WAGE DEMANDS IMPERIL LARGE BERLIN PLANTS

Big Department Store Shut Down as Result of Refusing War Allowance: Newspapers Suspend.

London, Dec, 15 .- (British Wireless Service)-The strike in Berlin has reached serious proportions, according to a dispatch received here from Amsterdam. Only two newspapers are being published and these as small leaflets. It is estimated that 350,000 workmen are out.

Berlin, Dec. 15 .- The Zeitung Am Mittag and the afternoon editions of the Tageblatt and Vossiche Zeitung did not publish yesterday because of a strike arising from wage demands by the men in the composing rooms.

Skilled workers receive good wages. The fact that the members of the soldiers' and workmen's councils are drawing pay on the same scale has stimulated employes in many branches to accept that figure as the standard of pay.

The Wertheimer department store shut down today as a result of the firm's refusal to meet the demand of the women employes for an extra war allowance ranging from 100 to 500 marks each. The amount involved would total 1,500,000 marks. The firm offered a compromise of 700,000 marks, which was refused. The women walked out and organized a parade through the downtown streets. The Wertheimer management announced today that the salary increases granted in the last two years exceeded 3,000,000 marks.

Situation Becoming Acute.

That the labor situation in many of the big industrial plants in Berlin is rapidly becoming acute is evidenced by the peremptory demands made by the workmen and clerical forces in the Siemans and Halske electrical works and the allied Sicmans-Schuckert plant at Spandau. The wage schedules with which the management is confronted call for increases amounting to 124,000,000 marks annually. The firm last year declared a dividend of 13,500,000 marks. At one stage of the negotiaed to prevent the directors and executive officers of the firm from entering their offices.

The employes of the General Elec- with the government. tric company have presented a new wage schedule which provides for an annual increase of 120,000,000 marks. Leading manufactures of Berlin declare that the arbitrary demands of the workers will result, eventually, in forcing the big plants | between two dilemmas. to locate in the provinces, as othering out the danger of German industry being crippled.

McAdoo Predicts Success of Fifth Liberty Loan

New York, Dec. 15.-William G. McAdoo, in address here today on the eve of his retirement as secretary of the treasury, predicted the success of the fifth Liberty loan and declared that it was for a majority of the people to decide whether the nation's railroads should be privately or government owned.

Speaking at a "union peace jubilee" held by the congregations of six leading Episcopal churches, Mr. Mc-Adoo asserted that in the first four loans the people of America had displayed "a spiritual, almost relig-ions interest."

Self-Determination Club Prepares for Mass Meeting Soon

The executive committee of the ish Self-Determination club met at the Henshaw hotel Sunday afternoon to make arrangements for the proposed mass meeting to be held at some time in the near future. The selection of the date will depend very largely on the "flu" situation, and whether or no a quar-

antine will be in force.

Committees were named for the purpose of obtaining speakers and suitable place for the assemblage. The meeting will be for the purose of ratifying the doctrine of resident Wilson, that small naions should have the right of selfwill not be confined to persons of Irish birth or antecedents alone, but to all Americans who believe in the
