German Professors Fear Republicans Will Oppose Wilson Points

Berlin, Dec. 6.—(By Associated Press).—Eight hundred and forty-six members of the faculties of German universities have signed a statement demanding the earliest possible convocation of a national assembly. Among the reasons given by the signers is that the new American congress which comes into office on March 4 "likely will be dominated by republican imperialists who will oppose President Wilson's 14 points." Three Million Per Hour Meat Bill of Nation

Chicago, Dec. 6.—Three million dollars an hour, \$21,000,000 a day, \$210,000,000 a week, is the record-breaking amount paid to the farmers of this country during the month just closed for live stock used for meat purposes. This figure, which is the estimate of experts at the International Live Stock exposition, was made public today.

The farmers of this country are now receiving over twice as much for their hogs as before the war and their shipments are 10 to 15 per cent above normal. The price of cattle and sheep also has increased enormously as compared with pre-war figures.

In line with the prevailing high prices for all live stock, the grand champion steer of the International Live Stock exposition sold for \$2,500 a pound, a total of \$3,350 for the one animal. Thomas E. Wilson is the buyer.

Peaceful End of Peru-Chile Fuss Believed to Be in Sight

Buenos Aires, Dec. 6.—The controversy between Chile and Peru is approaching a peaceful solution, La Nación says it is informed by a reliable source, as a result of the efforts of the State department and the Uruguayan foreign office.

The newspaper's informant says that the two governments propose a partial plebiscite and that the Chilean and Peruvian foreign offices are disposed toward the proposal, which contemplates the restoration of a Pacific port to Bolivia.

966 Pogrom Victims Buried; Other Bodies Lying in Ruins

Stockholm, Dec. 6.—Nine hundred and sixty-six victims of the anti-Jewish outbreak in Lemberg, Galicia, have been buried so far, according to the newspaper Nowy Dziennik of Cracow, as quoted by the Jewish press bureau here. Many bodies are yet lying in the ruins of burned dwellings, it is added.

No Ships on Way.

Washington, Dec. 6.—It was stated officially at the State and Navy department today that no American warships were on their way to Peru and that none had been ordered there. A report from Lima yesterday said several American cruisers were expected to arrive in a few days from San Francisco.

ALCOHOL ON KIDNEYS

The constant, regular or irregular use of beverages containing alcohol, will sooner or later make trouble for the kidneys. Sometimes an excess acid secretion is formed, but usually the beginning of urinary trouble is denoted by an excess alkaline secretion giving rise to frequent desire of urination, followed by pain, burning, scalding, with irritation manifest in the passage. The urine highly colored and strong of odor should be corrected with

Balmwort Tablets

as they stimulate normal secretion, allay inflammation, purify and restore natural action promptly.

After Your Baby Is Born

Think Now About the Time to Come Afterwards.

When you hold in your arms your tiny new infant, be sure that you can feel that before its arrival you did all in your power to give to it a happy pre-natal influence. Scientists say that the thoughts and feelings of the expectant mother greatly affect the health and disposition of the future infant.

For over half a century thousands of women who have used the time-honored remedy, Mother's Friend, say that they entirely escaped nausea, nervousness and that peculiar distressing sense of uneasiness where nature is unaided. They thus preserved a wonderfully bright and happy disposition, which reflects so markedly upon the unborn child.

By the regular use of Mother's Friend the muscles are made and kept soft and elastic to readily yield to nature's demand for expansion without the usual wrenching strain. The nerves are not drawn upon, and as a consequence the expectant mother is calm and serene and the nights are not disturbed with nervous twitches, and the crisis is one of joy and happiness. Write the Bradford-Regulator Company, Dept. K, Lamar Building, Atlanta, Georgia, for their Mother's Friend Book, of value to every woman, and get a bottle of Mother's Friend from your druggist and begin a treatment that will bring real results.—Adv.
