FINANCIAL

New York, Dec. 12.—Reasons for the early hesitation and later heaviness of to-day's stock market were provided by Di-rector General McAdoo's recommendation to congress, respecting existing railread conditions and the partial deadlock created by the war boards refusal to determining new prices of output for steel and iron.

Despite Mr. McAdoo's qualified disavowal of government ownership, his suggestion that federal control of the railroads be extended to five years, came as an unleasant surprise to financial and bank.

of the day, the surprise and flurry brought about by the radical downward revision in the government final figures quieted down, but the greater part of the enhancement of values remained unimpaired.
Oats sympathized only in a moderate fashion with the sensational rise of corn. The reason appeared to be the fact that the oats yield reported was one of the largest ever known.
Falling off in domestic demand tended to weaken provisions. Packers were sellers despite record-breaking shipments to the seaboard and notwithstanding the strength of corn and hogs.

SCHEDULE OF 140 **GAMES FOR 1919**

Season to Open About May 1; Club Owners Decide to Reduce Player Limit from 25 to 21.

Chicago, Dec. 12 .- After reconmending the adoption of a 140 game schedule for next season, opening about May 1, the annual meeting of the American league was adjourned late tonight to meet in joint session with the National league in New York on January 16. to consider problems confronting the resumption of base ball. A com-mittee from the National association of minor leagues will be invited to A move in the path of retrench-

ment was the decision to slash the club player limit from 25 to 21 men, starting 15 days after the pennant race has begun. But in order to take care of the players in the military or naval service, a special amendment was passed, so each club owner will be permitted to retain returned soldiers and sailors on his roster for 30 days. During this period, these players will not be in-cluded in the player limit. If at the end of that time they are deemed of major league caliber they will automatically be regarded as regulars and other players must be dis-missed to make room for them. The club owners voted to retain the National Base Ball commission

recently opposed for re-election.

Charles A. Comiskey, president of the Chicago club, was re-elected vice president of the league. The presidents of the Boston, New York Cleveland and Chicago clubs were

named the new board of directors. The 1918 pennant was officially awarded to the Boston club. "Strangler" Lewis Wins
