all they can to avoid enforcing the law.

"We have been weeding out the undesirable ones," he said. "Some who are still on the force are being watched and if we get any evidence on them their discharge will quickly follow."

To Discharge Miners.

Washington, Nov. 20.—Army commanders were ordered today to discharge forthwith all anthracite coal miners who desire to return to the mines.

PHYSICALLY FIT AT ANY AGE

It isn't age, it's careless living that puts men "down and out." Keep your internal organs in good condition and you will always be physically fit. Watch the kidneys.

The kidneys are the most overworked organs in the human body. When they break down under the strain and the deadly uric acid accumulates and crystallizes, look out! These sharp crystals tear and scratch the delicate urinary channels causing excruciating pain and set up irritations which may cause premature degeneration and often do turn into deadly Bright's Disease.

One of the first warnings of sluggish kidney action is pain or stiffness in the small of the back, high colored or scanty urine, loss of appetite, indigestion or rheumatism.

Do not wait until the danger is upon you. At the first indication of trouble go after the cause at once. Go to your drug-list immediately. Get a trial box of GOLD MEDAL Haarlem Oil Capsules, imported direct from the laboratories in Holland, where they have been in use for over two hundred years. They will give almost immediate relief. If for any cause they should not your money will be refunded. But be sure to get GOLD MEDAL. None other is genuine. In sealed boxes, three sizes.—Adv.

Omaha Grain Exchange Names Buchanan as Head

Directors of the Omaha Grain exchange elected John T. Buchanan president to succeed J. A. Linderholm, whose term has expired. Mr. Buchanan is secretary of the Omaha Elevator company and captain of one of the Home Guard units.

At the directors' meeting Otis M. Smith and C. H. Wright were elected vice presidents and E. E. Huntley treasurer. F. P. Manchester was reappointed secretary.

"Billy" Sunday to Go to France to Conduct Meetings This Spring

Billy Sunday and "Ma" are going to Europe. There they will join Homer Rodheaver and conduct the regular Sunday meetings.

In a letter from the popular evangelist received Tuesday by Dr. W. F. Gallias, he gave an outline of his plans. With "Ma," who has just recovered from a serious attack of

National Child Labor Law Need Emphasized by Swift at Luncheon

F. W. Swift, speaking Tuesday at the University club, emphasized the need for a national child labor law because families with a number of children move from a state that enacts stringent laws to another state where their children can work in the mills.

Manning Favors Laws to Control Social Diseases

City Health Commissioner Manning favors the passage of a state law to curb social diseases in men as well as in women. At present Omaha has such an ordinance under which the detention home for women is operated.

"At present it is easy for a person to escape the operation of this law by leaving the city," he said. "With a state law it would not be so easy. With a national law it would be impossible."

Truck Crashes Into Store When Driver Loses Control

A large truck owned by the Hartung Transfer company crashed through a rear door of the Matheson Stationery company store at 1230 Harney street, Wednesday morning.

It was stated that the driver of the truck momentarily lost control and drove into the rear of the store to avoid hitting a team of horses in the alley.

The damage to the building and the truck was estimated at \$200.

Snow Falls in Nebraska.

Snow is falling in Nebraska is the report that comes to the railroads. While it is not heavy enough to interfere with traffic, it is pretty general. In western Nebraska the weather is cloudy and calm. Temperatures are 24 to 40 above zero.
