VICTORY XMAS CELEBRATION IS OMAHA'S PLAN

Shut-Ins to Be Remembered and Kiddies to Have Big Tree During Week's Entertainment.

"Victory Christmas celebration" is the official name of the municipal celebration which is being planned by city authorities and organizations.

At a meeting yesterday afternoon in the city council chamber, Fred Williams, chairman of the executive committee, appointed the following committee chairmen: Finance, C. F. Bossie; buildings and decorations, Richard Grotte; entertainment, Fred Williams; visiting, Randall Brown; music, Hugh Wallace.

To Continue for Week.

The celebration will last all Christmas week. A big feature will be bringing Christmas to many hundreds of "shut-ins" in hospitals, orphan's homes, old people's homes, and so on. A special committee will be appointed to arrange with clubs, lodges, etc., to undertake the entertainment in these places, each club or lodge being assigned to carry Christmas into some hospital, old folks' home or other place where "shut-ins" live.

It is proposed to have Monday night for "army night" in the Auditorium. Mayor Smith wanted the soldiers to provide the talent, but Major van Ostrand of Fort Omaha pointed out that the soldiers are going to have a celebration of their own on Tuesday night at the fort, and could hardly provide all the entertainment in the Auditorium Monday night. So they will provide part of it, and the rest will be found elsewhere.

Gigantic Tree.

Tuesday night, Christmas eve, will be the big night for the youngsters. Mr. Bossie has already arranged with Trimble brothers to provide a 40-foot tree, and it will be decorated, and Santa Claus will be there ready to give thousands of bags of candy to the kiddies. It is proposed to move the tree to the courthouse after Tuesday night, as the Auditorium is to be used for other purposes.

Bringing Christmas entertainment and good cheer to those who are on beds of sickness or kept in by old age will mark Thursday, Friday and Saturday evenings of Christmas week.

Cigar Thrown in Box of Waste Starts Fire

A fire in the shoe-shining shop of Beshilas & Comos, 221 South Sixteenth street, Friday night, did small damage.

Firemen said the blaze was caused by a lighted cigar thrown into a box of rubbish.

A man, whose identity could not be ascertained, broke the plate glass front door and with a fire extinguisher put out the flame.

In breaking the door, the man received small cuts about the hands. He went to his own doctor.

High School Boys Earn Big Salaries Figures Given Reserve Show

At least one-third of the boys in the Central High school who are more than 15 years old are earning money outside of school, according to statistics compiled by The Bee from registration cards of the United States Boys' Working Reserve. With a minimum of \$5 a week, the amount earned by a boy during after school hours ranges up to \$15 a week with several exceptional cases where \$40 to \$50 is being made.

The average pay per day for boys working Saturdays is about \$3 and the average for hour work is about 35 cents. The cards of boys not attending high school show that they are earning between \$25 and \$27 a week. Questionnaires will be delivered soon to the boys registering in the Working Reserve. The physical examination will follow after the questionnaires are returned.

Irish Self Determination Club to Meet Here Sunday

A meeting of the Irish Self Determination club will be held at the Labor temple at 3 o'clock Sunday afternoon. All persons interested are invited to attend.

More than 1,000 Catholic priests of New York have petitioned President Wilson to work at the coming peace congress for extension of the principle of self-determination for Ireland as well as to other small nations.

The petition says in part: "We urge that self determination for Ireland" is in accordance with your memorable enunciation of the American doctrine of government, have your generous support at the peace conference and we believe that the solution, through you, of the age-long Irish trouble will add to the lustre of our country's greatness."

Junior Officers' Training Corps May Be Formed Here

A junior reserve officers' training corps will be formed at the Central High school if school officials here decide to accept the offer of the government which includes the appointment of an army officer as commander of the regiment, the appointment of an army quartermaster, the issuing of newer cammies and the equipment of a camp where the cadets will be given intensive training in June.

Under the provisions of the law cadets will also be furnished full uniform, their expenses at camp will

be paid and it is likely that cadets attending camp will receive the regular \$30 a month salary.

One unfavorable condition of the offer is that junior and senior cadets will be required to drill after school each day. This would make impossible most of the present school activities and would cut down the free hours in which a student may study his lessons.
