

## NEBRASKA PUTS DRY AMENDMENT IN FORCE BY VOTE

Thirty-Sixth State to Ratify Prohibition Law for United States; Governor McKelvie Sends Notice.

From a Staff Correspondent.  
Lincoln, Jan. 16.—In the presence of reporters, a photographer, and a few others, Gov. S. R. McKelvie this afternoon signed the certificate attesting that the Nebraska legislature had ratified the prohibitory amendment submitted to the states by congress—the thirty-sixth state to do so—making the national dry law effective.

It was not necessary for the governor to sign the dry law, he merely acting in the capacity of messenger to inform the members of congress of the action of the Nebraska house and senate.

**Wards Off Injunction.**  
Governor McKelvie took steps to prevent any slip in the plans. He announced he would rush the certificate to Washington to prevent being served with injunction papers, the wetts having previously indicated that they planned to hold up proceedings here by such a step.

The certificate was placed in a special delivery registered letter and mailed on the afternoon Burlington to the secretary of state in Washington.

At 10:30 today the office of the Nebraska secretary of state sent this telegram to the Board of Temperance, Washington, D. C.:

"Board of Temperance, Washington, D. C.: Nebraska's ratification of the prohibition amendment completed at 10:25 even date. Senate voted on the 14th instant: Yeas, 31; Nays, 1. House voted on the 16th instant: yeas, 98; nays, 0.

**Action Brief in Senate.**  
The state senate wasted very few seconds today in completing its part of the ratification of the national dry amendment.

After the house had passed the amended senate bill the measure came back to the upper chamber for concurrence in the amendment and on the roll call, 30 senators voted

## Czecho-Slovaks Occupy Bavarian Frontier While Poles Invest Bromberg

Spartacans Surrender After Battle With German Government Troops at Buer, Prussia; Attempt to Overthrow Bavarian Government Frustrated; Snipers Continue Their Activities in Berlin.

Amsterdam, Jan. 16.—According to a dispatch from Eger, Bohemia, the Czecho-Slovaks have occupied the Bavarian frontier. Pickets are within hearing distance of each other along the entire Bohemian-Bavarian frontier.

The Polish legationaries have advanced to within two miles and a half east of Bromberg, a town of Prussia, in the province of Posen, according to a report received by the Vossische Zeitung of Berlin. The Poles now practically invest Bromberg.

A regular battle with machine guns and rifles has occurred at Buer, Prussia, between government troops and Spartacans, who had barricaded themselves in the town hall, according to a dispatch from Dortmund.

The Spartacans finally hoisted the white flag and surrendered. Upon retirement of government forces the Spartacans seized the machine guns belonging to the troops and reoccupied the town hall. The chief burgomaster was retained temporarily by the Spartacans as a hostage, but later was released. Five persons were killed in the course of the fighting.

**Spartacan Plot Foiled.**

Munich, Jan. 16.—(By Associated Press.)—An attempt to overthrow the Bavarian government was

for it to one against Senator Tanner casting the negative vote. Tanner had previously voted in opposition to ratification when the measure was up to the senate for final passage.

Senators Hall and Houston, who were unavoidably absent from the chamber when the vote was taken, approving the house amendment, later came in and asked to have their votes recorded in favor of it.

Then Lieut. Gov. P. A. Barrows announced to the chamber he was about to sign the bill, S. F. No. 1, and a few seconds later the formalities were completed so far as the senate was concerned. A message was sent to the house and to Governor McKelvie, announcing the senate's action.

Practically the entire session today was taken up with the ratification proceedings.

**Bexten to Become Head of Boy Scout Encampment**

Louis N. Bexten, electrical engineer and teacher at the Central High school, has resigned from the faculty to accept the superintendency of the Boy Scout camp on Child's Point. Mr. Bexten will have charge of planning and erecting the camp besides doing general Boy Scout work at the scout headquarters.

Camp Reed, the 1918 Central High cadet encampment, was laid out by Mr. Bexten and erected under his direction. At present he has charge of a troop of scouts. He will leave the school at the end of the semester.

**To Cut Down Dodge Hill at Cost of Hundred Thousand**

One of the biggest street grading operations undertaken here will start early this summer, when the Dodge street hill will be cut down. The ordinance providing for it was introduced in the city council yesterday, backed by petitions from nearly all the abutting property owners. All that remains is to make appraisal of damages to property and let the contracts for the work.

The cut will be as much as twenty-two feet in depth at Nineteenth and at Twentieth.

The total cost of the job is estimated at \$100,000.

