

## TWO BALL TEAMS TIED FOR LEAD IN CHURCH LEAGUE

First Christian and Hanscom  
Park Booked to Meet Next  
Week in Last Sets of  
First Round.

LAST NIGHT'S RESULTS.  
First Christian, 27; Pearl Memorial, 16.  
Hanscom Park, 28; Benson Methodist, 13.  
Calvary Baptist, 21; Dornier, 11.  
Central Park, 21; Dundee, 10.

CHURCH LEAGUE STANDINGS.  
First Christian, 4; W. L. 1000  
Hanscom Park, 4; 2 500  
Benson Methodist, 2; 2 500  
Pearl Memorial, 2; 2 500  
Calvary Baptist, 2; 2 500  
Dornier, 2; 2 500

Trouncing the Pearl Memorial, who were hampered by the loss of the Koneckys, the First Christian basketball team of Council Bluffs gained a strangle hold on the supremacy of the Church Basketball league in a 27-to-16 game played last night on the Young Men's Christian association's floor.

The first half of the encounter lacked pep, since the Pearl Memorial team appeared to despair of victory because of the absence of the Koneckys, who were practicing with the Central High quintet against the Creighton varsity five. The score stood 17 to 6 at the end of the first half.

Davis, Wilson and Mordick, who had failed to register a single tally during the initial period, were taken out and substituted. The new men seemed to have fight in their blood and held their own with the team from across the stream. Mordick returned to the game in the middle of the second half. Some neat shots by Parish and Barryman kept them in the lead of the victors. Each team chalked up 10 points during this period. Datesman, Benz and Mellor starred for the victors.

Two Tied for Lead.  
The First Christians and the Hanscom Parks now head the league. They are booked to meet next Tuesday night in the last set of games in the first round.

The Bluffs team is composed entirely of Council Bluffs high school players.

The "Y" dormitory men sent their reorganized team in to compete with the Calvary Baptists. Both teams had no games to their credit so the loser was doomed to the cellar position. Hard luck shooting baskets gave this "honor" to the "Y" men. The first half was well played, but the second was easy for the Baptists, who triumphed, 21 to 11.

The Hanscom Parks-Benson Methodist encounter went to the Hanscom Park men, 28 to 13. The Bensonites failed to exhibit the style shown last week and succumbed after futile opposition. Reel and Calvert were the chief point getters. Fullington also played a good game for the victors.

### Harry Symes Still State Billiard Champ

Harry Symes, veteran cueist, successfully defended the state billiard title against Albert Cahn at the Symes parlors last night in a 300-point match at 18-2 ballline.

The game was strenuous throughout, however, and extremely interesting from the standpoint of the large number of spectators. Mr. Symes playing from behind throughout the entire score and winning by only seven points with an average of 4.61 and high runs of 26, 25 and 19. Cahn averaged 4.51 for 293 points, with runs of 24, 21 and 20.

Proprietor Art Scribble refereed the game and challenged the winner to play in four weeks, so Symes will now meet him on February 25.

### Castelar Community Center to Play Tonight

A Community Center basketball game is the only one on tonight's card. Castelar's flippers will play the South Side five on the South High floor. The Creighton High game scheduled to be played against Council Bluffs High here tonight has been postponed a week. Coach Mills is getting his men in the pink of condition to meet the Drake college five at the gym tomorrow night. The Des Moines five has two vets in the lineup.

## Woman Found Dead on Palisades Identified as Widow of Soldier

Englewood, N. J., Jan. 28.—The body of a young woman found Sunday on the Palisades was identified today as that of the daughter of George H. Packwood of Tampa, Fla., widow of a major in the American army who died of influenza in France last October, according to an announcement here tonight by Thomas J. Huckin, prosecutor of Bergen county.

Mr. Huckin, who declared an autopsy performed today established the fact that the girl was killed by chloroform, self-administered, asserted she apparently had married without the knowledge of her parents or friends. News of the death of her husband, whose name is not known to the authorities, made her despondent.

