

CANADA TO BE SUPPLIED WITH COAL BY U. S.

Senate Committee Told That Prospects Are Good for Sufficient Anthracite This Winter.

Washington, Nov. 23.—Prospects for a full supply of anthracite this winter are good, the senate commerce committee was told today at the reopening of its investigation of the fuel administration. Arthur Leary, director of the administration's distribution division, outlined territorial allotments for the season, and was sharply questioned by Chairman Reed, particularly concerning 3,600,000 tons assigned to Canada.

"Do you mean to say that if there is suffering in this country we want of coal the fuel administration will give Canada its full share?" asked Chairman Reed. "No, sir, that is our orders, where it is shown that Canada suffers equally with the United States," he replied.

"Who gave these orders?" asked Senator Reed. "I understand they came from the president of the United States," "Do you know that they came from the president?" "Dr. Garfield has so stated."

REDS MURDER 500 FORMER RUSS ARMY OFFICERS

(Continued From Page One.) has been forced upon them in order to conserve food. The British narrator says that the bolshevik strength in Petrograd, as well as in Moscow, has increased since the attempts on Lenin's life and the advances in the Volga region, largely because many Russian liberals believe that they must choose between the bolsheviks and the extreme reactionaries, as none of the faction leaders in the center show strength. Maxim Gorky has joined the bolsheviks and has accepted a position in the Department of Education. Many others who were at first opposed to the bolsheviks are taking similar action.

The petrograd commune recently required householders to give over their blankets, presumably for the army, under a heavy penalty, and a great scandal has developed through the discovery of sailors of a trainload of blankets destined for Germany. In spite of the widespread desolation the commune is supporting the National Opera, the Ballet and the theaters, giving free performances to soldiers, sailors and school children.

By Associated Press. Archangel, Nov. 23.—The American and entente troops have encountered strong opposition both on the Vologda-Archangel railway and on the Divna river. Owing to the swampy condition of the terrain, it has been necessary to confine operations to the waterway and the railway. As the upper part of the river is deeper than at its mouth the bolsheviks, equipped with large guns, have been better able to maneuver than the entente ships, and have prevented the occupation of Kotlas by the allies. A plan is under discussion in military circles for the creation of a voluntary army for Russian relief, should the allies agree upon the policy of feeding Russia.

Daylight in Archangel now is of only four hours' duration, and this fact, with the fogs, facilitates the guerilla warfare by the bolsheviks operating in the shelter of the forests. It is believed evacuation of the Archangel district by the allies would probably result in the murder of the entire population friendly to the entente by the bolsheviks just as the elements antagonistic to the bolsheviks were slaughtered in the Volga towns evacuated by the Czechs after the establishment of White Guard governments under Czech support. A similar slaughter occurred at Vologda, where entente supporters who rallied about the embassies were persecuted mercilessly after the departure of the entente diplomats. Allied encouragement of the anti-bolshevik organization has carried with them responsibility which the military leaders are unwilling to overlook.

Howard Saxton Will Enter Law Firm With Attorney H. H. Baldrige

Howard Saxton, assistant United States attorney, has formed a partnership with H. H. Baldrige, Omaha attorney, for the practice of law under the firm name of Baldrige & Saxton, succeeding the firm name of Baldrige & Keller. Mr. Keller is now in the quartermaster department of the army. Mr. Saxton will remain in the United States attorney's office until January 1, 1919. He was appointed to the United States attorney's office nearly three years ago.

Mr. Saxton participated in several noted cases, including the "wild horse" trial, T. H. Matters bank fraud case and Omaha Indian allotment suits. Mr. Saxton started the practice of law in Omaha in 1900. He is a graduate of the University of Nebraska and George Washington university.

British Shipping Mission Leaves for San Francisco

Early Saturday morning, occupying two special cars on the Union Pacific, 67 members of the British shipping commission left for San Francisco. The British party is making a tour of the leading ocean shipping points in the United States getting an idea of the resources of the country in the matter of food supplies and the facilities for sending

GOETHALS TYPE OF MAN WANTED AS RAIL CHIEF

(Continued From Page One.) doubt of the president's selection. Such a man as Maj.-Gen. George W. Goethals is wanted, it was stated today—a man with executive ability, not closely connected heretofore with railroad management, who could view problems from the public standpoint, and at the same time could direct the staff and organization already built up by Mr. McAdoo.

