

SEA BLOCKADE WAR ESSENTIAL, DECLARES GREY

Britisher Hints Freedom of Seas Should be for the Members of League of Nations.

Dewsbury, England, Wednesday, Dec. 11.—Viscount Grey, former secretary of state for foreign affairs, speaking here tonight, devoted a part of his address to a discussion of the freedom of the seas. He said in part: "This is a matter which, it is feared, may create difficulties between President Wilson and the British government. I think it is a great pity that so much has been said about the freedom of the seas without it being defined. It is true there is considerable prejudice against the phrase largely due to the fact that it is believed to be a German phrase. It is not German, but American. It was made in the United States and the Germans adopted it and used it for their own purposes in a sense to which we have never agreed. Hence its unpopularity. But until President Wilson defines it and comes to discuss it with our government there is no need to anticipate difficulty about an agreement as to what it means."

IS ABLE TO WORK FIRST TIME IN TWO LONG YEARS

Tanlac Restores Health After Everything Else Had Failed.

"Yes, sir, I'm willing to go before a Notary and take an oath that Tanlac was the only thing that relieved my troubles after I had tried all kinds of medicines and treatments without success," said C. C. Sprague, who is well known for his interest in entomology, being an authority on the subject and having made one of the largest collections of butterflies from this and foreign countries ever exhibited in the United States. "My trouble started seven years ago with acute indigestion," continued Mr. Sprague, "and my stomach was in such a terrible condition that everything I would eat fermented and bloated me up with gas till I felt like I was going to choke and I was in misery most all the time. Then I suffered agonies from a pain in my back right across my kidneys, and my back became so weak, and hurt me so much that I could hardly stand on my feet or even walk, and just had to quit working. For two whole years I was unable to do a lick of work, then after being idle so long I just had to get at it, and at the time I started on Tanlac I would put in a week or two then I would give out and have to lay off for a while. Everybody I consulted about my trouble disagreed as to the cause, some saying one thing and some another, and although I spent over \$300.00 on medicines and treatments, trying everything I could hear of, nothing did me a bit of good, and I was as far from well as ever. "One day I read in the papers where a party had been helped out of troubles like mine by taking Tanlac, so I decided to take one more chance, and positively, I hadn't finished my second bottle before I noticed a decided improvement. I felt so encouraged that I kept it up till I had taken six bottles and I now feel as good as I ever did. I have a splendid appetite and my stomach never gives me the least bit of trouble, that awful misery is gone from my back and I never have an ache or pain of any kind. I never miss a day from my work now on account of sickness and I can get out in the woods and fields following my hobby collecting butterflies once more. I am so enthusiastic about the way Tanlac has fixed me up that I am constantly boosting it to all my friends."

Tanlac is sold in Omaha by all Sherman & McConnell Drug Company's stores. Harvard Pharmacy and West End Pharmacy under the personal direction of a special Tanlac representative. Also Forester and Meany Drug Company in South Omaha and the leading druggist in each city and town throughout the state of Nebraska.—Adv.

SAYS COLD WEATHER BRINGS RETURN OF INFLUENZA

Public Must Be Careful to Avoid a Second Epidemic. Easier to Prevent Than Cure. What to Do.

"Encouraging reports of the fewer cases of influenza in this vicinity should not allow us to relax our vigilance or to become careless in the future. The danger is all over," says a well known authority. With the coming of cold weather there is apt to be a return of this frightful epidemic and its seriousness will depend on the extent of the precautions, taken by the public, to prevent infection. When the air is full of influenza germs, you may be constantly breathing them in to your nose and throat. But the danger may be avoided and you may make yourself practically immune to infection if you destroy the germ before it actually begins work in your blood. During the recent serious epidemic, which hit Omaha very hard, most successful results were obtained by many through the simple breathing into the nose, throat and lungs of the medicated air of oil of Hyomei. Probably no better, safer or more sensible precaution against influenza, Grippe, Coughs, Colds, Bronchitis or Catarrh of the nose and throat could be employed than to go now to the nearest drug store and get a complete Hyomei outfit consisting of a bottle of the pure Oil of Hyomei and a little vial of rubber inhaling device into which a few drops of the oil are poured. Carry this Inhaler with you during the day and each half hour or so put it in your mouth and draw breath of its pure healing germicidal air into the passages of your nose, throat and lungs to destroy any germs that may have found lodgment there. This simple precaution may save you a serious illness and the loss of several weeks of work. It is pleasant and not at all expensive as the Inhaler will last a lifetime and further supplies of the Oil of Hyomei can be had at any drug store for a few cents. Hundreds of people in this vicinity used Hyomei in this way during the recent epidemic and avoided danger. They should not neglect it now for the danger is by no means past. FRENCH ASKED TO PLEAD CAUSE NEW GERMANY

Teuton Officers May Systematic Effort to Win Support of Prisoners for Hun Propaganda.

