OMAHA SCHOOLS NOT AFFECTED BY CARMEN STRIKE

Attendance Shows Increase as Many Volunteer to Carry Teachers and Pupils.

The Omaha public schools not only have lost nothing by the strike, but attendance has actually increased.

"We though probably the night schools would show a falling off, but Superintendent Beveridge," but they also showed an increased attendance.

"The spirit of the teachers, pupils and patrons has been splendid. Many of our teachers walked long distances and were at their places right on time. Miss Lydia Wickstrom walked 72 blocks from her home near Miller park to the Edward Rosewater school.

The first day of the strike patrons with automobiles telephoned in by the dozen and offered their cars for bringing the teachers to and from school. Many of these are being used and will be used as long as the cars are not running.

Some of the teachers "hooked" rides in getting to their work. One man met a group of teachers walking on Farnam street. He invited them into his car. He was only going to Thirtieth, but when he learned that the teachers were bound for the Dundee school he insisted on taking them all the way.

A jitney service has been organized by boys in the seventh and eighth grades at some schools. They bring the teachers and take them home in their cars for a small fare.

BUREAU ISSUES INDUSTRIAL MAP BOOSTING CITY

Territory Within Radius of Fifty Miles About the City is Convincingly Exploited.

To emphasize the supremacy of Omaha as a shopping center, the bureau of publicity, of the Chamber of Commerce, has prepared an illuminative map showing the city and surrounding territory within a 50-mile radius. The map shows location of towns, giving population, banking facilities, business equipment, railroads and main trade roads.

The map will be distributed to eastern sales managers and others replying to advertising of the bureau in eastern magazines, to show in concrete form, the wealth of the territory immediately tributary to Omaha.

Territory Is Rich. "We believe that the territory shown in this map is the richest of its size in the United States," said C. O. Talmage, chairman of the bureau. "We estimate the population of the section at 600,000, the number of autos owned at 100,000, or five autos to every six families. There are 141 banking towns on the map with deposits of \$220,000,000, or \$1,833 per capita."

On the margins of the map appear statistics about Omaha and on the back of the map appears a paragraph about each of the 141 towns.

Prosperity Shown. Analysis of the banking statistics on the map shows some wonderfully prosperous little towns. For instance, Valparaiso, Neb., with a population of 560, has banking deposits of \$756,320; Weston, Neb., a hamlet of 432, has a nest egg of \$606,666 in bank; Persia, a near-by town in Iowa, has \$590,000 in bank; nearly \$1,900 per capita, while Neola, Ia., with a populace of 971, has \$1,139,380 salted away.

Dunbar, Neb., a pretty little town in Otoe county, tops them all for per capita wealth. Her 216 thrifty inhabitants have \$665,000 of ready cash tucked away in her two banks as deposits.

Mr. Hanisch took the injured man to the Nicholas Senn hospital in an unconscious condition and reported the accident to the police. According to his version of the accident, Mr. Andresen was crossing Farnam street to board an automobile which was waiting for him and walked directly in front of the Hanisch car.

The Bee's Free Shoe Fund To Buy Shoes For Shoeless Children

Again today a majority of the contributions to The Bee shoe fund come from outside of Omaha—three-fourths of them, in fact. There is another gift from Wray, Colo., and two from points in the state.

However, the single Omaha contribution is a good one. But Omaha should supply as many patrons for the charity as outside territory.

Requests from parents for shoes for the kiddies continue to come to The Bee through the school teachers and Probation Officer Carver. As a matter of fact these requests show an increase as the fund nears the thousand dollar mark and it is certain that it will take at least that much to achieve the result for which this worthy charity was instituted.

Gifts received now will supply nearly Omaha kiddies with Christmas shoes. Won't you play Santa Claus?

The Quick Way to Stop a Cough

This home-made syrup does the work in a hurry. Easily prepared and saves a great deal of money.

You might be surprised to know that the best thing you can use for a severe cough, is a remedy which is easily prepared at home in just a few moments. It's cheap, but for prompt results it beats anything else you ever tried. Usually stops the ordinary cough or chest cold in 24 hours. Tastes pleasant, too—children like it—and it is pure and good.

Pour 2 1/2 ounces of Pinex in a pint bottle; then fill it up with plain granulated sugar syrup. Or use clarified molasses, honey or corn syrup, instead of sugar syrup, if desired. Thus you make a full pint—a family supply—but costing no more than a small bottle of ready-made cough syrup.

And as a cough medicine, there is really nothing better to be had at any price. It goes right to the spot and gives quick, lasting relief. It promptly heals the inflamed membranes that line the throat and air passages, stops the annoying throat tickle, loosens the phlegm, and soon your cough stops entirely. Splendid for bronchitis, croup, whooping cough and bronchial asthma.

Pinex is a highly concentrated compound of Norway pine extract, famous for its healing effect on the membranes. To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex" with directions and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

AUTO TRADE MEN TO GET TOGETHER HERE JANUARY 7

Big Meeting Arranged to Put Business Back on an "As Usual" Basis for Next Year.

A committee from the Omaha Automobile Trade association, recently appointed by Clarke G. Powell, chairman, has named January 7 as the date for a big get-together meeting of automobile men to be held in Omaha.

The Chamber of Commerce is co-operating with the association in making arrangements for the meeting.

A banquet will be given in the evening at the Chamber of Commerce rooms. Automobile men throughout this territory will be invited to attend.

Several speakers of national prominence will address the meeting. T. H. McDearmon, chairman of the committee on arrangements, has gone east to secure these speakers.

Members of the association feel that this get-together event will prove a strong factor in putting the automobile business back on "as usual" basis here. It is stated that this business has probably been hit harder than any other by the war but those familiar with the situation feel exceedingly optimistic over the prospects for 1919. The message will be carried to all dealers and others through the big meeting on January 7.

The members of the committee on arrangements are: T. H. McDearmon, chairman; W. H. Head, vice chairman; Ray Hayward, George Van Brunst and W. S. Johnson.

Striking Carmen Drive Jitneys During Hours When Off Picket Duty

A number of striking street car men who own automobiles and others who have leased machines are now operating them on the streets as jitneys during the hours when they are not called for picket duty.

They wear their service uniforms, with the exception of the traction company's badge on their caps, and act as motormen and conductors of their cars. Of course they "knock down" the fares they collect.

"My Little Pets Love Cascarets"

TO MOTHERS! If you will learn to give this harmless candy cathartic to your children, instead of castor oil, calomel and pills, you will save money and avoid lots of worry and trouble. Truly!

When one of the kiddies has a white tongue, a tainted breath, sour stomach or a cold; when bilious, constipated, feverish, remember, a Cascarets to quickly "work" away the nasty bile, sour fermentations and poison should always be the first treatment given.

Children really like to take candy Cascarets and they never gripe their tender bowels, never injure, and never disappoint the worried mother. Give Cascarets to children one year old and upwards. Each 10 cent box contains full directions for children and adults.
