

MIND MANY OLD ACQUAINTANCES AMONG BILLS

Some Measures Have Appeared at Sessions for Past Eight or Ten Years.

From a Staff Correspondent. Lincoln, Feb. 3.—(Special.)—Veteran members of the Nebraska legislature are encountering many of their old acquaintances among the bills introduced in this session. Some of the measures have been before every session for the last eight or 10 years.

On the other hand there are a number of new subjects receiving attention this year. Among these are the elimination of German language from the schools and bringing all parochial and private schools under state regulation and certification. Bills are being pushed to forbid legal publication in any foreign language newspapers.

Some Old Timers.

Included in the list of those which have been inherited from former legislative sessions are:

Woman suffrage, legalizing abolishing county assessors, state dog tax and indemnity to live stock owners, minimum wages and hours of labor, anti-poisoning, water sewer development, rate of school tuition, re-enactment of the state wolf bounty law, reducing waste exemption in garnishment from 50 to 75 per cent, Iowa-Nebraska boundary commission, putting electric light and waterworks plants under control of railway commission, and refunding to liquidated and consolidated banks their unused portion of the guaranty fund.

New Measures.

Some of the new matters receiving attention in the legislature are:

Amendments to the state primary law, electing supreme court judges by district, assessors to collect poll taxes when collected, complete system of new state highways, repeal of non-partisan election law, tax on cash surrender value of life insurance policies, state-owned stock yards, packing houses and terminal grain elevators, prohibiting deduction of United States bonds from bank stock assessment, allow not to hold public office or teach in schools, commissions of real estate dealers, licensing and regulation of condensed milk manufacturers.

New State Boards.

A number of new state boards and commissions are proposed in pending bills. Some of them are: State barbers' board, state board of chiroprody, state board of accountancy, state board of engineering, child welfare commission and board to license sale of tractors and mechanical parts in Nebraska.

Norwegian Lutherans of Four States Will Meet in Sioux Falls

Sioux Falls, S. D., Feb. 3.—(Special to The Bee.)—Preliminary arrangements are being made for the annual district convention of the Norwegian Lutherans of South Dakota, Nebraska, Colorado and Wyoming, which will be held in Sioux Falls the latter part of May or forepart of June—the exact dates have not yet been selected. A meeting will be held in the near future at which committees will be appointed with authority to complete arrangements for the convention. All the Norwegian Lutheran churches in the four states will send delegates. It is expected the attendance will reach not less than 3,000. The convention will be held in the Coliseum, the largest public hall in South Dakota.

A number of the most prominent clergymen of this denomination in the United States will be present during the convention and will make addresses.

Propose to Establish Third Bank at Bassett, Neb.

Bassett, Neb., Feb. 3.—(Special to The Bee.)—Several local men and the eastern capitalists are making plans to establish the third bank in Bassett. The town now has two banks.

The making of brick and tile from pure western Nebraska sand, using large quantities of electrical energy developed by Nebraska streams, may be a reality in the near future according to a number of Bassett and Lincoln men. A company, known as the Electric Brick & Tile Co., was organized here this week with a capitalization of \$100,000.

Try It!

A medicine which has given satisfaction to its users for over 40 years, as Cardui has, must be a good medicine. If you suffer from female troubles, and need a reliable, strengthening tonic, of real medicinal value, as proven by the experience of thousands of women users,

Card-u-i

The Woman's Tonic

Mrs. C. S. Budd, of Covina, Calif., in writing of her experience with Cardui, says: "I took a bottle at 13 years old, and it cured my headaches. I have taken itsince marriage, and received much help from it. Cardui is the best medicine I ever took... it was the only medicine... that helped my back..." Try Cardui.

All Druggists

Attorney General Davis to Bring Phone Suit in Nebraska Court

From a Staff Correspondent. Lincoln, Feb. 3.—(Special.)—Attorney General Clarence A. Davis, profiting by what befell the attack on the Burlington telephone rate case in an Indiana federal court when the judge dismissed an injunction sought by the state commission on the ground that no federal question was involved, is planning to bring an injunction proceeding in the Nebraska supreme court.

