

WILL DISCUSS WAYS TO HANDLE FLU EPIDEMIC

State Board of Health Calls Meeting to Be Held in Lincoln; Doctors Invited to Attend.

From a Staff Correspondent. Lincoln, Dec. 11.—(Special.)—The State Board of Health has called a meeting for December 17, to be held in Lincoln in which officials of cities and counties are requested to send a representative at the expense of the city or county to discuss methods of handling the influenza epidemic, which the state board is willing to admit is not improving by any means. They also request that as many physicians as possible attend the meeting that there may be some sort of method agreed upon in the handling of the epidemic. Lack of funds is handicapping the successful handling of the situation and the board of health believes that the time has come for a combined effort.

Bound Over to Grand Jury for Aiding Boys to Escape. Beatrice, Neb., Dec. 11.—(Special.)—Arthur Simpson was bound over to the district court yesterday by Judge Woolsey at Wymore on a charge of assisting two colored boys, James Smith and Leroy Clark, in sawing out of jail at that place yesterday and with robbing the Werner hardware store. At the hearing yesterday the boys testified that Simpson visited the Whitsell garage with them with the intention of stealing a car and driving to Mexico. They called John Munyon to the door of the garage, and after knocking him down became frightened and ran away, being captured later. They said they had escaped from the state reformatory in Kansas. In default of bond of \$1,000 Simpson was brought here and lodged in jail. The two boys were taken back to Topeka today.

Scribner Coming Back to Old Union Pacific Position. Washington, Dec. 11.—(Special Telegram.)—Lt. Arthur Scribner was in Washington today enroute from his recent station, Camp Jackson, to his home in Omaha. Lieutenant Scribner has been mustered out and is going back to take up his work as tax commissioner of the Union Pacific.

Russia Has No Standing at the Peace Conference. Washington, Dec. 11.—Russia, in the opinion of officials here, will not be formally represented at the peace conference. It was said today that there is no government in Russia which the associated nations recognize as having the power to counter upon delegates the right to represent that country at the Paris assembly.

Orpheum Star Formerly Prominent Club Woman

It will perhaps be a bit of interesting news to the club women of Omaha to know that Madame Doree, who is playing this week at the Orpheum, is none other than Madame Doree Lyon of New York City, who has been prominent in woman club circles, not only in that city, but throughout the entire country. Madame Doree was the founder and first president of the New York City Woman's club, and former vice president of the Federated Woman's Clubs of New York state. For a number of years she was the editor of the Club Woman's magazine, which was the official organ for the General Federation of Woman's Clubs for the United States. As a girl it was the ambition of Madame Doree to have a musical career, but at the psychological moment a man came into her life and she gave up her dream and became the mistress of a home. She did not give up her interest in music, but became a member of a philanthropic organization of New York City, which had for its purpose the education of the young people for musical careers, and as a result of whose efforts many of the best young artists of the country have been enabled to come before the public in the last generation. Some years ago her husband died and during the panic of 1907 she had the misfortune to lose her fortune. Since then she has devoted a goodly portion of her time to the stage, presenting scenes from grand opera. She has with her this week at the Orpheum a company of 10 grand opera singers, of which Adamo Griquoretti is the artistic head and director. She has several other companies playing in different parts of the country which she hopes to unite into one large company as soon as the season of over and present in full chorus some of the best grand opera music of the day.

LIQUOR FINES FOR 18 MONTHS TOTAL HUGE SUM

Governor Issues Statement of Amount Collected Since May 1, 1917; \$142,366.55 from Fines.

From a Staff Correspondent. Lincoln, Dec. 11.—(Special.)—Governor Neville has issued a very comprehensive statement of the enforcement of the prohibition law in Nebraska with the amount of fines received, number of prosecutions and number of convictions. According to the statement, which covers the period for 18 months beginning May 1, 1917, when the law went into effect and ending October 31, 1918, the amount of fines collected amounted to \$142,366.55, the number of prosecutions 5,145 and the convictions 3,822. The receipts from wholesale and retail druggists' licenses issued for the same period amounted to \$146. The record for Douglas county, including Omaha, amounts to collections of \$48,077.75, prosecutions of 3,057 cases with 1,991 convictions. Lancaster county has \$8,832 collections, 215 prosecutions with 155 convictions.

I. W. W. Members on Trial Adhere to Silence Program. Sacramento, Cal., Dec. 11.—Eleven jurors had been accepted tentatively and a 12th will be examined when the trial of 47 alleged Industrial Workers of the World, accused of a conspiracy to hamper the war activities of the United States government, was resumed today in the United States district court here. Five peremptory challenges had been exercised by counsel for three of the defendants, while the trial committee of the other 44 had refused to take any part in the examination of the jurors and exercise of challenges, adhering to their program of silence. Robert Duncan, special attorney for the Department of Justice, who is conducting the prosecution, had used two challenges. It is believed the jury will name

CHILD GETS SICK CROSS, FEVERISH IF CONSTIPATED. Look at tongue! Then give fruit laxative for stomach, liver, bowels. "California Syrup of Figs" can't harm children and they love it.

