Merchandise Certificates

Issued for any amount you say and redeemable in any section of our store. Just call Mr. Porter, Douglas 2100, and give your order.

Any Woman Will Appreciate an "Eppo" Petticoat as a Gift

THE "Eppo" petticoats are made of a particularly good quality of silk—and that means a good deal when you consider the difficulties in getting silks at the present time.

There is no opening in the back of the "Eppo"—it is snapped up at one side in front. An elastic is run through the back in such a way that the gathers are always perfectly adjusted, no matter how far the elastic stretches.

The colorings are those most favored for the season.

Burgess-Nash Co.—Second Floor

The materials are all-taffeta, all-satin and all-jersey and combinations. The snaps and placket are the flattened and smoothest imaginable, the placket being cut in one strip and all the tailoring of the best. At the placket belt there are double snaps, the fullness over the hips is taken up in smoothly fitting darts.
