

AERIAL STUNTS PRECEDE GAME AT ROURKE PARK

Ft. Omaha Team All Ready to Mix With Warriors from St. Paul Aviation School.

Preparatory for a genuine fast game at Rourke park today with St. Paul Aviators, and in anticipation of a sure display of athletic superiority and prowess, Fort Omaha men, to the number of 1,200, last night paraded through the principal streets of Omaha with their "crack" band incessantly playing. A concert was then given on the court-house square, with interludes of new "yells." A similar parade will be held this noon for the final "wind-up" for the game.

For further assurance of an eventful day, the government weather bureau at Chicago forecasts fair weather in this locality. Hence the clearing of the snow from the field yesterday by the boys.

There will be aerial stunts before and during the game. Major van Nostrand, executive officer of Fort Omaha who is directing the big army program, announced Friday night that permission for the stunt flying had been given.

Ten parachutes will be prepared and placed in line for a race, with a fat man hanging on the rear end of each, and then let go a certain distance. The man holding on the longest and carried the farthest will be the winner.

Three Planes in Action. The flyers will be three planes in action. The flyers who will perform are Lieutenants Max Mills, Joseph M. Shimmom and Franklin W. Gledhill. The Aviators will make their first appearance at 2:30 o'clock, when they will drop foot balls on the gridiron in mimic bombardment. The acrobatic flying will be put on the individual stunt flying. Lieutenants Gledhill and Shimmom will carry on a sham duel in the air.

A free ball-on flight will take place at 2:20 o'clock, the ballonists starting from the center of the football field. They will rise to 10,000 feet. Those who will make the flight are: Major Clarence Maranville, Captain Charles McCullough, Lieutenants D. E. Downing and George D. Kingsland and M. R. E. McMurth, chief clerk at Fort Omaha. Lieutenant Kingsland will be the pilot.

St. Paul Team at Fontenelle. The St. Paul team will arrive in Omaha this morning and will make their headquarters at the Fontenelle hotel. Latest reports indicate that the mechanics are in the best of shape for the fray and ready to smear "red" all over Omaha.

The strongest confidence of victory exists on the part of Lieutenant John G. McKay, Fort Omaha coach, and Lieutenant M. S. Halliday, coach of the visiting team. Dr. "Joe" Reilly of the Kansas City athletic club will be referee.

Some of the stars that will battle at Rourke park this afternoon are Warner, former varsity, end on Michigan; Sheehan, star from Danmouh; Marshall, who figured on the Brown eleven; that crumpled Harvard and Yale; and Chicken, captain, who is regarded as one of the fastest "semi-pros" in football. Guttorsor and Schumaker are two boys built close to the ground and not easily budged therefrom. Williams figures in every game, either smashing interferences or making the tackle.

Game Starts Early. The game is called for 2:30 sharp. The lineup is: St. Paul: Warner, E.E.; Weirich, R.T.; Guttorsor, W.L.; Sheppard, C.; Reynolds, J.G.; Schumaker, J.C.; Froelich, Nelson; Toole, L.E.; Lundberg, William; Q.E.; Spang, Chicken; R.H.H.; Busby, Williams; F.B.; King.

BRINGING UP FATHER

WHITE HOUSE TO FURNISH CHEF FOR OMAHA A. C.

Maker of Alice Roosevelt-Longworth Wedding Cake to Make Pastries for Omaha Athletic Club.

Though officials of the Athletic club are more than busy with their preparations for the opening celebration of the club, December 12-14, they are not forgetting the things that are to permanently make the club the best one in Omaha, and one of the best in the country.

Manager E. L. Parker announced Friday morning that he had engaged as head pastry cook for the club the man who made the wedding cake for the Alice Roosevelt-Nicholas Longworth wedding. This talented pastry chef is now in Omaha, and his engagement insures the club the best of the club's choicest delicacies in this line.

The word is also given out that the permanent entertainment committee is now making arrangements with several of the world-renowned artists to appear in Omaha before the members of the club. Caruso, Ignace Paderewski, Alma Gluck and Schumann-Heink are some of the artists who will possibly appear, as well as lectures by some of the famous war correspondents on their experiences at the front.

The building is rapidly being put in shape for the big opening December 12 and 14. The carpet is practically all laid in the lounging rooms, and the lobby is complete.

