Thought Nose Broken When Doctor Orders Whisky for Breaks

A belated account has been received of a recent automobile accident in which R. A. Leussler, vice president of the Omaha & Combil Bluffs Street Railway company, and Alvin Johnson, attorney, suffered injuries. In the rush of matters connected with the street car strike the real news of that accident was temporarily suppressed.

The accident occurred at Thirtyeighth avenue and Leavenworth street. A prominent physician, who happened to be passing in his automobile, ordered the victims into a house, where he attended them. He lent condition and repainted\$1,500 examined Mr. Johnson and announced that he had suffered a broken arm whereupon whisky was Price\$1.650 given as first aid. Mr. Leussler watched the proceedings for a while and then he exclaimed to the doc-

"I believe I have suffered a broken

nose." "We don't prescribe whisky for broken noses," the doctor replied. "I'll be derned if I can understand why whisky will help a man with a broken arm and be of no value to a man with a broken nose," was Mr. Leussler's rejoinder.

Make Rapid Strides Here

Rapid strides are being made by M. Gillan of the Chamber of Commerce in lining up the automobile reight and live stock transportation n and out of Omaha. Working with the Nebraska Railway commission. Mr. Gillan has been able to bring about the establishment of a stand-

The rate as established of a cent a mile per 100 pounds, up to 11/2 cents, the difference de-FOR SALE-Two-ton truck; perfect con- pending upon the classification and

g. the character of the freight. Attention is now being paid to the return load problem, and already it has been worked out to the extent that it has become possible for the truck owners to generally carry full loads to and from the points from which they start, or to intermediate

towns. Mr. Gillan is now figuring on a loading dock somewhere in the job-AUTOMOBILE electrical repairs: service bing district and at a convenient station for Rayfield carburetors and spint where merchants can deliver point where merchants can deliver consignments that are going out WANTED-FOR SPOT CASH, 100 USED on the truck lines. Auto truck owners now have to go from one jobbing house to another, picking up their loads. The erection of a warehouse with a moderate storage ca-

pacity is contemplated.

German Potash Mines Arc Stripped of Machinery

During the last few days the Nebraska potash producers have been receiving a large number of extremely high offers for their potash which is now in storage, as well as ocers for their output during the next two years. After investigating the source and reason for these offers at this particular time, the facts were borne out that the buyers of potash had very recently learned that the entire potash mines of Germany had been stripped of their machinery during the war period, and the iron used for the manufacture of munitions. This tondition naturally brought about the desertion of the German potash mines, and good authorities estimate that it will be between eight and ten years before these mines can again be put into opertion. This will mean that for a long time there will be a heavy demand for Nebraska potash and that the industry will continue upon a firm basis for a good many years to come.
