

GERMAN ARMY MOBILIZED FOR WAR WITH POLES

Eight Troop Trains Passing Through Frankfurt Daily; Volunteers Drive Back Soviet Force.

Paris, Jan. 28.—Two full corps of German troops have been assembled by the general staff to march against the Poles and eight troop trains are passing through Frankfurt-on-the-Oder daily, according to a Zurich dispatch to the Journal quoting the Press of Baden-Baden.

Berlin, Jan. 28.—Forces marching on Lhan, on the Baltic coast at Courland, have been halted by German volunteer forces, which, though greatly outnumbered, forced the soviet army back across the Windau river, according to a special dispatch to the Zeitung Am Mittag. It is said the bolsheviks suffered heavy losses.

In the course of their terrorization of Estonia the bolsheviks are reported to have killed 600 people in Dorpat and Wesenberg. The German commissioner in Lithuania, who arrived here today, states that Kovno is not occupied by the bolsheviks, who are still 25 miles east of that city. The line is being defended by German volunteers.

Nebraska Represented at Telephone Rate Hearing

Indianapolis, Jan. 28.—Jurisdiction of the United States district court here to act in determining the legality of the increased long distance telephone rates ordered by Postmaster General Burleson was questioned today when the hearing on the temporary restraining order granted against the new rates on application of the Indiana public service commission began. Arguments on the motion attacking the jurisdiction were lengthy. Representatives of Ohio, Minnesota, Nebraska, Michigan, Wisconsin, Illinois, Kansas and Missouri also were in court.

To Investigate Meeting. Washington, Jan. 28.—Secretary Daniels today instructed Rear Admiral Usher, at New York, to investigate and report on the suppression by a naval guard and police reserves there last night of a meeting of discharged soldiers, sailors and marines, at which the speakers criticized the government.

Petition to the Secretary of War to Send Soldiers Home With Six Months' Pay

Sign this petition, get your friends to sign it and forward it to The Omaha Bee.

To the Hon. Newton D. Baker, Secretary of War: The undersigned respectfully urge you to return to their homes as soon as possible the soldiers who have accomplished so brilliantly every object America had in the war.

We urge, also, that you obtain the necessary authority to pay these men their military wages for six months, or for some sufficient period after their discharge from the army until they can obtain useful and remunerative employment.

We urge this as an act of simple justice by a great nation to its heroes. (Signed)

HOUSE FAVORS FIVE MILLION DOLLAR CAPITOL

(Continued From Page One.)

lost by a vote of 78 against and 18 for. The first amendment to the bill, providing that no member of the legislature should be eligible to membership of the capitol commission was adopted without a dissenting vote.

Amendment Debated. Schmidt's amendment that the members of the commission should be paid a reasonable salary and be placed under bond was debated. It was contended by those opposed to his amendment that there was nothing to bond the members for as they did not have any fund in charge or were not expending any money. They were allowed expenses by the provisions of the bill and the honor of serving on the committee should be sufficient compensation.

Fults, speaking in opposition to Schmidt's amendment said: "We are giving no more consideration to this important measure than we would to the building of a \$100 hog barn. It would be hard to determine after the creation of a commission what would be a reasonable salary and the passage of the law to make it a felony for two or more persons to conspire to defraud the state would be sufficient guaranty bond under the circumstances."

Tracewell appealed to the house not to kill the bill by a lot of cheap amendments and said that all members who would be selected to serve on the commission would be of a character that would serve the state in the matter with the utmost honesty. The amendment lost.

Rodman Amendment Carried. Rodman moved to amend the bill to read that a sum not to exceed \$5,000,000 be expended in the construction of the proposed capitol building and this was adopted. Representative Fries, Howard county, tried to have the bill amended so as to have referendum vote of the people at a special election authorize the expenditure of funds for the proposed new building, but was voted down.

The bill as amended so as to provide that the commission enter into no contract for the erection of the capitol until a year after the passage of the law has elapsed, and the levying of a special tax of 1 1/2 mills per annum for a period of 5 years, passed the committee of the whole and will be engrossed for third reading.

Fries was the only representative who voted against the later amendments to the bill.

Affidavit Discloses Soldier Vote Ignored

From a Staff Correspondent. Lincoln, Jan. 28.—A vote by mail cast by C. Frazier, former chief yeoman in the navy stationed at Chicago, for a straight republican ticket is presumed never to have been counted by election commissioners in an affidavit now in the hands of Governor McKelvie, who made public a copy of the affidavit Tuesday.

