DANCING

HER FORTE

OMING with ten dancers, to present her latest ballet creation, Albertine Rasch is to be the stellar attraction this week at the Orpheum. She is artistically assisted by Paul Sandberry, Eight elaborate numbers are included in her program, tarce of them solo dances which Miss Rasch herself is to offer. Known as "the speaker of the house," Milt Collins, the monologist, has given his spare moments to a study of legislative bodies and he humorously satirizes the bombastic political speaker. This season he is appearing as "The Patriot." Yvette and Saranoff are to offer a musical act. Formerly Yvette sang to her own violin accompaniment. Now she is associated with Saranoff, who used to be known as "the gypsy violinist." Favorably remembered as a monologist, James J Morton is to be the announcer of every act on the bill. This he does in a most humorous and entertaining fashion. Bayonne Whipple and Walter Hudson are funnier than ever in "Shoes," their entertaining skit. Official war pictures, showing scenes just before the armistice was signed. will be shown in the films of the Weekly Allied Review. Zion canyon, Utah, will be the screen subject of the Orpheum Travel Weekly.

The minstrel fans of this vicinity will be pleased to learn that Harvey's Greater Minstrels, one of the very best and largest minstrel organizations on the road, is to appear in this city at Boyd's theater for five days, starting Sunday, December 15. Laughter, the creating of laughter, is the purpose of a minstrel as well as the rendering of tuneful music and pleasing songs The minstrel man has been known from almost the beginning of the world's history and was well known by the writers of Biblical affairs. It is this very characteristic of the minstrel which makes it capable of appealing to all classes and when the Harvey Greater Min strels appear in this city next week there will be seen hundreds of people in the theater who are not habitual theater-goers.

Dr. Kenneth K. MacAlpine Adjunct Professor

New York Post Graduate Medical School and Hospital Says that Nuxated Iron

Is in His Opinion the Most Valuable Tonic, Strength and Blood Builder Any Physician Can Prescribe. SPECIAL TO PHYSICIANS

Probably no remedy has ever met with such phenomenal success as has Nuxated iron-over three million people annually are taking it in this country alone. It has been used and highly endorsed by such distinguished men as: Hon. Leslie M. Shaw, former Secretary of the Treasury and Ex-Governor of Iowa; former United States Senator and Vice-Presidential Nomince Charles A. Towne; United States Senator E. S. Johnson; Judge G. W. Atkinson of the United States Court of Claims of Washington; Judge Samuel S. Yoder, Statesman, Jurist, formerly Surgeon-Major in the Army; U. S. Commissioner of Immigration Hon. Anthony Caminetti, and others.

WHAT DR. MACALPINE SAYS: "During sixteen years as Lecturer and Adjunct Professor of Special Surgery (Proctology) in the New York Post Grad-uate Medical School and Hospital, I never

nate Medical School and Hospital, I never had recourse to so valuable a remedy for building up the health and strength of de-bilitated, convalescent patients as Nuxated Iron. Severe tests recently made with Nuxated Iron have absolutely convinced me that it is a preparation of most ex-traordinary merit.

"If people would only realize that iron is just as indispensable to the blood as is air to the lungs and he just as particular

air to the lungs, and be just as particular about keeping up a sufficient supply at all times, there would, in my opinion, be far times, there would, in my opinion, be far less disease resulting from anaemic, weak-ened conditions. For years it was a problem with physicians how to administer iron in a form that could be taken up by the system and increase the red blood corpuscles without upsetting the stomach, blackening the teeth or producing other disorders almost as serious as the lack of iron itself. But the introduction of Nux-ated Iron has done away with all objectionable features of the old mineral salts of iron and gives to every careful think-ing physician a tried and valuable prescription which he can recommend nearly svery day with benefit to his weakened

Doctor, What Do You Recommmend to Renew the Supply of Iron in the Blood of People in a Weak, Nervous, Run-Down State?

Dr. MacAlpine, for 16 years Adjunct Professor in the New York Post Graduate Medical School and Hospital, says the introduction of Nuxtaed Iron gives to every careful thinking physician a tried and valuable prescription which he can recommend nearly every day with benefit to his weakened and run-down patients.

Dr. MacAlpine's opinion is borne out by the endorsement of such physicians as Dr. Schuyler C. Jacques, formerly Visiting Surgeon St. Elizabeth's Hospital, New the endorsement of such physicians as Dr. Schuyler C. Jacques, formerly Visiting Surgeon St. Elizabeth's Hospital, New York; Dr. A. J. Newman, late House Surgeon of Jefferson Park Hospital, Chicago; Dr. James Francis Sullivan, formerly Physician of Bellevue Hospital (Outdoor Dept), New York, and the Westchester County Hospital; Dr. Ferdinand King, New York Physician and Medical Author, and others. and others.

william R. Kerr, former Health Commissioner of Chicago, says Nuxated Iron should be used in every hospital and prescribed by every physician in this country. Now, Doctor, when you wish to prescribe a true tonic, strength and blood builder—one that puts the vim and energy into the velns of the weak, infirm, run-down and aged—why not try the same kind of iron—Nuxated Iron—that Dr. MacAlpine and other physicians have used with such success in their practice? Two five-grain tablets of Nuxated Iron taken three times per day after meals will often increase the strength and endurance of delicate, nervous, run-down folks in two weeks time. Your druggist will refund your patient's money if it doesn't.
