### Public Memorial Meeting for the late THEO. ROOSEVELT at Muny Auditorium SUNDAY, January 12 8 P. M.

# Wapid Lenape! Yenges! Yankees! Yanks!

The origin of names and words is an interesting study. It is stated that the Red Man used the words "Wapid Lenape" as a name for the first white men who landed on America's shores. When the English came in fairly large numbers the Indian, in his effort to speak their language, called the English Yenges, and then the change to Yankees was easy, but it remained for this world war to find the name "Yanks," by which our boys will always be known—a name which will be a synonym for bravery and courage—while history remains and while the world lasts. How the cataclysm has affected our lives, our habits and our fortunes. Everything we eat, use and wear have felt its influence—nowhere to a greater extent than in the Linen and Cotton trade.

We were, indeed, fortunate in our contracts and purchases and thousands of our customers have reaped the advantage in this, the
