Miss Morton, who is one of the most attractive girls of the younger set, is a very accomplished pianist. She attended the Central High school, but wishing to devote all her time to her art instead of academic studies, spent three years in Boston and New York studying under famous teachers. She has appeared in concert at various times and has given of her services unstintingly for the cause of charity and for war

Mr. Jobst is also well known in the younger set, as he is a graduate of the Central High school, later attending the University of Nebraska and the University of Illinois. He is a member of the Delta Tau Delta fraternity. Mr. Jobst was stationed at Fort Omaha, where he was a flying cadet, and has but recently received his discharge.

Gerry asks: "For several months I have not been feeling well. My skin is sallow, my tongue is coated, bave headache, am sleepless, nervous and bothered with chronic constipation. Please help me." Answer: You need a laxative blood cleansing treatment in the form of Three-Grain Sulpherb Tablets (not sulphur). Overcome the tendency to constipation and gradually your good health and pure blood will return.

Mrs. B. writes: "I hesitate to ask advice as my case is so unusual. In a word, I am tired and worn out all the time. Rest does not refresh me. I have been married over a year and formerly did not know what it was to be tired or nervous. Sometimes I feel hysterical. I fear I will become a nuisance to my husband if this continues." ening my system."

Answer: Use the following and your cold and cough will vanish and you will soon be strong again. Get a 2½ oz. bottle of Concentrated Essence Mentho-Laxene and take every hour or two. This can be taken pure or made into a full pint of home-made syrup. Full directions as to use will be found on bottle. This is a mild laxative and will drive the cold from the system.

Answer: Your nervous system has been depleted. You need a tonic invigorating medicine that will aid in supplying more food-energy to your nerves. Take Three-Grain Cadomene Tablets regularly for sev-

There's Money Minutes

Time Savers of today are the Dollar Savers of tomorrow.

"Time is money." If you are wasting either you are wasting both.

The employee who wastes his employer's time, is doubly guilty -he is not only dishonest with his employer, but also dishonest with himself; he is stealing something he can never replace.

In the great contract we have taken upon ourselves to reconstruct the ruined industries of the world-there is a clause which reads: "Time is the essence of this contract"—in other words we must think faster and work harder than ever before in the world's history.

Ingenuity must make up for the lack of man-power-brain must take the place of brawn-just as the steam shovel does the work of one hundred men with pick and shovels. We cannot shorten the time it takes nature to grow crops-

so we must devise ways and means of plowing and planting two acres in the same time it now takes for one. We must provide work and food for our own, as well as caring for the unfortunates of Europe and that means we must
