

AIRPLANES MAY BE BUILT HERE SAYS ASHMUSEN

Pioneer in Aircraft Production Now Here Says Omaha Is Logical Place for Factory.

Omaha may soon have another good industry added to its growing list.

Henry W. Ashmussen, pioneer in aircraft production, is here to organize a concern to build airplanes in this city.

"Now there are only two plants in the country where complete airplanes are built," said Mr. Ashmussen. "Omaha, in its rich and central location, is an ideal place to develop the airplane building industry. Hundreds of flying men are coming home from war soon, and many of them are keen to continue their flying. Omaha is to be on the air mail route. There is no reason why Omaha shouldn't be in the airplane business just as big a scale as any eastern city."

The military tractor biplane, which may be displayed at the Omaha automobile show March 10 to 15, was designed and built in its entirety in Ashmussen's plant at Providence, R. I.

"I've spent years perfecting the engine," said Ashmussen. "It has passed government tests perfectly. The plane here now was used by the government at Langley field, Hampton, Va., until the armistice was signed."

Ashmussen years ago was in the electrical business in Omaha. In 1917 he became interested in aviation and has been actively connected with the industry since. He was one of the first members of the National Aeronautical society.

John W. Kurtz, business manager of the Omaha Daily News, is financially associated with Mr. Ashmussen in his Omaha undertaking.

Headquarters of Sinn Fein Party in Dublin Raided

Dublin, Jan. 11.—The headquarters of the Sinn Fein organization in Harcourt street were raided this morning by the police.

The raiders found pamphlets addressed to American soldiers in Ireland. They contained this question: "Did you win the war in order to knit Ireland's chains?"

The pamphlets added: "We helped to win your independence. Will you help us win ours?"

Roosevelt Memorial at the Auditorium Tonight

To do honor to the memory of Theodore Roosevelt, thousands will gather in the municipal auditorium tonight at 8 o'clock.

The musical program, in connection with the memorial, will include vocal solos, "Good Shepherd" and "Fear Not, Ye of Israel," by Harry Distrow, accompanied by Vernon C. Bennett; a vocal solo, "But the Lord is Mindful of His Own," by Miss Cella Feiler, and a violin solo, "Adoration," by Miss Helen Sommer.

French Refuse to Give Recognition to Bolsheviki

Paris, Jan. 11.—The British government recently submitted to France a proposition involving an effort to obtain a truce in Russia, which, if successful, would have led to the admission of delegates of the Russian soviet government to the peace conference, according to a statement made today by Stephen Pichon, the French foreign minister.

The foreign minister declares in his statement the opposition of the French government to any plan which would give the present bolshevik regime in Russia any recognition whatever. The "criminal regime of the bolshevik," he insists, "does not entitle them to recognition as a regular government and France was resolved to continue treating the soviet organization as an enemy."

New World's Record for Hog Prices at Algona Auction

Fort Dodge, Ia., Jan. 11.—(Special Telegram.)—A new world's record in hog prices was established in the sale of J. A. Vipond & Sons of Algona, when 50 head of Duroc Jersey hogs averaged \$510 each.

The highest price paid for a single sow was \$1,400, paid by Harry S. Fain. This sow was by Great Wonder 1 Am, and is a record price for a yearling gilt. The boar, Great Wonder 1 Am, heads the Vipond herd, and an offer of \$30,000 was refused for him last fall. Colonel Putnam of Tecumseh and Colonel Stickleman of Clarinda, Ia., conducted the sale.

Gen. Bell Laid to Rest With Full Military Honors

New York, Jan. 11.—Funeral services with full military honors were held late today at Governor's Island for Maj. Gen. J. Franklin Bell, U. S. A., commander of the Department of the East, who died in a hospital in this city Wednesday night. Then the casket was taken on a government boat to New York and sent to Washington for interment in Arlington cemetery next Monday.

Hospital at Archangel

Washington, Jan. 11.—Establishment of a base hospital of 100 beds at Archangel was announced today by the American Red Cross. Eighty patients, almost all of them Americans, were said to be receiving treatment.

Chicago, Jan. 11.—Evidence designed to show that the use of narcotics in treating influenza and pneumonia is an error was submitted today at a public hearing as the result of a campaign conducted by Health Commissioner Robertson and the morals commission of Chicago.

HOOVER WANTS OLD CLOTHING FOR BELGIANS

Relief Commission Makes Special Plea for Donations to Suffering People in Devastated Countries.

The war is over, but the suffering it brought is still intense and in the lands which the Huns devastated there are now millions of persons who are destitute of many of the necessities of life. The call for Christian charity is still insistent and America, almost untouched and unscathed by the horrors of war, is the logical nation to offer help to the poor people of invaded countries.

Lack Warm Garments.

Millions of people in Belgium are without warm clothing and, although America still has more than plenty, she is just a little slow to answer the plea of the poverty-stricken people across the sea.

