

WOMEN ORGANIZE AUXILIARY TO HUMANE SOCIETY

Will Inaugurate Campaign to Interest Children in Work as Applied to Dumb Animals.

The Women's auxiliary of the Nebraska Humane society is now a fact. Its organization was perfected Friday afternoon when a number of Omaha women met at the public library, electing Miss Lida Wilson, chairman; Meadames George B. Prinz and George A. Joslyn, vice chairmen and Mrs. May M. Hulst, secretary and treasurer.

In their preliminary work the women were assisted by W. W. Bradley, executive secretary of the Nebraska Humane society.

Following the election of officers the members of the society determined that they would observe "Be Kind to Animals" Week and Humane Sunday, the week of April 20.

It was decided to inaugurate a campaign to interest children in humane work, as applied to animals. To create interest it is proposed to have posters and essays on humane topics, the grade pupils of the public, private and parochial schools entering the competition.

There will be prizes for the winners. In addition to this, it was proposed to have slides shown in the moving picture houses, all having to do with kindness to animals. A show during the coming summer in some one of the parks, at which pet animals will be exhibited, was considered favorably and a committee to work out the plan will be appointed. The Boy Scouts will be called upon to assist.

Horses came in for attention and the members of the auxiliary will attempt to promote a horse parade, it to be one of the features of Ak-Sar-Ben week.

Mrs. Faith Hope Hanchett Rutledge urged that some steps be taken to stop the poisoning of dogs. This matter will be taken up with the city commission, the members of which will be asked to pass an ordinance making the laying of poison a punishable offense.

Richard C. Craven, field secretary of the Red Cross, with headquarters in Albany, N. Y., addressed the meeting, detailing his observations after traveling over the ranges of Nebraska, Colorado, Wyoming and Idaho, a trip that he has made in the interest of the society. He asserted that generally he found few stock pretty well provided with feed and that because of the unusually mild winter, losses had been light. However, he detailed several instances where cattle were unprovided with shelter and that in the event of a hard storm, many would freeze and starve to death.

Omahan Won Croix de Guerre at St. Mihiel and Verdun

Parents of Lieutenant Burkeroad Learn Through Relative of Son's Badge of Honor.

Lt. Leslie Burkeroad, Omaha High school football star, wears the Croix de Guerre, conferred upon him for distinguished service at the St. Mihiel and Verdun fronts.

News of their son's honors came to Mr. and Mrs. Max Burkeroad from a girl cousin in New Orleans. With characteristic modesty, he had refrained from mentioning the fact in his letters home.

"Mother, I have done my part in this great war. I have the proof of it," he had written in a letter received three weeks ago, and that was all.

Thought Him Wounded. "I never imagined it was a war cross. I was convinced he had been wounded and bore scars. That was the first thought that came into my mind and it never left me," said Mrs. Burkeroad.

The family expect him to return to this country in about two weeks. Lieutenant Burkeroad crossed with a draft contingent of the 341st machine gun company of the 89th division, a company which was almost annihilated in the Argonne forest. While in active service, Lieutenant Burkeroad was transferred to an officer's training school where he received his commission, passing sixth highest in a class of 1250 men. When last he wrote, Lieutenant Burkeroad was at Malicorn, France.

WATER POWER OF STATE SHOULD BE DEVELOPED

Kennedy Urges Lumbermen to Use Influence in Developing Resources of State; Krotter President

F. C. Krotter of Palisade was re-elected president of the Nebraska Lumber Dealers' association Friday in the final session of the annual convention held in the Hotel Rome. S. D. Ayers of Central City is the new vice president; E. S. Clark of York treasurer; John Hall of Louisville and Guy Harrison of Grand Island, directors. A new secretary will be named by the directors.

Officers of the Nebraska Mutual Insurance association, a joint body with the lumbermen's organization, were elected as follows: President, G. W. Eggleston of Bennett; vice president, Guy Harrison; secretary, E. E. Hall of Lincoln; treasurer, C. R. Judkins of Upland; directors, John Hall and Guy Harrison. The auditing committee will include Larsen of St. Paul, Oscar Stroud of Polk and C. E. Byers of Hastings. Hans Hansen, R. M. Trum-

ble and H. J. Coffin made up the nominating committee.

President Krotter appointed a legislative committee including John Murphy, E. E. Hall and R. L. Avery of Lincoln.

Kennedy Makes Address.

John L. Kennedy, fuel administrator, made the principal address at the final session. He urged development of Nebraska resources in the reconstruction period.

"Use your influence to develop the water power of this state. We ought to use the Missouri river to float Nebraska products down to Kansas City. It's right at our doors but we haven't the energy to use it. Nebraska ought to rank first in the production of beet sugar, hay and other products and she would, if we used all the means at our command," he said.

The speaker urged the lumbermen to help to break down the barrier between capital and labor. "Make it possible for old employees to hold a part of the stock in your company and there will be no class prejudice. The man who puts his money into the U. S. postal savings bank is not going to wave a red flag in the streets," he said.

Senator E. C. Houston who missed this convention for the first time in the 30 years since its inception, sent a telegram of regret.

Our American Workmen

A country worth fighting for is worth working for! The man who drove rivets in a ship or a tank was backing up the boys at the battlefields alone that this war was fought. It was waged behind the lines, in the factory, in the workshop, on the farm and in the home as truly as in the trenches. The pale-cheeked woman at home as well as the workman in the shop feels that lack of "snap" and energy which red blood should bring. Perhaps he or she has had an attack of the influenza, in consequence the blood lacks tone. Perhaps the red-blood corpuscles are lacking. Build up the blood with an iron-ionic tablet, called "Irontic," first discovered and made by Dr. Pierce. After taking this tonic tablet, you have good red blood and an active liver, and you can face the enemy successfully—whether it is the germs of grip, a common cold or spring fever. America needs its strong men, and American men need to be strong. Then there is that blood-maker and herbal tonic which has borne the recommendations of many thousands of people during the past fifty years. It is called Doctor Pierce's Golden Medical Discovery, and can be had in tablet form at almost all drug stores at 60 cents a vial. It has the right combination of herbal extracts to bring "pep," vim, vitality and vigor to you. When you have taken Dr. Pierce's Golden Medical Discovery Tablets you will feel the red blood coursing through veins and arteries, and you will be surprised to find how easy it is to tackle every "job," every undertaking calling for responsibility or efficiency. The man who takes this tonic tablet has iron nerves for hardships, and an interest in "the drive" grips him. Be sure and ask for Dr. Pierce's
