What is land worth that will produce at the present price of \$2.00 per bushel? An opportunity for you to make immenas profits. One man had over 25,000 bushels of wheat from 1,000 acres. Farm lands of the same quality can still be purchased here from \$35.00 to \$46.00 per acre. Present values can not last. No better investment can be had for the speculator or farmer. Get into the wheat growing business while lands are cleap and prices high. I offer only my own land for sais. I hay absolutely the best to be had, pay the cash, sell enterms to suit the purchaser.