On the new director-general of railroads, whoever he may be, will devolve the task of guiding the roads through the readjustment period. This task will apply to many phases of employment conditions, rate practices, traffic reforms, terminal consolidations, distribution of newly purchased cars and locomotives, policies of government financing, additions, betterments, extensions and equipment purchases, continuation of rerouting and short hauling, standardization of operating methods and measures to increase the traffic capacity of the rail system to handle the big volume of freight expected by students of industrial development during the next few years.

Upon the policies of the new rail director will depend largely whether the government shall continue combining the railroads into a homogeneous unit or begin the "breaking up" process in preparation for resumption of private control. From the president's selection, observers believe, may be determined to a large degree the attitude of the administration on the railroad's future.

This is one reason why the picking of a new director general is regarded as fraught with unusual significance.

Although Mr. McAdoo will retire to private life, his friends say he has no thought of refraining from expressing his ideas on governmental policies from time to time. Particularly will he remain interested in the railroad question and those in close touch with Mr. McAdoo would not be surprised to see him come forward in a few months with specific recommendations for the nation's consideration of the railroad issue. Mr. McAdoo is said by his friends to look with disfavor on restoration of individual railroad competition and there have been many reports that eventually he would advocate complete government ownership, to be effected by exchange of government bonds for railroad securities. Formally and officially, however, Mr. McAdoo never has indicated this attitude.

AMERICANS AT LINE OF RHENISH PRUSSIAN LAND

(Continued From Page One.) greeted by the acclamations of the whole population. "From the Moselle as far south as the Vosges the line reached today comprised Thionville, Bouzonville, Wolsklingen, Sarreguemines and Bitché.

"In Alsace our advance guards have reached Reiporswiller, Roerach, Danendorf, Gendertheim and Gendenheim, after having entered Ingel-miller, Rouxville and Brumath, where they were given a touching reception.

"The flag of the twentieth Colonial regiment, which was buried at Villers-Sur-Semois in 1914, has been recovered and returned with military honors to the colonial army by the Two Hundred and Fourth regiment of infantry."

London, Nov. 23.—Field Marshal Haig's report on the movement of the British army of occupation issued tonight says: "The march towards the German frontier is proceeding satisfactorily. Advanced troops of the fourth army have crossed the Ourthe river south of Bomal and are pushing forward to the east.

"The number of guns left behind by the retreating enemy now in our hands exceeds 600. A number of airplanes and quantities of rolling stock have also passed into our possession."

Plan Ceremony at Strassburg. Paris, Nov. 23.—The entry of French troops into Strassburg will complete the liberation of Alsace. The military occupation of the city, at which King Albert of Belgium will be present with Marshal Foch, says the Petit Journal, will be followed by another ceremony.

At a conference of President Poincaré, Premier Clemenceau and Marshal Foch at the Elysee palace Friday it was decided that the entry of the civil authorities would take place December 8, in the presence of the president, the premier, the members of the cabinet and deputations from the senate and the chamber of deputies. They will leave Paris on a special train December 6.

Former-Mail Carrier Gets Sentence of Year in Jail

Ralph Byers, 544 South Forty-fourth street, pleaded guilty to a charge of stealing from the United States mails in federal court Saturday morning, and was sentenced to one year and one day in jail. Byers was a mail carrier and was arrested by federal officers last Monday.

Workmen Celebrate Fiftieth Birthday of the Order Today

Local lodges of the Ancient Order of United Workmen will celebrate their golden or 50th anniversary of the founding of the order at the temple this evening at 8 o'clock. The speakers will be Mayor Smith and Grand Master Evans, and besides a splendid musical program has been arranged by the committee in charge. The members have been invited to bring their friends along to join in the celebration.

Creighton Uni. Students Give \$7,782 to War Fund

As on all former occasions Creighton university has again shown her loyalty to the country by contributing a flattering sum to the United War Work fund. There was a hearty response to the request when announced by President F. X. McMenamy. All pledges are now in, and despite two quarantines and unsettled conditions in classes, the students and faculty members have pledged \$7,782.

The average contribution in the high school was \$5 and in other departments the average contribution was \$10, though some of the faculty members gave as much as \$250. The sums given by the various departments are: High school, \$1,120; medicine, \$2,672; law, \$772; dental, \$1,432; pharmacy, \$412 and arts, \$1,365.