### Central Park Quintet Outplays Dundee Five

Playing a close game the Central Park community center basketball team defeated the Dundee five last night, 25 to 20, on the Dundee floor. Nolan, Wilmar, and Swenson starred for Dundee and Sallender and Holmquist for the victors. The first half ended, 15 to 10, in favor of the Central Park players.

### Sport Calendar for Today.

Racing—Winter meeting at New Orleans. Winter meeting at Havana, Cuba.  
Bowling—Annual tournament of Wisconsin Bowling association opens at Green Bay.

Golf—Annual meeting of Women's Metropolitan Golf association at New York.  
Johnny Noye against Barney Adair, 10 rounds, at Jack Island.

### Reception Tendered.

Paris, Jan. 28.—The American Y. W. C. A. gave a reception at the Paris headquarters yesterday afternoon in honor of Mrs. Woodrow Wilson. About 400 prominent French women and American women in Paris were received by Miss Harriet Taylor, head of the Y. W. C. A. in Paris; Mrs. Wilson; Mrs. Robert Lansing and Mrs. E. M. House.

## TWO OF "BIG FIVE" OPPOSE PACKING INDUSTRY CURB

Legislation "Would Muddle Things," Says Morris; Swift Considers Present Laws Adequate.

Washington, Jan. 28.—Presidents of two big packing companies today advised senate and house committees against additional legislation to regulate the meat packing industry. Louis F. Swift & Co. told the senate agricultural committee present laws were adequate to deal with any abuse charged. Edward S. Morris of Morris & Co. testified before the house interstate commerce committee that any further legislation would muddle things.

J. Ogden Armour, president of Armour & Co., announced yesterday he expected to consult representatives of all packers concerning measures to be offered as substitutes for legislation pending before congress. Mr. Swift, when asked today by Senator Gore of Oklahoma, if he expected to assist such legislation, said he felt much of the so-called "feeling against the packers" was exaggerated and that legislation would not affect the situation.

Denies Heney's Charge.  
Some limitation of capitalization of packing companies was suggested by Senator Gore of North Dakota, after Francis J. Heney had cross-examined Mr. Swift on increases of his company's capital stock. Mr. Heney said that by separating the Swift company into three organizations recently their market value of the original stock had been increased more than \$100,000,000. Mr. Swift denied this and agreed to inform the committee as to transactions dealing with the separation of the company into Swift & Co., Swift International, and Libby, McNeill and Libby.

### Oman Takes Stand.

Thomas Creigh, attorney for Cudahy & Co., told the committee it would be an utterly impractical, un-American procedure for the government to snuff out a business without a clear, judicial, unbiased investigation of the facts. He said such an investigation had not been conducted by the federal trade commission and that the commission's report was filled with erroneous and distorted statements to which no credence should be given.

Thomas E. Wilson, president of Wilson & Co., and Edward A. Cudahy, president of Cudahy & Co., will

## Wounded Soldiers May Leave Hospitals When Fitted to Work

Washington, Jan. 28.—Surgeon General Ireland announced today that it was the War department's policy to retain wounded and sick soldiers in military hospitals only long enough to restore their health to a degree which would permit them to return to their former occupations. It was not their purpose to keep the men indefinitely, he said, and thus expose them to "hospitalization."

Soldiers who have been blinded or whose eyesight much impaired will under the regulations be retained until they are able to care for themselves or otherwise physically fit for discharge. The deaf or nearly deaf may be retained until they learn lip reading. Cases of amputation of the leg or arm, or both, are to be kept in the hospitals until provisional artificial limbs or arms are provided and reasonable proficiency in their use reached.

He next witnesses before the house committee.

### Shipping Board Cancels Orders for Many Vessels

Washington, Jan. 28.—Orders to shipyards not to begin work on ships aggregating from 1,000,000 to 1,250,000 deadweight tons, the keels for which ordinarily would not have been laid before next August, have been sent out by the shipping board. Charles Piez, director general of the Emergency Fleet corporation, said today that yards on both the Atlantic and the Pacific coasts were affected.

