

South Side SWIFT PACKING COMPANY GIVES MEN JOBS BACK

**Former Employees Released
from Army Return to Old
Positions With Prevail-
ing Rates of Pay.**

Fifty-three men discharged from the national army have been reinstated in their old positions at the Swift Packing company. Old jobs for the returned men, with prevailing rates of pay, is the policy of the company, and is bringing back former employees with great rapidity.

The work of reinstating men was given a flying start by the announcement of Louis F. Swift, president of the company, that all of the 7,434 Swift employees who answered the call to arms would find their old jobs waiting for them on their return.

Howard M. Sloan, a cattle buyer, is one of the employees anxiously awaited by his former employers. Sloan was one of the "Devil Dogs" that held the Huns at bay at Belleau Wood last June. In the fighting there he lost part of one hand, and was wounded in the leg. At present he is recuperating at the Great Lakes hospital, but he expects to return to his old job within a few weeks.

South Side Man Held For Passing Forged Checks on Local Firms

Frank McGill, 3522 Z street, was arrested yesterday afternoon and booked for investigation. According to D. E. Larson, a teller in the Live Stock National bank, McGill attempted to cash a check for \$114.30, drawn by Raleigh R. Krebs of the Krebs Commission company, and made payable to the F. P. Lewis Commission company.

McGill ran upstairs to the offices of Attorneys Sullivan and Jamieson, where the police found him. After they had taken him to the station, they found he was wearing Jamieson's coat and cap.

Henry Degart, who runs a soft drink parlor at Twenty-fifth and N streets, later identified McGill as the man for whom he cashed a \$48.25 check, drawn by the John Harvey Commission firm, and payable to the F. P. Lewis company, according to the police. Degart says McGill told him he was in the employ of the Lewis company.

Police say that F. J. Shepard of the Record Live Stock company has also identified McGill as the man who stole a check drawn by the Record Stock company, and payable to the Hartford Insurance company, for \$10.36. A number of checks are held in evidence.

Kleffner Goes to Chicago to Attend Labor Conference

George J. Kleffner, state federal director of labor, will represent the state of Nebraska at the central conference of labor directors in Chicago, January 20-21.

Ways and means of recruiting labor for the railroads and government industries will be discussed. The conference will take up two full days to plan ways of distributing and transporting the proper number of skilled and unskilled workers to various parts of the country.

Many states have an oversupply of laborers while other parts of the country are in need of skilled men for industrial work. Such problems will be worked out at the conference.

The new plans to be made will be put in action immediately upon the return of State Director Kleffner.