Suit has already been filed by the Nebraska Railway commission in the federal court here, following the same procedure as was taken in Indiana in the state's attack on the rates. The case has been submitted to Federal Judges Wade of Iowa and Munger of Lincoln, but pending the filing of briefs no ruling has been made.

The attorney general is understood to have arrived at the conclusion that the state courts have jurisdiction and that remedy may be found there.

Columbus "Y" Offers Free Membership to Soldiers

Columbus, Neb., Feb. 3.—(Special to The Bee.)—Free membership privileges for a period of three months will be extended by the local Y. M. C. A. to all Platte county boys returning from the army or navy.

Not only does the association invite the returning soldiers and sailors to avail themselves of the privileges of the building, but it has also established a bureau of aiding them in finding employment. Reorganization of the Wayside Golf club on a real country club basis under the new name of the Wayside Country club was effected at a meeting of the members held in the Evans hotel. Bylaws, drafted from those of several other such clubs, were adopted and plans were made for laying out of the new ground on the south side of the Loup river, and the erection of a temporary club house. It is possible that the Columbus Gun club will join with the Country-club on the new premises.

After deliberating for 27 continuous hours, a jury in the case of Andrew Danielski against William E. Martin, et al., disagreed and were discharged by the court. Whether the owner of a car can be held responsible if his machine figures in a smash up while in the possession of another person to whom he had loaned it was the interesting question involved in a \$10,000 damage suit being tried in the Platte county district court.

The defendants testified that a rat in the road caused the motorcycle to swerve in front of the auto and that as far as they were concerned the accident was unavoidable.

GREEN BILL TO PROVIDE CHANGE ABOUT ALIENS

Measure to Be Introduced Soon in Lower House to Make Law Conform to New Amendment.

From a Staff Correspondent. Lincoln, Feb. 3.—(Special.)—Although 472 bills have been introduced in the legislature, not one carries provision for making effective the constitutional amendment adopted by the people last November to deprive aliens of the voting privilege. The omission is to be rectified by Representative J. Reid Green of Lancaster county, who is having a bill drawn up to cover the new situation.

While the constitution as amended now provides that no person shall be entitled to vote unless he either is a native-born or a fully naturalized citizen of the United States, the law which relates to challenging voters has not been changed. It still specifies that if a voter is challenged on grounds of citizenship the election judges shall inquire of him under oath whether he has "declared his intention of becoming a citizen," and if he answers this question in the affirmative the judges are not authorized to go any further.

The Green bill will change the reading of the statute so as to require the challenged voter to say whether he is a citizen of the United States, and if a naturalized citizen to state when and where he received his final papers.

Hotel Men of State to Meet at York, Neb.

York, Neb., Feb. 3.—(Special to The Bee.)—Nebraska Hotel Men's association will meet in convention February 7 and 8 at the Hotel McCloud.

Mrs. T. B. Kohn and son, died after a few days' illness with pneumonia. A double funeral service was held Sunday afternoon. Burial in Greenwood.

Mrs. Schmalz, wife of Rev. John Schmalz, pastor of the Reformed church of this city, died Friday afternoon, following a long and serious illness.

The Public service company has been granted an increase of 20 per cent, for the month of January, for electric power. The York Water company was also granted an increase of 20 per cent on water bills till May.

Beatrice Farmers to Organize a Farmers' Elevator Company

Beatrice, Neb., Feb. 3.—(Special.)—Nearly 100 farmers of this vicinity held a meeting here and decided to organize a farmers' elevator company. It was voted to place the capital stock at \$20,000 and to limit the membership to 150. About 75 farmers have subscribed stock, and committees were appointed to solicit other farmers for stock and report at a meeting to be held in two weeks, at which a permanent organization will be perfected.

Announcement was received here yesterday of the death of Mrs. Samuel Moore of Denver, formerly of this city, of pneumonia, following an attack of influenza. Mrs. Mary Beston of Oketo, Kan., died suddenly at the home of her daughter, Mrs. H. O. Knight, while sitting in a chair. Heart trouble is supposed to have caused death.