American is not selfish, it is the most generous nation on earth. But, since the war is over, it has not realized that people in war-torn countries are still suffering awful hardships and many will not be able to live throughout the winter unless America shares its wealth with them.

Clothing Problem Unsolved.

Herbert Hoover and the American food mission have arranged for sending food to these poor people, but the problem of clothing them is still unsolved. Five million persons in northern France and Belgium must be clothed from the surplus in America.

It seems like a gigantic task, but it will be simple if Americans will donate some of their old clothing for the cause. The Commission for Relief in Belgium will send all clothing free to Belgium.

A special plea for old clothing is made in Nebraska this month and the commission hopes to send several carloads from here.

Establish Headquarters.

Headquarters have been established at 219 North Eleventh street and clothing left there will be sent direct to Belgium. Persons unable to bring their donations may call the Gordon Van and Storage company, who will call.

U. S. MEN BEING DISCHARGED FAST REPORTS MARCH

American Demobilization Is Proceeding More Than Twice as Rapidly as British.

Washington, Jan. 11.—Demobilization of the American army, General March, chief of staff, said today, is proceeding at a rate which comparative figures show to be more than twice as fast as the British demobilization. Actual figures up to January 10 of men discharged from the American army showed a total of 693,889.

British discharges to January 7 numbered 352,658. American officers to the number of 47,028 have been returned to civil life, while on January 7 the British had discharged only 3,038 officers.

Army of Occupation.

The official record announced by General March showing the location in France and Germany of the American divisions, gives 11 divisions as comprising the army of occupation. Comparison with the last official announcement of the composition of this force shows that the Seventh (regular) division, under Maj. Gen. Edmund Whittenberger, has been added to the Eighty-ninth (Kansas, Missouri and Colorado national army), and Ninetieth (Texas, Arizona, New Mexico and Oklahoma national army), divisions have been detached from the army of occupation. This reduced the aggregate strength to 11 divisions from 12.

The list shows also that the following divisions have been "skeletonized," indicating they have been placed on priority for early conveyance home for use in part as replacements:

Thirty-first (Georgia, Alabama, Florida national guard).
Thirty-fourth (Minnesota, Iowa, Nebraska, North and South Dakota national guard, part has sailed for home).
Thirty-eighth (Indiana and Kentucky national army).
Eighty-sixth (Illinois national army).
Thirty-ninth (Louisiana, Mississippi and Arkansas national guard).
With the exception of the Thirty-ninth some units of each of the divisions noted already have been announced as returning home.

Guards Keep Watch Around Castle Where Former Kaiser Lives

Amerongen, Jan. 11.—Since the recent illness of William Hohenzollern, the former German emperor, most stringent precautions have been taken against the approach of strangers to Amerongen castle. Guards maintain a close watch around the castle. All arrivals in the village are immediately interrogated by detectives who meet all incoming surface cars.

When Herr Hohenzollern took advantage of a sudden burst of sunshine today to walk in the rose garden with an aide, the apertures in the walls, which had been opened up today, were covered with thick straw to prevent anyone from looking in.

From a point of vantage, however, the correspondent saw the former emperor walking about briskly.

Lloyd George to France.

London, Jan. 11.—The British delegates to the peace conference left for Paris this morning. Premier Lloyd George, with the premiers of the dominions and the representatives of India, traveled by the ordinary route. Andrew Bonar Law, the chancellor of the exchequer, made the trip by airplane as he invariably does when he goes to France.

Victims of Holman Island Tragedy Buried at Magnolia

Missouri Valley, Ia., Jan. 11.—(Special.)—The funeral services of the Wilbur Johnson family, victims of the Holman island tragedy,

were held at the Christian church here yesterday morning and the services were largely attended, four hearses were required to convey the five bodies to the church and thence to the Magnolia cemetery where the interment took place. The bodies were buried in three graves, Mr. and Mrs. Wilbur Johnson in a double grave, Mrs. May Jones and her son in another double grave, and Rex Johnson in a single grave.

Why There Must be a Scarcity of SUPER-SIXES

There have never been enough Hudson Super-Sixes to meet the demand.

Production was to have been stopped January 1st. Then, unexpectedly, the ban against manufacture was lifted. Orders for closed cars remained to be filled. So when authority to continue manufacture was given, all efforts were turned to filling those closed car orders

That is the condition today. No open car models, the seven-passenger and the four-passenger phaetons, will be built for some time. Normal factory production cannot be resumed before June.

Only a few open cars are in the hands of dealers. The factory will have none for some time. If you want an open model Super-Six, the type that has given Hudson so much pres-

tige, you should try to get one of those now in stock. The first suggestion of Spring will exhaust all that are now available.

The Super-Six owes its leadership—not alone to the performance and endurance it has proved, but to its dollar value.

What car in performance, durability, reliability, smartness and beauty at any price excels the Super-Six? The seven-passenger Hudson phaeton sells at \$2,200.

60,000 Super-Sixes have made the White Triangle known on every highway