The membership committee also says that the limited membership will soon be exhausted, possibly before the opening night. During the past week a great many memberships have been taken out by south side commission men, both yearly and life.

German Armies Tire of Waiting for Trains and Start Home on Foot. With the American Army of Occupation, Nov. 29.—(By Associated Press)—General De Marwitz Fifth army will begin to cross the Marne today. The crossing will require eight to nine days, according to reports reaching here. The movement is being carried out by three columns at points distant from each other.

According to the German plan, 200,000 men will be quartered daily at Frankfurt, but accommodations for but 100,000 daily have been prepared. Congestion at Treves is reported. It was originally planned to move the troops toward Germany by rail. At other points it is said that the railroads are unable to handle the extraordinary traffic and that thousands of troops are marching eastward after waiting days for trains. Apparently the Germans are endeavoring to withdraw as rapidly as possible.

Copies of a proclamation by Field Marshal von Hindenburg urging German soldiers and civilians to receive allied troops with "resignation and courtesy" have appeared in villages opposite the American lines.

Harbord, head of the supply service of the American expeditionary forces, has directed that sufficient rations and clothing be taken to Rotterdam and that the commissary department provide tobacco, canned goods, playing cards, toilet articles, soaps and towels, for issue to the prisoners. A sufficient number of quartermaster corps officers and men will go to Rotterdam to do everything possible for the men.

South Side INCREASE AUTO TRUCK YARDAGE AT STOCK YARDS

Rapid Increase in Amount of Live Stock Brought to Market in Motor Cars Shows Lack of Facilities.

Ground was broken Friday at the stock yards to enlarge the accommodations for auto trucks. The yardage capacity will be more than doubled and the unloading facilities will be made four times as great as they are at present. The improvements will be completed before the first of the year.

The present facilities were proven inadequate when the big run Tuesday furnished conclusive evidence of the growing business of marketing stock by auto truck. There are 175 auto truckloads brought in. The receipts showed 1,522 hogs, 24 cattle and 103 sheep.

The marketing of live stock by auto truck has been an aid to the government in saving freight. The trucks driven to the Omaha yards come from all parts of the state and from Iowa and Kansas.

Many Mouths Water When Witness Samples Booze

Sergeant Sheehan of the South Side police department qualified Friday afternoon in Judge Sears' court as an expert witness in identifying the contents of various bottles which were taken from the home of Peter Wzwick, 4519 South Thirty-third street.

The railing in front of the judge reminded court attendants of the back bars of institutions which were closed when the prohibitory law became effective.

In order to bring the evidence properly and legally before the jury, it was necessary to establish beyond doubt just what the bottles contained. There was little doubt in the mind of the jury as to the contents, but legally they contained nothing until the sergeant was placed on the witness stand to testify.

"Can you tell what the contents of this bottle are without removing the cork?" asked City Prosecutor Murray, holding a quart bottle at arm's length.

"I can not," replied the witness. "Can you tell what the contents of this bottle are if the cork should be removed?" was the next question.

"I can," promptly replied the sergeant. "In your best judgment what does this bottle contain?" continued the prosecutor.

"Whisky," the witness replied. Murray then removed the cork while the 12 good jurymen and true bent forward as one man. One of the jurymen adjusted his spectacles.

FEAR INCREASE TUBERCULOSIS AS FLU RESULT

National Association Presents Five Rules to Observe to Ward of the Dread Disease.

New York, Nov. 15.—Fearing a rapid rise in the death rate from tuberculosis, as a result of the influenza epidemic, the National Tuberculosis association has issued a special statement warning the public of the danger. Experience in previous epidemics has clearly indicated, the association points out, that the death rate from tuberculosis may be expected to be increased by at least 10 per cent within the next two years as a result of the present epidemic, unless proper precautions are taken.

1. Stop working and go to bed immediately. Do not resume work until the attack of influenza is all over.

2. Have nothing to do with patent medicines or drug store "treatment." Put yourself under a doctor's care at once and continue under his care until cured.

3. Have your doctor examine you thoroughly to see if any signs of tuberculosis are present. You cannot tell without an expert examination.

4. If free from any trace of tuberculosis, keep so by sufficient rest during convalescence, and careful living then and afterwards.

5. If your "cold" hangs on, or there are other indications of tuberculosis, begin medical treatment without a moment's delay.
