Relief from Eczema

Don't worry about eczema or other skin troubles. You can have a clear, healthy skin by using a little zemo, obtained at any drug store for 35c, or extra large bottle at \$1.00.

Zemo generally removes pimples, blackheads, blotches, eczema and ringworm and makes the skin clear and healthy. Zemo is a clean, penetrating, antiseptic liquid, neither sticky nor greasy and stains nothing. It is easily applied and costs a mere trifle for each application. It is always dependable.

PHOTO-PLAY OFFERINGS FOR TODAY

In addition to the feature and the news weekly there is being shown one of the new L-K-O comedy series.

OMAHA AIRMAN IS KILLED IN PLANE ACCIDENT.

LT. WALDO E. SHILLINGTON,
U. S. A.

Friends in Omaha have received notification of the death of Lieut. Waldo E. Shillington, U. S. A., in an airplane accident in France December 5. His relatives reside in Norfolk, Neb.

Lt. Shillington graduated about three years ago from the Central high school in Omaha. He later entered Creighton university and was in his junior year when he enlisted in the aviation service, leaving here about Thanksgiving day of last year.

Previous to that he had taken a course in the officers' training camp at Ft. Snelling, Minn., but did not receive his commission at that time. He therefore returned to Creighton university and organized the cadet regiment at that institution last year.

It is not known by Omaha friends of Lt. Shillington just when he received his commission, but it is thought it was several months previous to the signing of the armistice. The details as to his death have not been received.

Charges of Cruelty Made Against Fireman in Divorce Petition

Elizabeth Hammond, in a divorce petition filed yesterday in district court, charged her husband, William D., with cruelty. She refers to him as a city fireman and states that she was married in Omaha September 8, 1916. The petition relates that after the birth of her baby in June, 1917, she became an invalid and lived with her mother-in-law until she went to the home of her father. It is further alleged that husband and mother-in-law refused her the privilege of taking her baby to the home of her parents. "She was unable to enter into a physical contest with the mother-in-law," the petition reads.

Mrs. Hammond relates that she has had to walk on crutches since the birth of her child.

Sergeant Horne Says It Is Cold, but Blankets Plentiful

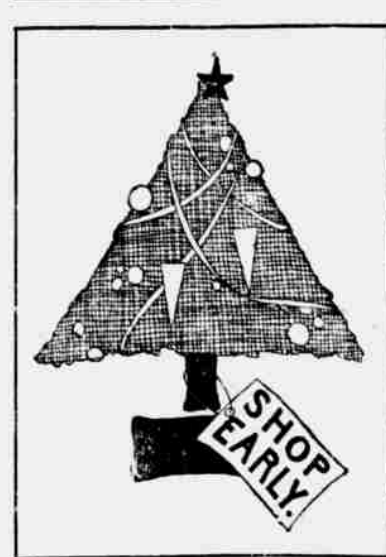

W. W. P. Horne of the Thompson-Belden company received a Christmas letter from his son, Sgt. Howard C. Horne, this morning in which he says his company has been moved from the southern part of France and are now up in the northern part. Quoting from his letter, he says: "It is pretty cold up here, but we have good straw ticks and plenty of blankets so we manage to keep warm." Captain Lindquist is town major, an officer which compares to the city mayor in the states, so we are running things pretty much to suit ourselves. A good many of the boys are beginning to leave for home now, but it looks like we will be kept here for some time yet; probably some time next summer. On our next move I will get about 12 Ford ambulances and drivers. The rest will make the trip on the train. Tell the folks that our company is about the only one over here which has not been split up, but so far we have been kept intact and we surely appreciate it."