Farmers living southwest of the city will hold a big wolf hunt Tuesday forenoon. A number of drives have been held in Gage county the last few weeks, but few wolves have been killed.

Alvin Pike, a young man whose home was near Oketo, Kan., died of influenza in a base hospital in France last week, according to information received at Oketo by relatives. Young Pike left Oketo last summer with a selective service contingent and before being taken ill participated in a number of severe engagements.

J. W. Egan of Lincoln, who was bound over to the district court by Judge Ellis for violating the state prohibitory law, and who furnished bond for his appearance in court, was taken to Lincoln yesterday by Deputy United States Marshal Carroll to answer a charge of conspiracy in connection with bringing liquor into the state.

A number of the business men of this city have organized an employment bureau through which they expect to find jobs for all returning soldiers and sailors in Beatrice and Gage county.

To Erect Monument for Men Lost on Transport

Washington, Feb. 3.—The American Red Cross announced today an appropriation of \$30,826 for the erection and maintenance of a monument on the island of Islay, Scotland, where are buried soldiers who lost their lives in the sinking of transports Tuscania and Otranto. The memorial will be a granite obelisk about 40 feet high, bearing a bronze tablet on its faces and a bronze wreath given by President Wilson.

Dr. Fast Believes in Sterilization as Cure for Feeble Mindedness

From a Staff Correspondent. Lincoln, Feb. 3.—(Special.)—Most, if not all of the wards in Nebraska's 15 state institutions, are mentally defective and it is important that more attention should be paid to the mental condition of men or women before their parole or discharge from prisons, Dr. W. S. Fast, superintendent of the Ingleside hospital at Hastings, told the Nebraska conference of social workers at the session today at the Lindell hotel.

Fifty per cent of the boys and girls in the state industrial schools and 50 per cent of prisoners in penitentiaries are mentally defective, Dr. Fast declared. If Nebraska feeble-minded should be sterilized, segregated and totally isolated for three generations the state would be free of feeble-mindedness, the superintendent said.

Miss Lena Ward, superintendent of the Milford home for girls, spoke on the subject, "Nebraska's Care of Unfortunate Women."

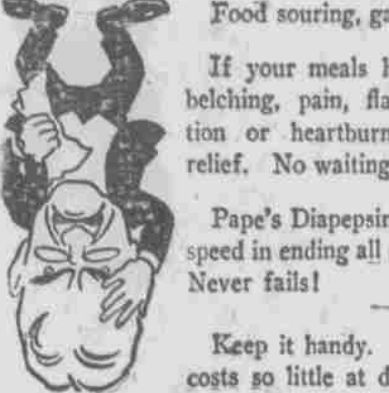

The conference opened Sunday evening with addresses at four different churches. The principal speakers were Amos Butler of Hannibal and Warden Coddling of the Kansas state penitentiary.

Brainard Man Fined \$100 for Having 20 Quarts of Whisky

Fremont, Neb., Feb. 3.—(Special Telegram.)—A. C. Jedlicka, well known hawker and shoe merchant of Brainard, was fined \$100 and costs in police court here this afternoon on a charge of having illegal possession of liquor. Mr. Jedlicka was taken to custody Saturday afternoon at the Union station with 20 quarts of the forbidden juice in a suitcase. He said he bought the stuff from an Italian in Omaha. Jedlicka's arrest followed a raid on his home in Brainard, where Jedlicka is alleged to have sold agents of the state a quart for \$18. Jedlicka gave officers information that will lead to other arrests, it is said.

Stomach Acts Fine, No Indigestion! Eat without Fear of Upset Stomach

Food souring, gas, acidity! If your meals hit back causing belching, pain, flatulence, indigestion or heartburn here's instant relief. No waiting! Pape's Diapepsin is noted for its speed in ending all stomach distress. Never fails! Keep it handy. Tastes nice and costs so little at drug stores.