The reason Frazier believes his vote was not counted was that he wrote in the name of Frank Edger-ton, republican candidate for county attorney of Hamilton county, and on the official records of the soldier vote from that county not a scratch was credited to Edgerton.

The affidavit, although not touching directly on the state senatorial vote in Omaha, is presumed to have a bearing on the Broatch-Tanner election contest before the senate committee on privileges and elections, growing out of the election of John M. Tanner, democrat, by six soldier votes over J. W. Broatch, republican.

North Bend Seditious Case Now in the Hands of the Jury

Fremont, Neb., Jan. 28.—(Special Telegram.)—Hearing of the Ernest Kern seditious case came to an end in district court this afternoon and the case is now in the hands of the jury. Kern is alleged to have made disloyal remarks about the North Bend Home Guards and officers of the organization.

British to Pay Homage to Memory of Roosevelt

London, Jan. 28.—A memorial service for the late Colonel Theodore Roosevelt is planned for Westminster Abbey at a date not yet fixed. Such a service for a foreigner is extremely rare at Westminster Abbey. While arrangements are not yet perfected, it is expected that King George and Queen Mary will attend.

GIRLS! TRY IT! HAVE THICK, WAVY BEAUTIFUL HAIR

Every particle of dandruff disappears and hair stops coming out. Draw a moist cloth through hair and double its beauty at once.

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Danderine hair cleanse." Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Danderine dissolves every particle of dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it, surely invest a few cents in a bottle of Knowlton's Danderine at any drug store or toilet counter, and just try it.

Save your hair! Beautifully! You will say this was the best money you ever spent.—Adv.

JAPAN CLAIMS ISLANDS IN THE PACIFIC OCEAN

(Continued From Page One.)

posed by President Wilson, to a league of nations which would exercise international control, while giving a mandate to such powers as administer the particular colonies.

This larger question, affecting the general administration of the colonies, was considered by the council today, as well as the particular interests involved and the discussions will be continued tomorrow morning.

Has 7,000,000 Inhabitants.

German East Africa is the most important territorial possession involved as it has upward of 7,000,000 inhabitants. Besides being adjacent to the British South Africa commonwealth, it is a necessary link connecting the British in the south and the north, thus completing the British territorial chain between Cairo and Cape Colony.

German Southwest Africa is regarded as less important, though the harbor in Walvisch Bay has some advantages. Belgian interests are believed to be related to southwest Africa, while the French interests are toward the Kameruns and Togoland, which adjoin French Dahomey and the French Congo.

China's interests in the colonies is getting back Kiau-Chow after it passes from Germany to Japan, and also in the termination of German concessions at Tien-Tsin, Shanghai and other points. Japan's interests are both in Kiau-Chow and the Pacific islands. The islands are being considered in two main groups, first New Guinea, Bismarck and the Samoa group, in which Australia and New Zealand are presenting their interests; and second the Marshall, Caroline and Marianne groups, lying east of the Philippines and south of Japan.

The first group of islands is fertile and productive; the second consists of coral islets chiefly valuable as strategic bases. It is this whole range of colonies, once constituting Germany's hopes of world control, that are now under consideration in the sessions of the supreme council of the great powers.

America Interested.

The Pacific islands phase of the colonial claims before the council is particularly interesting to the American representatives because of the American interests in the Pacific, notably through American possession of Hawaii and the Philippines. There has been no official announcement of what Japan proposes the powers should give her for her part in the war, but there have been reports here that Japan was willing to turn Kiau Chow back to China, but wished to retain the German rights to the development of the Hinterland. There has been no indication of how far she would press her claims to the Pacific islands.

British Treaty Involved.

London, Jan. 28.—In referring to Japan's claims for islands in the Pacific the Paris correspondent of the Mail writes: "Such possession would be very distasteful to the United States and American political opinion is that if President Wilson agrees to this move his power will be seriously impaired. It is suggested that from this comes his earnest demand for the internationalization of all Pacific colonies. It is quite clear, however, that the whole voice of the British empire at the peace congress supports the claims of Australia, New Zealand and the Union of South Africa and also agrees to the retention by Japan of the Marshalls and Carolines, with equatorial delimitation of influence."

WOULD PLACE BAN ON INFLUX OF FOREIGNERS

House Committee Agrees Upon Bill to Prohibit Immigration from Europe for Four Years.

