

PROPOSES LAW TO NIP MANY CRIMES IN BUD

Bill in Nebraska Legislature
to Strangle Attempts to
Bring About Political
Revolutions.

From a Staff Correspondent.

Lincoln, Feb. 5.—(Special.) A bill designed to exclude the I. W. W. and other similar organizations from the state and to make membership in them a crime was introduced by Senators C. Petrus Peterson and J. F. Cordeau today. Professional strike agitators are also included in the bill.

The bill defines criminal syndicalism to be the doctrine which advocates crime, physical violence, arson, destruction of property or sabotage as a means of affecting industrial or political revolution, or for profit. Any person who teaches or who advocates an act of violence, who prints literature affirmatively suggesting crime, is held subject to a fine of \$1,000 or one to 10 years in the penitentiary.

These Are Guilty.

The owner, lessee, superintendent or person in charge of the occupation of any place or rooms where assemblies of this nature are permitted, is adjudged guilty of a misdemeanor and subject to a jail term of 60 days to a year or a fine of from \$100 to \$500 or both.

W. A. Ellis of the Omaha Manufacturers' association has sent a communication to the Nebraska legislature, declaring that the stand of the Omaha business men on the parochial school question is that schools both public and private should come under the jurisdiction of the state, and in no school should the teaching of any subject be in any language other than English.

Asks for Legislation.

The Hamilton County Telephone association, which learned through the Nebraska Railway commission that there is no law touching the use of foreign language on the telephones, sent a communication to the senate, asking for legislation on the subject.

On the recommendation of the judiciary committee, which declared the bill was illegal, S. F. 87, providing for exemption of all soldiers, sailors and marines from taxation, was indefinitely postponed.

Senate Objects to Award of Wages to All Objectors

Lincoln, Neb., Feb. 5.—A resolution protesting against the reported award of civilian clothing and wages to conscientious objectors discharged from the army was adopted this evening by the Nebraska state senate. The resolution proposed by Senator Reed of York county, republican, cited press reports that clothing and money was to be furnished conscientious objectors, and calling upon congress to condemn the action of Secretary of War Baker in rewarding the slacker. By the terms of the resolution a copy is to be sent to Secretary Baker and members of the Nebraska delegation in congress.

Larsen's Mediation Board

Bill Passes in House

Lincoln, Neb., Feb. 5.—(Special.)—Between times during the session of the house when the reception of new bills was not in order, law legislation was up and Larsen of Douglas was successful in having most of his bills pass on third reading. His measure providing for a state board of mediation with power to investigate and examine into the causes of strikes and lockouts, at the discretion of the governor or chairman of the board, went through without a hitch.

Davis Has Nut to Crack.

Lincoln, Feb. 5.—(Special.)—The question of pay to legislators for the 1918 special session after having passed from one state official to another for several months, has finally been tossed over the fence into the office of Attorney General Davis. State Auditor George W. Marsh has asked the new attorney general for a formal opinion of the legality of allowing the claims of per diem and mileage.

Jerry's Bill Loses But His Ideas, He Calls Imperishable

Lincoln, Feb. 5.—(Special.)—Jerry Howard's resolution providing for a minimum wage of 26 per day for all legislative employees, in order to prevent them from becoming bolshevik, was voted down in the house with only his own voice and that of two non-partisans recorded in the affirmative.

He made the charge that women employees were compelled to work overtime contrary to law. Good explained that there was no woman employee of the legislature who was working overtime except at her own request.

Snow of Dawes county said that a resolution of the character proposed by Howard would be a violation of the constitution and the statutes. When the roll was called and Jerry Howard went down in defeat on his resolution someone yelled, "Your motion lost, Jerry!" "Yes," he replied, "but my ideas are imperishable."

Fremont, Neb., Feb. 5.—(Special Telegram.)—Miss Ruth E. Johnson, teacher in the Hooper schools, was brought to Fremont this afternoon and arraigned before Judge Button on a charge of contempt of court.

On promise to obey a restraining order of the court and not to return to Hooper to teach until given a hearing on the permanent restraining order, Miss Johnson was dismissed.