Nothing equals "California Syrup of Figs" for children's ills; give a teaspoonful, and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless, delicious "fruit laxative," and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on the bottle. Keep it handy in your home. A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a bottle of "California Syrup of Figs," then see that it is made by the "California Fig Syrup Company."—Adv.

WILSON TELLS HIS PLAN FOR SEA FREEDOM

New Interpretation Satisfies Great Britain That Wilson's Points Are Not Aimed at Empire.

BULLETIN. Brest, Dec. 11.—(By Associated Press.)—The United States steamer George Washington, with President Wilson and party aboard, changed its course after leaving the Azores and will arrive in Brest in advance of the time announced, according to a naval wireless dispatch received today.

London, Dec. 11.—As a result of informal conversations regarding President Wilson's freedom of the seas proposals, the British government now is in possession of concrete suggestions which are understandable than the "free seas" clause in Mr. Wilson's "14 points," according to the Express. President Wilson, the newspaper says, has information showing definitely that Great Britain cannot surrender the right of search, the contraband law and the right to enforce blockade. It is understood that Mr. Wilson's proposals do not include the abandonment of any of these rights and that they generally are in nowise antagonistic to British interests, as has been supposed.

British View of Freedom. London, Dec. 11.—Expounding the British view of the freedom of the seas, the legal correspondent of the Times describes the main British position on the question as follows: "A readiness to continue as heretofore the freedom of the seas in times of peace, which has been carried out by England, for example, as to the admission of foreign vessels to coastwise trade, more than by any other important commercial country and to agree to the conversion into a free sea of any sea now treated as a closed sea. "A strong conviction greatly strengthened and hardened by the lessons of this war, to maintain the minimum of safety for our people and empire and to be no party to any agreement conflicting or tampering with it.

Washington, D. C., Dec. 11.—(Special Telegram.)—So many inquiries are being received by the Nebraska delegation from citizens and city and town authorities asking for the dismissal of their home physicians from the army medical corps that Senator Hitchcock took up the subject today with the surgeon general as to the policy the medical department had adopted as to these discharges. The senator was advised that army medical officers would be discharged in their order. First—Those over 45 years of age. Second—Those who can show that their services are badly needed in civilian life. Third—Those who have served one year or more in the army under the second provision. Nebraska towns, and it is understood there are quite a number, which are experiencing a shortage of competent medical attention, can obtain the release of physicians by having public officials file affidavits showing the urgent need for the discharge of their medical men.

EAT LESS MEAT IF BACK HURTS. Take a Glass of Salts to flush Kidneys if Bladder bothers you—Drink lots of water. Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation. The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful of a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders. Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.—Adv.

SIX MEN KILLED IN EXPLOSION ON U. S. S. BROOKLYN

Nebraskan and Iowan Among 30 Injured as Famous Cruiser Was Coaling at Yokohama.

Washington, Dec. 11.—Six men of the crew of the armored cruiser, Brooklyn, were killed and 30 others injured, some seriously, in an explosion of coal dust aboard the vessel last Monday at Yokohama, Japan, where the vessel was coaling. The Navy department was so informed today in a dispatch from the commanding officer of the Asiatic fleet of which the Brooklyn was flagship.

The dead: Chief Water Tender William B. Redmond, Red Bank, N. J. Fireman John W. Shaw, Tishomingo, Okl. Fireman Wane M. Johnson, Pastura, N. M. Fireman Moscoe W. Morris, Houston, Tex. Fireman Homer Sherwood, Comptche, Cal. Fireman Theodore T. Thevin, Shoshone, Idaho. Among the injured are: Fireman Leonard C. Carter, Muscatine, Ia. John G. Marion, Franklin, Neb. The Navy department's announcement said the Brooklyn was not damaged and that a court of inquiry had been called to investigate the explosion, which was in several compartments on the berth deck and in the ship's bunkers. No cause was assigned. The Brooklyn has been stationed at Vladivostok since the American expeditionary force landed there after decision was reached to have a joint expedition into Siberia participated in by the associated nations. It was the flagship of Rear Admiral Schley at the battle of Santiago in 1898 and is one of the most famous ships in the navy.

Murder of Prisoners by Huns to Be Probed by French Commission

Paris, Dec. 11.—(Havas.)—A French commission has arrived at Berlin to regulate the return of French released prisoners from Germany. The commission also will investigate the recent affair in the prison camp at Langensalz, Prussian Saxony, in which nine French prisoners were shot dead by the Germans and 15 wounded seriously. Cold Cause Headaches and Pains. Feverish Headaches and body pains caused from a cold are soon relieved by taking LAXATIVE BROMO QUININE Tablets. There's only one "Bromo Quinine." E. W. GROVE'S signature on the box. 30c—Adv.

