Engagements

Mr. and Mrs. M. J. Anderson announce the engagement of their daughter, Helen, to Mr. Robert Marinet. No date has been set for the wedding.

An interesting announcement to Omaha friends is the engagement of Miss Helen Elizabeth Houston, daughter of Mr. and Mrs. Charles D. Houston of Tekamah, Neb., to Capt. Theodore Metcalf, son of Mr. and Mrs. Richard Metcalf of Omaha. No date has been set for the wedding.

Miss Houston, who is a sister of Mrs. Victor Jeep, spends much time in Omaha. She is a graduate of the University of Nebraska and a member of the Kappa Alpha Theta sorority. The young officer, who is now stationed at Camp Greene, S. C., is also a Nebraska university graduate and a member of the Phi Delta Theta fraternity.

Mr. and Mrs. W. W. Long announce the engagement of their daughter, Mary Florence, to James W. Arnold; the wedding to take place during Christmas week. J. Clifford Long, brother of the bride to be, who has been in the service of Uncle Sam for some time past, is expected home on a short furlough at that time, to participate in the wedding. The ceremony will be performed by Rev. Father Borer at St. Peter's Catholic church.

The DOCTOR'S ADVICE by Dr. Lewis Baker

Frank writes: "I have been taking salts to purify my blood and cure my skin of itching and pimples, but don't get much benefit. Please prescribe for this."

Mrs. S. asks: "My scalp itches terribly, is feverish and a great amount of oily dandruff is present. What is good for this?"

NOTE: For many years Dr. Baker has been giving free advice and prescriptions to millions of people through the press columns and doubtless has helped in relieving illness and distress more than any single individual in the world's history. Thousands have written him expressing their gratitude and confidence similar to the following:

A Timely Toast

Here's to the man, who during the strike, looked out for the fellow who had to hike. Who shared his seat with the luckless man who was then deprived of his Wattle Sedan.

SPANISH INFLUENZA MORE DEADLY THAN WAR

Said That Epidemic Cost More Lives Than American Loss in Battle. Danger Not Over. Great Care Necessary To Prevent Further Outbreak.

The appalling ravages of Spanish Influenza in this country are perhaps best realized by the statement recently made, that more deaths have resulted in little more than a month from this disease than through our whole eighteen months' participation in the battles of the European War.

Our greatest danger now, declare authorities, is the great American tendency to forget easily and to believe the peril is over. Competent authorities claim the coming of cold weather is very apt to bring a return of this disease and there should be no let-up throughout the winter months of the following easily observed precautions, remembering that influenza is far easier to prevent than cure.

Influenza is a crowd disease. Avoid crowds as much as possible. Influenza germs spread when ignorant or careless persons sneeze or cough without using a handkerchief. Cover each cough or sneeze. Do not spit on the floor, sidewalk, in street cars or public places. Avoid the use of common drinking cups and roller towels in public places. Breathe some reliable germicidal and antiseptic air to destroy the germs that do find lodgment in your nose and throat.

Remember, no safer precaution against influenza could be employed in this manner than to get from the nearest drug store a complete Hyomei Outfit consisting of a bottle of the Pure Oil of Hyomei and a little vest-pocket hard rubber inhaling device, into which a few drops of the oil are poured. You should carry this inhaler about with you during the day and each half hour or so put it in your mouth and draw deep breaths of its pure, healing germ killing air into the passages of your nose, throat and lungs.

By destroying germs before they actually begin work in your blood, you may make yourself practically immune to infection.

All these suggestions about Spanish influenza are equally true in the prevention of colds, catarrh of nose and throat, bronchitis and pneumonia. Don't become careless. Do your part. Keep the germs away. You may save yourself a serious illness and the loss of several weeks' work.
