West Point City Council Discusses Lighting Problem

West Point, Neb., Feb. 10.—(Special)—The meeting of the West Point city council, held this week, was devoted almost entirely to a consideration of a question of rates and services given by the Nebraska Gas and Electric Light company. A petition signed by 175 representative business men of the city was filed with the council, setting forth many grounds of complaint. The petition requested the council to call a special election so that the citizens could vote upon the question of municipal ownership of the light and power plant. Representatives of the company were attempting to persuade the council to allow things to remain as they are, promising to remedy the conditions complained of without action to see what proposition would be made by the light company.

A marriage license was issued this week to Henry J. Decker and Miss Marian Shorn, both of this county. Prof. J. L. Rich of Gothenburg, formerly a high school instructor at West Point, has been appointed instructor in physical education and athletics in the Columbus public schools.

The "flu" is still claiming its toll of victims in Cumung county. Among those who succumbed this week was Joseph Bernack, 24, a farmer of the north side.

He declares that he saw the birds and that he was with the hunters. A territory of about five square miles was covered with the hunt. No wolves or coyotes were seen, but about 40 rabbits, in addition to the prairie chickens were killed.

Norfolk, Neb., Feb. 10.—(Special Telegram)—Two hundred Norfolk women attended a meeting here Monday, held under the auspices of the social department of the woman's club, and listened to a detailed explanation of the state voting laws by O. Dozen Measures Are Recommended in the Lower House

From a Staff Correspondent.
Lincoln, Feb. 10.—An even dozen of bills passed through the legislative machinery of the lower house, in committee of the whole, this morning, all being recommended for third reading.

Senate files 6 and 8, by Senator Cooper of Omaha, companion bills designed to prevent aliens from holding public office or position of appointment, and Senate File 15, by Robbins of Omaha, repealing the law providing for publication of official notices in foreign language newspapers were among those approved.

Senate File No. 43, continuing the supreme court commission, Senate File 21, increasing the salaries of bailiffs of the district court of Douglas county from \$1,200 to \$1,400 a year, and Senate File 5, providing for the appointment of a jail matron, physician and elevator conductor in Pierce county, who urged the women to use their enfranchisement during the spring elections. The women are especially anxious to participate in the caucuses which will be held here to nominate candidates for city offices.

Hardin's bill, which originally provided for investment of state school funds in Liberty bonds at par, and which was amended to investment in bonds at the market price, and not more than \$500 worth from any one owner, and then only from the original purchaser, was recommended for passage.

The house approved salary raises for officers and employees of cities from 5,000, to 25,000 population; treasurer, \$600 to \$700; councilmen from \$200 to \$250; clerk from \$1,200 to \$1,300; chief of police from \$1,200 to \$1,800; policemen from \$900 to \$1,500; street commissioner, \$900 to \$1,020; city attorney, \$900 to \$1,000.

After the shipment reached Philadelphia the total weights of the different grades were changed, some grades were cut out and new ones substituted. The Gage county growers at the meeting will take some action in the matter.