German Cabinet Asks Bolsheviki Not to Send Delegation to Berlin

Berlin, Dec. 11.—(By Associated Press.)—The German cabinet has sent a wireless message to the Russian government asking it not to send a delegate to Berlin for a conference planned for December 16. The reason given was "the present situation in Germany." The Russian Bolshevik delegates were invited by the executive committee of the soldiers' and workers' council against the wishes of the cabinet.

Breweries Are Planning to Move Plants to China

San Francisco, Dec. 11.—A general exodus of brewing capital from the United States to the orient was foretold in a statement by Rudolph Samet, president of the California Brewers' association which yesterday ended its annual session here. "We are looking to China as the best place to locate," Mr. Samet said. "I am leaving in a few days for that country to arrange for the construction of a \$2,000,000 plant for the Raimier Brewing company. Other breweries are making similar arrangements." The brewers association, Mr. Samet added, decided to make no organized protest against President Wilson's executive order suspending the manufacture of beer, the Sheppard prohibition amendment to the agricultural appropriation bill, or against the proposed prohibition amendment to the constitution. Supervision to End. Washington, Dec. 11.—Government supervision over the steel industry and steel price fixing will end December 31. The war industries board so announced today after a conference with spokesmen of the industry.

IOWA WOMAN ATTACKS STREET GARB OF HER SEX

Scant Apparel Approved by Others in Discussion at Meeting of the Public Health Association.

Chicago, Dec. 11.—Wearing more clothes to safeguard the health of the feminine population did not receive the endorsement of all the physicians attending the annual meeting of the American Public Health association today. Dr. Jeanette Throckmorton of Chariton, Ia., who made the address which started the discussion, declared the customary street dress of women last summer was an offense to public decency. She blamed the good women of the country for allowing their daughters to "defy pneumonia and influenza with a lavalier" for protection.

After several male speakers had attempted to answer Dr. Throckmorton's statements, by approving the women's styles of today, Dr. Effie L. Lobdell of Chicago heartily endorsed the wearing of fewer clothes by women from both moral and hygienic standpoints. "Women are cleaner now because they have to be to wear these thin clothes," Dr. Lobdell said, "and the character of our art and the spread of education about sex hygiene remove any tendency to indecency in the public mind. A girl dressed as they are today represents a second stare. I favor, also, a uniform dress for each industry, which a girl can put on at her office or workshop, thus effecting a considerable saving in dress."

STOPS BACKACHE IN FEW MINUTES

SAYS SCOURGE OF SPANISH INFLUENZA

May Leave Wrecked Health For Many of Our People.

Medical authorities agree that the after effects of Spanish influenza and even the ordinary "grip" often leaves the patient in a more or less degree weakened in one or more of the vital organs, such as the lungs, heart, stomach, liver or kidneys. Pneumonia, chronic bronchitis and tuberculosis find fertile soil in the weakened lungs. Bright's disease, diabetes, apoplexy, cystitis, etc., often come in later to claim the convalescent patient. Dyspepsia, weakness, nervousness, malnutrition and kindred ailments are known to be more prevalent after an epidemic of La Grippe. Liver and bowel disorders, too, are inclined to further delay the return of perfect health. In fact, weeks and months may elapse before complete good health returns to the victims of this dread malady. It is the part of wisdom not to dispense with your physician's services too soon, for in time he will usually advise a good tonic upbuilding medicine that will aid in restoring vigorous digestion and full nutrition. Physicians and the public universally recognize the safe, sane, rejuvenating power that lies in the bitter herbs and barks, such as Calasaya bark, Palmetto root, Damiana, Nux Vomica and also in Iron Pepsinate and Phosphate. These drugs represent the main constituents of three grain Cadomene Tablets and as the formula is printed on the label any person should feel that here is no secret dose or nostrum, but a genuine beneficial tonic, and such it has proven to thousands, both old and young. Elderly folks especially find permanent strength and improved vitality very quickly. Digestion improves, appetite returns, restful sleep follows and soon a strong vigorous body and a harmonious nervous system rewards the convalescent. All good druggists supply Cadomene Tablets in sealed tubes with full directions. Show the package to your physician who should at once recognize the noted formula of a specialist.—Adv.

WHAT WILL SAVE HIS HAIR?

Quick Action is Needed—but it can be done says man of much Hair K. Owled e.

Thousands of men and women are growing bald every day and don't know the reason why. This is indeed a pity, because baldness usually comes from carelessness, and anyone who gives the hair just a little attention should always have an abundance of good, healthy hair. Dandruff and dirt cause baldness by clogging the pores in the scalp, and giving the dandruff germs fertile ground for prolife breeding. The treatment is very simple: remove the dirt by shampooing at least once in ten days and destroy the dandruff germs by frequently applying a little of the genuine Parisian Sage, a most efficient antiseptic liquid that Sherman & McConnell and the best druggists everywhere are now recommending as one of the quickest and safest treatments to surely stop itching scalp and falling hair, remove the dandruff and to properly nourish and invigorate the hair roots. Parisian Sage is also in great demand by discriminating women because it is delicately perfumed, does not color or streak the hair and gives it a softness and lustrance that fascinates and compels admiration.—Adv.