Paris, Dec. 12.—(Havas).—When it was evident that the end of the war was near Germany made a systematic canvass of French prisoners of war in an effort to find men who would plead the cause of "new Germany" in France, according to statements made by soldiers who have returned from enemy prison camps. This work began late in October, but the efforts of the Germans were redoubled early in November, it is said. The French prisoners were told that the German socialists wished nothing more than to live on friendly terms with their French comrades. German agents said they wanted to get in touch with French deputies, to announce the complete triumph of socialistic ideas in Germany and to convince them of the necessity of clearing up difficulties between the two countries, the prisoners say.

Appeals to Officer. George Ledebour, the German social democratic leader, asked a subordinate French officer to impress upon his comrades the importance of uniting the proletariat of Germany and France and impressing the French government with the plea that the armistice terms be made less onerous, it is said. Later another French officer is reported to have been brought before Dr. Eduard David, one of the German secretaries of state, who received him cordially, and urged that Germany must be fed and said there was a necessity of mitigating the terms of the armistice, especially as to the clause calling for the delivery of railway material.

Big Mass of Evidence of German Propaganda Ready for Disclosures

Washington, Dec. 12.—Voluminous documents showing light on the German system for blowing up munition factories and practicing sabotage and espionage have been assembled by the Department of Justice in preparation for disclosures, it was said today, but officials have not determined what portion of these it would be wise to give out, or when it might be done without interfering with activities of government agents still in progress. Files of the bureau of investigation are said to contain hundreds of names of German agents and Americans with whom they had dealings in gathering information about the nation's preparations, and concerning Germany's enemies before this country entered the war.

Woman Spiritualist, Arrested, Vanishes as Boasted Could Do

Chicago, Dec. 12.—Inspection of windows and doors at the psychiatric hospital today failed to account for the mysterious disappearance of Miss Madeline Leslies. Arrested during a seance of spiritualists, Miss Leslie was sent to the hospital when she claimed to possess the power to "vanish into thin air." This she seemed to have done, hospital authorities said.

Veterans of World War Form Service Society

New York, Dec. 12.—The foundation of a "war service society," composed of the men who served under Vice Admiral Albert Gleaves in the American convoy and transport service was laid here last night at a dinner tendered the vice admiral by his officers. The proposed society, it is said, will be the first patriotic organization to be formed by veterans of the world war and Commander R. B. Hendershott, who sponsored the organization, declared it was hoped the organization eventually would rank with the Sons of the Revolution.

New York, Dec. 12.—Borne on stretchers or hobbling on crutches, 396 wounded soldiers, representing almost as many units of the American expeditionary force, landed on Yankee soil again today from the United States hospital ship Mercy. The vessel reached quarantine last night from Bordeaux and docked this forenoon. There was scarcely a soldier among them who did not have a cheery countenance and a tale to tell, proudly but modestly, of "how we licked the Huns." We had pushed through the Germans for four miles. Shrapnel and machine gun bullets are what stopped me. But I embraced the life of a soldier and all that comes with it. TO MOTHERS! Keep your little pets physically fit, smiling, feeling their best always, by giving Cascarets, the candy cathartic, occasionally. Children love to take Cascarets. They are sweet candy-like tablets, but just wonderful to correct the little white tongue, feverish breath, sour stomach and colds. Cascarets gently "work" the bile, sour fermentations and poisons from a child's tender stomach, liver and bowels without gripping or injury. Mothers who depend upon Cascarets as the children's laxative save trouble, worry and cost. Each 10 cent box of Cascarets contains directions and doses for kiddies aged one year old and upwards.

Paris, Dec. 12.—A dispatch to the Temps from its Geneva correspondent says that a German newspaper in Switzerland says Crown Prince Rupprecht of Bavaria is preparing to attempt the restoration of the house of Wittelsbach, the ruling house of Bavaria.

"We are Ready for Duty on the Play Line, Mother"

TO MOTHERS! Keep your little pets physically fit, smiling, feeling their best always, by giving Cascarets, the candy cathartic, occasionally. Children love to take Cascarets. They are sweet candy-like tablets, but just wonderful to correct the little white tongue, feverish breath, sour stomach and colds. Cascarets gently "work" the bile, sour fermentations and poisons from a child's tender stomach, liver and bowels without gripping or injury. Mothers who depend upon Cascarets as the children's laxative save trouble, worry and cost. Each 10 cent box of Cascarets contains directions and doses for kiddies aged one year old and upwards.

You Can't Brush Or Wash Out Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the fingers. Do this tonight, and by morning most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have. You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.—Adv.

When Itching Stops

There is one safe, dependable treatment that relieves itching torture and skin irritation almost instantly and that cleanses and soothes the skin. Ask any druggist for a 35c or 50c bottle of zemo and apply it as directed. Soon you will find that irritations, pimples, blackheads, eczema, blotches, ringworm and similar skin troubles will disappear. A little zemo, the penetrating, soothing liquid, is all that is needed for it banishes most skin eruptions. The skin soft, smooth and healthy. The E. W. Ross Co., Cleveland, O.