"The reason for the order," said Mr. Piez, is that the type of ships which it will be found advisable to construct under peace conditions are being determined by the committee of experts which is now at work."

### Ten-Year-Old Boys Confess Clubbing Comrade to Death

Chicago, Jan. 28.—Three 10-year-old boys who boasted of their liking for whiskey, beer and cigars, confessed to the police tonight that they had killed Wladislaw Witekis, 10 years old, by clubbing him over the head with an empty beer bottle while he was asleep in a shed. The police believe robbery was the motive for the crime. The boy's parents gave him \$9 to pay a gas bill and as he never came back they believed he kept the money and ran away from home.

### New Cabinet Formed.

Lisbon, Jan. 28.—A new Portuguese cabinet has been formed with Jose Relvas as premier and minister of education.

## HOG MINIMUM FIXED AT \$17.50 FOR NEXT MONTH

Packers and Producers Told  
Increased Orders Soon  
Will Turn Surplus  
Into Deficit.

Washington, Jan. 28.—A minimum base price of \$17.50 a hundred pounds for hogs for the month of February was unanimously agreed upon today by the hog committee meeting at the food administration.

When representatives of the food administration department of agriculture, packers, producers and commission men met this afternoon to consider hog prices for February, F. S. Snyder, head of the food administration meat division, recommended that the minimum base price of \$17.50, now in effect, be continued for next month.

Increased Demand Foreseen.  
Frank S. Snyder, head of the meat division of the food administration, recommended the maintenance of this price and told the packers, producers and commission men present that increased orders from the allies, neutrals and eventually enemy countries, soon would turn the present surplus of pork into a deficit.

The inter-allied food council in Paris, he said, had recommended that Germany and other enemy countries be allowed 20,000 tons of pork monthly.

Business with the allies and neutrals will amount to 225,000,000 pounds of pork for the month of February. The packers may now seek at their own risk an independent market for hogs among the neutral and allied nations, in excess of their regular allotments, Mr. Snyder said, and the food administration will co-operate to the extent of obtaining ships from the shipping board for the purpose.

Mr. Snyder said the food administration would insist upon a continuation of restrictions on exports just so long as a group or co-ordinated purchasing was the practice abroad. When independent purchasing was resumed in Europe, he said, the situation would take care of itself and restrictions probably would be removed.

### U. S. Aviator Killed.

Paris, Jan. 28.—Aviation Lt. O'Neill of the American army, was killed today near Chatillon-Sur-Seine when his machine collapsed at a height of 700 feet.

## U. S. WILL KEEP WHEAT PRICE AT \$2.20 A BUSHEL

Appropriation of Billion and  
Quarter Dollars Proposed  
to Fulfill Guarantee  
Given to Farmers.

Washington, Jan. 28.—An administration bill appropriating \$1,250,000,000 to enable the government to carry out its guarantee to the farmer of a price of \$2.20 a bushel for the 1919 wheat crop was transmitted to the chairman of the senate and house agriculture committees today by the food administration.

The bill which was drawn by officials of the food administration and the Department of Agriculture, was described by some senators as an omnibus measure which would permit the president to continue the food administration in operation and to exercise all of the powers conferred upon him by the food control act.

Senator Gore, chairman of the senate committee, announced that he would not introduce the measure in the senate.

"It is broader than I think is necessary," he declared. "I may take it as a basis for another bill which I may introduce."

Under the bill as drawn government authority to control grain dealers, millers and elevators "by license or other like powers" would be continued and the president would be authorized to "create any agency or agencies" to buy the 1918 and 1919 wheat crops.

Other foodstuffs and feeds at the guaranteed prices, regulate export and import of wheat, require preferential railroad service as long as the railroads are under government control, control grain exchanges and prohibit trading upon them "at such time or times as may be deemed desirable or proper to meet market conditions and competitive prices of foreign grown wheat and "to prescribe such rules and regulations as may be deemed necessary to protect the government of the United States from paying the guaranteed prices aforesaid for any wheat other than that covered by proclamations."

