"While neither bill is aimed at the Roman Catholic or other church schools, it is evident that they would be unable to continue while free public schools were in session, as all children of school age would be re-quired to attend the latter. The measure has several most desirable and commendable features. One is that of compulsory school attendance. Most states have had such a law for some years, but the exigencies of the war, when every effort was made to increase the man power of the country, largely annulled or set aside this wholesome law.

Petition to the Secretary of War to Send Soldiers Home With Six Months' Pay

forward it to The Omaha Bee.

To the Hon. Newton D. Baker,

The undersigned respectfully urge you to return to their homes as soon as possible the soldiers who have accomplished so brilliantly every object America had in the war.

We urge, also, that you obtain the necessary authority to pay these men their military wages for six months, or for some sufficient period after their discharge from the army until they can obtain useful and remunerative employment.

We urge this as an act of simple justice by a great nation to its heroes.