Washington, Jan. 28.—Prohibition of immigration for four years after the war, except from Cuba, Mexico, Canada and Newfoundland, was agreed upon unanimously today by the house immigration committee.

Chairman Burnett announced that he would ask for a special rule to permit early consideration of the measure by the house.

"If the bill is not passed by the present congress, its purpose will be partially defeated," Mr. Burnett said. "It is intended to prevent a great flood of immigrants coming here as soon as peace is signed and driving our own people out of work, and also to keep out the bolshevik. Delay in passing the bill will be harmful to the best interests of the country."

Considerable discussion arose in the committee in regard to whether the bill should be effective for two or four years, but the longer period was decided upon by a vote of seven to two. A number of amendments accepted permit the admission of relatives of aliens already in this country and of persons skilled in certain occupations and professions.

Measure Extending Control Over Wires Reported to House

Washington, Jan. 28.—By a vote of 10 to 8, the house postoffice committee today decided to report a bill providing for the continuance of government control of telephone and telegraph until December 31, 1919. Chairman Moon was directed to seek a rule giving the measure right of way in the house.

Postmaster General Burleson, urging extension of wire control through the period of readjustment, told the house postoffice committee today that many telephone companies were facing financial stress and that the public was doomed to poor service under private operation.

National Prohibition Amendment May Be Killed

Lincoln, Jan. 28.—(Special Telegram.)—If the senate judiciary committee is sustained, H. R. No. 1, ratifying the national prohibition amendment, will be killed in the senate. For a time the upper branch considered passing the house bill to remove any question of the legality of the ratification measure passed earlier in the session.

Neal Sears and Chappell opposed the committee's action, claiming that the senate would be burning all of its bridges, should an effort be made to attack the legality of the original ratification measure which was introduced in the senate, and which passed both branches of the legislature.

Film Cartoonist Dies.

New York, Jan. 28.—Leon A. Searl, a newspaper and motion picture film cartoonist, who had been employed on the Denver Rocky Mountain News and various other newspapers, died yesterday of acute indigestion at his home here.

COUNCIL VOTES TO ESTABLISH CITY MARKET

(Continued From Page One.)

Omaha will patronize a municipal market.

"It involves car fare and even then sales."

He cited various cities where great sums have been spent on public markets which have been abandoned later.

J. W. Karel, a gardener at Sixty-second and Center streets, told of the labor and expense involved in producing vegetables and said the gardener is too busy to spend any time retailing his vegetables. He must sell the whole load and get back to work.

James Walsh, who has lived in Seattle, declared that the public markets there are great successes and "the best advertisement Seattle has."

H. W. Evans also spoke glowingly of the success of the markets on the Pacific coast.

Harry Fischer presented the opposite view and pointed out that the Pacific coast markets can be open the year round while in Omaha there are only five months during which produce is raised.

Middleman is Necessary.

Charles Seseman, 6202 North Sixteenth street, a gardener, declared that the middle man is as necessary as the producer or consumer and that the goods "won't sell themselves."

The gardeners also pointed out that if they are compelled to go to the municipal market to sell their goods and if they fail to sell out there it will be too late in the day to sell in the wholesale market which has usually cleaned up its day's business by 8 o'clock in the morning.

Under the resolution, as passed, the city planning board will immediately draw plans for a building with open sides and the old buildings now on the site, northwest corner of Fifteenth and Davenport streets, will be removed.

It is expected to have the market place ready for operation by spring.

Soviet to Use Peace Meet to Spread Ideas, Thinks London Mail

London, Jan. 28.—The question of participation in the Princess Islands conference has been discussed by the Moscow central executive soviets according to a Helmsingford dispatch to The Mail.

The Mail's correspondent recalls that, under the soviet constitution any decision concerning war or peace can be reached only by a congress of all soviets. He adds: "Judging from the latest official statement from the bolsheviks, the soviet government will be inclined to send delegates to the Princes Islands in the hope of transforming the conference into a platform for the megaphoning of bolshevist ideas all over the world."

Miss Wilson in Brussels.

Brussels, Jan. 28.—Miss Margaret Wilson, daughter of President Wilson, arrived in Brussels Monday afternoon. She is a guest at the American legation.

Services in Castle. Amerongen, Jan. 28.—Religious services were held in the castle chapel here today in honor of the birthday of William Hohenzollern, the former German emperor.
