GOOD FELLOWS MAKE RESOLVES FOR NEW YEAR

Not One Member Resolves to Quit Drinking or Smoking: All Are to Remain Boosters.

"A New Year's resolution" was the all-important topic at the meeting of the Good Fellowship committee of the Chamber of Commerce Monday. Dr. Robert H. Wheeler of Wheeler Memorial church on the South Side acted as chairman, and after luncheon a slip of paper was laid before each member on which he was asked to write his New Year's resolution.

The ownderful thing about the meeting was the absolute conviction all carried away that "times have certainly changed." Not one memher raised his hand before his fellow men and said "I resolve to quit rinking." The Reed amendment had already attended to that. Smoking was not mentioned either, prob-Lbly the good fellows feeling that ate. enother amendment would come

This is where they brought all the German submarines. There are about 125 of them and they are surely good ones. It is a wonder they didn't win the war with their submarines as they intended to.

After having fifteen years' protection for \$1000.00, Mr. Mosgrove delivered to me on date of maturity of policy your check for \$578.06, which was the cash surrender value of policy and \$140.81, more money than I paid you, which I consider an excellent settlement.

The other options of settlement which you offered me were good, one of which was to receive the cash surplus at this time of \$253.00, and have a paid up participating life policy on which I would receive an annual cash dividend the remainder of my life and the policy payable at death.