**Injured in Collision.**

C. H. Gilbert, 4579 Pinkney street, suffered a fractured collarbone and body bruises yesterday afternoon when an automobile truck which he was driving collided with a street car at Seventeenth and Webster streets. Gilbert was taken to the Lord Lister hospital. The auto truck was damaged badly.

## AMERICANS IN RUSSIA SAVED BY 'HUSKY' DOG

Canine Warning Leads to Discovery of Bolsheviks Moving Through Swamps to Cut Off U. S. Force.

With the American Forces in Northern Russia, Dec. 16.—A white "husky" dog, apparently the mascot of a bolshevik regiment, recently saved an American company from an ambush in the bushwhacking war near Kadish. The Americans had a large rear guard outpost a mile behind the town, and the bolsheviks, heavily reinforced and with considerable artillery, began shelling the American positions. The Americans successfully repulsed all attacks and were keenly watching the swamps bordering the road in their rear. One afternoon a segment of the rear guard, who had participated in previous engagements, during which a white "husky" appeared with the bolshevik forces, saw the dog in the woods.

The warning, followed by a bit of scouting, led to the discovery that the bolsheviks were moving through the swamps to cut off the Americans in the rear at the Petrograd road. The troops were able to withdraw in the darkness to the positions behind a bridge over the Emtsa river.

The battles around Kadish have been the most stubborn and difficult that the Americans have had in Russia up to this time. In their advance beyond the town they were constantly harassed by bushwhacking parties appearing simultaneously in their rear and on both flanks in the swamps. The original crossing of the Emtsa river in the direction of the town was attempted three times by the Americans with considerable losses before it was finally accomplished.

Difficulties of moving transport trains of little Russian peasant carts over the swampy roads have led to many hardships, including shortage of rations, and at one time, miles from his medical equipment, the American surgeon was forced to amputate the leg of a wounded man with a pen knife.

**YOU MEN WHO PAY THE FAMILY SHOE BILLS**

Tramping 18 miles a day, Mr. H. M. Foreman, a mail carrier of Allentown, Pa., found that shoes with ordinary soles last about one month. But he says a pair of Neolin-soled shoes gave him more than nine months of service, in which time he walked over 4,000 miles.

His experience shows how you may save shoe money by providing your family with Neolin-soled shoes, which give extra wear where other shoes wear out quickest.

You can get Neolin-soled shoes in any type of shoe you want. Prices are about the same as for shoes that give only ordinary wear, sometimes they are even less. If your dealer hasn't the style you want, he can get it for you quickly. Remember, Neolin Soles are created by science to be what shoes should be. They are available everywhere for re-soles as well as on new shoes. They are made by The Goodyear Tire & Rubber Company Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear any other heels.

## FORTY-SIX I.W.W. HELD GUILTY OF ANTI-WAR PLOT

(Continued From Page One.)

were asked to mark their claims for exemption "I. W. W. opposed to war." They sought to bring out the sort of government that exists in Russia today. It is that sort of disorder they would have us live under."

**Woman Held Up To Scorn.**

Miss Theodora Pollok, the only woman defendant, was called by Duncan "just as disloyal as Bill Haywood, the executive head of the organization."

"She could have past her lot with the United States when it was sadly in need of her talents," he said, "but she chose to cast it with this treasonable, disloyal outfit. She had money to give this I. W. W. organization, but not one cent to give her government."

In his charge to the jury, United States District Judge F. H. Rudkin of Spokane, who heard the case, said:

"The mere fact that these defendants are Industrial Workers of the World should not justify a verdict of guilt. The fact that they may be found to be conscientious objectors to war should not be held against them in the consideration of this case. Opinions which they hold in opposition to war and which undeniably stand alone are not an evidence of guilt."

Judge Rudkin interpreted the legal meaning of conspiracy and read certain portions of the conspiracy act, which the defendants are accused of conspiring to violate.

Referring to the "silent defense" of 43 of the defendants, who have spoken no word and have been represented throughout the trial, Judge Rudkin said that such silence should not be held against them.

## Serbs Must Go With Jugo Slavs to Peace Meet

Paris, Jan. 16.—Serbia cannot take part in the peace conference unless represented in a delegation from the combined Serbo-Croatian-Slovene state, the Jugo-Slav committee here declares in a protest issued against the decision of the supreme council to admit delegates from the kingdom of Serbia only.

The committee declares this action threatens to provoke a conflict which might have serious consequences, and the refusal to accept the delegates of the United States would make it impossible for Serbia itself to participate in the conference.