In addition, the president through the agency he would designate could also sell either domestically or by export wheat, wheat products or by-products at a profit or loss "as in the judgment of such agency may be necessary." He also could lease, buy or requisition storage space and prescribe the terms to be paid for it.

## Bill to Give Famine Relief in Europe is Passed by Congress

Washington, Jan. 28.—Final legislative action was taken today by congress on the administration bill appropriating \$100,000,000 requested by President Wilson for European famine relief. The conference report was adopted by both senate and house without debate, and the measure now goes to the president for approval.

## Million Dollar Plant Burned.

Providence R. I., Jan. 28.—The Royal Mill at Riverpoint, one of the largest of the B. B. Knigh plants was virtually destroyed by fire last night. The loss is estimated at \$1,000,000.

## Hudson Super-Six

## SHOE SALE EXTRAORDINARY

Now On

The entire stock of shoes for Men, Women and Children of our South Omaha store is to be closed out entirely and sold at our Omaha store, as the South Omaha store has been discontinued.

We have no room for this stock and must dispose of it at any price that will clear it out.

In addition we are discontinuing many of our regular lines in order to make room for the increased demand for Orthopedic Shoes.

Notice Values Quoted in Today's  
Evening Bee.

## Douglas Shoe Store Inc.

117 N. 16th St.—Opposite Postoffice

# VELVET

## THE SMOOTHEST SMOKING TOBACCO

Time smoothes out the rough spots. You never find a squeak in an old pair of shoes, nor a bite in nature-aged tobacco.

Two long years of patient ageing in wooden hogsheads gives VELVET a mellow flavor, a cool smoothness, and the natural tobacco taste.

Of course, it's the expensive and the slow way, but it's the right way. Any VELVET smoker will back that up.

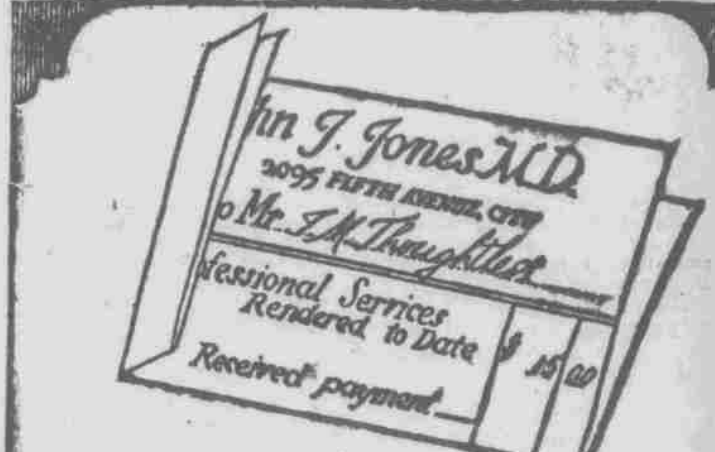

Over a hundred million tins of Velvet were smoked last year—and Velvet's friends are increasing daily.

## Is This Your Bill?

"The Sins of the Flesh" are punished in this world—not in the next.

Disease is not an accident, nor is it sent by Providence. It is Nature's punishment for the breaking of her laws.

Hemorrhoids, for example, occasion an infinite degree of discomfort, suffering and misery. So does a fissure or a fistula.

But such punishments are meted out to those who sin against Nature in two ways, by neglecting to maintain regular, easy, thorough evacuation of the bowels—who form the bad habit of constipation, or what is a worse habit, the taking of pills, castor oil, purgative mineral waters, salts, etc., with the mistaken idea of overcoming constipation by forcing the bowels to move unnaturally.

But the Nujol Treatment for Constipation prevents such sins of the flesh, or mitigates the punishment therefor.

Nujol helps to re-establish easy, regular, thorough evacuation of the bowels.

Nujol is not a drug, does not act like any drug.

Nujol is absolutely harmless.

Nujol keeps the waste matter soft, moist, and easily voided.

Nujol is not absorbed, does not affect the body—acts as a mechanical lubricant, which can be used for any length of time.
