

DETENTION HOME TEACHES WOMEN FEAR OF LORD

Dr. Palmer Findley Tells Members of Rotary Club of Conditions in Women's Detention Home.

The greatest work the institution has accomplished to date is to plant the fear of God in the hearts of thousands of young girls of Omaha, declared Dr. Palmer Findley yesterday noon in an address before the Rotary club on the Women's Detention Home.

Dr. Findley is medical director at the home. "The fact that we are treating at the home a great many women who are afflicted with social diseases does not constitute our largest accomplishment," he said.

men with which the detention home has had to contend, he said, was not the prostitute, but the girl of "easy virtue."

Dr. Findley declared that there were between 40 and 50 prisoners held at the home, and that in spite of the fact that 12 policemen constantly were on watch, frequently the inmates escaped.

The speaker declared that the conditions at the institution were pleasant and homelike, and far better than 50 per cent of the inmates were used to.

Dr. Findley said that it was possible to obtain better results through the home than through private practice. "It is not only possible," he said, "but it has been demonstrated."

Dr. Findley took occasion to laud Dean Ringer, police commissioner, for the stand he has taken in defending the home.

"I have unbounded sympathy for this frail and good little woman," the speaker continued. "She weighs less than 100 pounds and her strength has been taxed to the point of breaking."

M'KENNA BOUND OVER ON CHARGE OF AUTO BANDIT

Man Whom Police Say Has Confessed to Stealing Fifty Cars to Answer Before Jury.

William McKenna, whom police allege has confessed to stealing more than 50 automobiles during the past year, waived preliminary hearing in police court Wednesday and was bound over to the district court.

The legal tangle began at this point, when Officer Swensen questioned his right to arrest a man in Nebraska for the illegal possession of liquor which had been taken from him in Iowa.

Chairman Neble of the county hospital committee stated that next spring the board will plant 25,000 small evergreen trees on the hospital tract.

Mr. Neble explained that these trees will serve as snow-breaks by keeping the highways clear of drifts.

The honorary pall bearers will be: Col. J. M. Banister, T. M. Orr, C. H. McKenna, Dr. O. R. Hoffman, C. F. Waller, Senator J. H. Millard, Col. F. A. Grant, Dr. LeRoy Crummer, C. N. Dietz.

Dr. George W. Downey of New York, advance field man of the New Era Movement of the Presbyterian churches of the United States, will be the guest at a luncheon to be held Saturday at the Commercial club.

Arrested in Iowa for Having Liquor on His Person; Tried in Omaha

The Douglas street bridge, with one end in Iowa and the other in Nebraska, offered a puzzling problem in legal procedure Wednesday morning, when Officer Herzina of the morals squad undertook to arrest Frank St. Clair of the Neville hotel, and H. J. Bailey of Griswold, Ia., on a charge of the illegal possession of liquor.

After stopping the men and making but unavailing search of their machine, Officer Herzina discovered the end of a bottle of booze projecting from Bailey's pocket.

The body of Col. Thomas Swobe to arrive here on Friday. The body of Col. Thomas Swobe, who died in Berkeley, Cal., Monday, will arrive in Omaha Friday evening on the Overland Limited.

Funeral services will be held in All Saints church Saturday at 2 p. m. Dr. T. J. Mackay, the rector, will officiate. Interment will be in Prospect Hill cemetery.

Dr. Dowey of New Era Movement Here Saturday. Dr. George W. Downey of New York, advance field man of the New Era Movement of the Presbyterian churches of the United States, will be the guest at a luncheon to be held Saturday at the Commercial club.

PUBLIC NOT FAIR TO PACKER, SAYS J. OGDEN ARMOUR

"More Liberal Thought" Desirable, He Thinks; Packers Fear to Talk Together About Business.

Washington, Jan. 22.—Appearing for the second day before the house interstate commerce committee, J. Ogdén Armour, president of Armour & Co., was questioned further today by members of the committee as to operations of the meat packing industry.

Establishment of a central agency to control shipments of meat animals to market was advocated by Mr. Armour as a means of stabilizing prices and preventing glut in the market.

"We are very much interested in maintaining a reasonable price, much more so than in having a price so high as to discourage the eating of meat or too low to prevent the raising of cattle," Mr. Armour said.

"Is there any way that fat cattle can be sold at a price based on production costs?" Mr. Stephens asked.

"If there was a little more liberal thought in the treatment of the packers it would be 100 times better for the general public. The packers have been afraid even to talk together because of charges of collusion.

lusion. There ought to be some way for the packers, producers and consumers to get together for the advantage of each."

"I also think there ought to be some thought of arrangement to protect all," said Mr. Stephens.

Washington, Jan. 22.—Secretary Baker today ordered the release of 112 conscientious objectors held at Fort Leavenworth, the remission of the unexecuted portions of their sentences, their "honorable restoration to duty," and immediate discharge from the army.

The men released comprise two classes. In one group are 30 men who heretofore have been recommended by the board of inquiry, headed by Judge Julian Mack, for furlough.

As a result of the tremendous strain which the war has put upon so many people, the nerve cells have become devitalized, the whole system weakened and thousands of men and women are today losing their grip on health simply because their blood is thinning out and possibly starving through lack of iron.
