

## WAR MUSEUM IS PROPOSED BY WEBSTER

Dinner to Be Given Next  
Wednesday to Bring Propo-  
sition Before People  
of Omaha.

Today invitations will be sent to the members and friends of the Omaha Fine Arts society for a dinner to be given at the Hotel Fontenelle next Wednesday at 7 o'clock. Due to the short time before the event, John L. Webster has requested that the dinner be announced, that members may not make other engagements before the invitations arrive.

The erection of a "war museum" will be discussed at the dinner. Many business men have become interested in the erection of a large museum for displaying war relics, according to Mr. Webster. It is Mr. Webster's plan to erect such a building with the aid of subscriptions of a large organization which would be formed.

"I would erect a \$500,000 building, something that would be architecturally a credit to Omaha. My plan is to have the lower floor of the building devoted to war relics, and the second floor to paintings. There would also be a small auditorium for gatherings. If it were possible I would have bronzes of soldier statues guarding the entrance, with perhaps a German cannon or two thrown in."

Mr. Webster wants in emphasized that the dinner next Wednesday is given in honor of the women, as specified in the invitation. He intimates that without them the museum would probably be a failure.

"We wish to revive the interest in art, which has become somewhat dormant during the war in Omaha," concluded Mr. Webster.

### Hayes-Rollins

Miss Cora Rollins, daughter of Herbert Rollins, and Elmer Hayes, were married by Rev. Charles W. Savidge Wednesday at 2 p. m. They were accompanied by Miss Mollie Owens and Ervin Harrell of Oakland.

Sofia, Bulgaria, Jan. 15.—In addition to the Greek populations from Thrace and eastern Rumelia, the Musselman communities in Bulgaria are bitterly attacking the Bulgarian government as a result of the oppression exerted in Musselman villages and against the mosques. Recently in the Bulgarian chamber Musselman deputies introduced an interpellation in which the character of the Bulgarian administration was bitterly attacked because of the fact that the Bulgarian authorities had ordered that the mosque in Sofia be razed. The deputies also referred to seizure of the fortunes of Musselmans in Thrace who were called to the colors.

Relics of the primitive man  
gathered from mounds near Child's  
Point and Elk Hill are lying in a  
store room of the South Side  
library unseen and unappreciated.  
So rare are some specimens of the  
collection, that at one time the Na-  
tional Museum at Washington asked  
permission to make replicas of them.

Members of the High school,  
South Side faculty, in company  
with R. F. Glider gather the ma-  
terial more than a year ago. A  
museum in the South Side library  
was at that time planned, but was  
never established. The specimens  
have since been stored.

Native shells used for spoons;  
pottery shards thinner and more  
finely worked out by cliff dwellers;  
shoulder blades of bones used as  
hoes; and hematite or iron ore used  
to make paint for decorating orna-  
ments are to be seen. Bones of  
human beings partially cremated are  
among the collection.

Steps will be taken soon to place  
these relics in a museum. In the  
meantime there is an opportunity  
for South Side citizens to view them.

and bowel disorders, too, are in-

of perfect health.

In fact, weeks and months may  
elapse before complete good health  
returns to the victims of this dread  
malady. It is the part of wisdom  
not to dispense with your physician's  
services too soon, for in time he  
will usually advise a good tonic up-  
building medicine that will aid in  
restoring vigorous digestion and  
full nutrition. Physicians and the  
public universally recognize the  
safe, sane, rejuvenating power that  
lies in the bitter herbs and barks,  
such as Calassaya bark, Palmetto  
root, Damiana, Nux Vomica and also  
in Iron Peptonate and Phosphide.  
These drugs represent the main con-  
stituents of three grain Cadomene  
Tablets and as the formula is printed  
on the label any person should  
feel that here is no secret dope or  
nostrum, but a genuine beneficial  
tonic, and such it has proven to  
thousands, both old and young. El-  
derly folks especially find perma-  
nent strength and improved vitality  
very quickly. Digestion improves,  
appetite returns, restful sleep fol-  
lows and soon a strong, vigorous  
body and a harmonious nervous sys-  
tem rewards the convalescent. All  
good druggists supply Cadomene  
Tablets in sealed tubes with full di-  
rections. Show the package to your  
physician who should at once recog-  
nize the noted formula of a special-  
ist.—Adv.

## People of Petrograd, Famishing, Ask That Soldiers Shoot Them

Stockholm, Jan. 15.—Hunger riots  
took place in Petrograd on Saturday  
and Sunday, according to advices re-  
ceived here. Ten thousand people  
paraded, shouting for bread, and  
were fired upon by bolshevist troops,  
who are said to have been Letts.  
Desperate from hunger, the crowds  
are reported to have asked the sol-  
diers to fire upon them.

## "TIZ" FOR TIRED AND SORE FEET

Use "Tiz" for puffed-up,  
burning, aching, calloused  
feet and corns.

Why go limping around with aching,  
puffed-up feet—feet so tired,  
chafed, sore and swollen you can  
hardly get your shoes on or off?  
Why don't you get a 25-cent box of  
"Tiz" from the drug store now and  
gladden your tortured feet?

"Tiz" makes your feet glow with  
comfort; takes down swellings and  
draws the soreness and misery right  
out of feet that chafe, smart and  
burn. "Tiz" instantly stops pain in  
corns, callouses and bunions. "Tiz"  
is glorious for tired, aching, sore  
feet. No more shoe tightness—no  
more foot torture.—Adv.
