

MANY MEN FROM MIDDLE WEST TO COME HOME SOON

Three Thousand Kansas, Colorado, Missouri, Nebraska and South Dakota Men on Last Priority List.

(By Union Pacific Press Bureau.) Washington, D. C., Feb. 10.—(Special)—Several new divisions containing middle western men are shown on the latest priority list of units to return to this country.

Among them are the 30th, the 34th, the 86th, which is partly for replacement and partially for return, the 1st and the 40th. The 334th Field Artillery of the 87th is also listed for early conveyance.

Where They Trained. The 30th division contained about 1,000 men from Kansas, Colorado, Missouri, Nebraska and South Dakota, transferred to it from Camp Funston. The 34th trained at Camp Cody received about the same number from Funston and in addition contains Nebraska National guard troops.

The 40th division left overseas with about 6,000 men from the middle western states, being sent to it from Funston. In France, however, it was used as a depot division and many of its men scattered to other units as replacements.

The location of divisions containing men from Colorado, Kansas, Wyoming, Missouri, Nebraska and South Dakota are as follows:

Thirtieth, on priority, is at Balon. The 34th has been skeletonized, part being on priority and the rest ready to sail. The 35th is still at Commercement and as yet no word has been given out of any contemplated move. The 36th is at Cheney. The 36th has been skeletonized, partly for replacement purposes and partly for return home. The 87th is at St. Nazaire. The 89th, trained at Camp Dodge is at Condrecoeur. The 89th, in the army of occupation, is at Kylvurg, Germany. The 90th is at Lafferet-Bernard. Le Mans and Mayenne. The 40th division at Caseres and will be among the first to sail.

Few From Midwest. Although ships from France are landing every day at New York and Newport News, the arrivals of middle western men have been comparatively light during the last week or so, no complete organizations having arrived, although several such as the 11th Trench Motor battery of the 35th and the 34th Trench Motor battery of the 89th division are listed to sail as is the 24th Field Artillery of the 87th division which was trained at Camp Pike and contains several thousand Nebraska, Kansas, Colorado, Missouri and South Dakota men. The 332d Machine Gun battalion of the 87th will also sail.

Russia Accepts Jap Offer to Help Settle Bolshevik Trouble. Vladivostok, Feb. 10.—(By Canadian Press)—Reports from Omak state that the Russian government there has accepted an offer from Japan of men, money and arms to settle the bolshevik difficulty.

This step, it is stated, is due to reports that the allies are to withdraw their forces from Siberia and also to fear that the conference at the Princes' islands will result in recognition of the bolsheviks.

In return for the aid she is to give, the reports state, Japan will secure an iron and coal concession in the Primor district.

New York Judge to Address Socialist Meet Tuesday. Judge Pinkin, who was elected to the municipal bench from the New York tenderloin district by a big majority, will be the speaker at a socialist meeting Tuesday at 8 p. m. at the Metropolitan hall, Twenty-third and Harney streets.

The judge has chosen "Justice from a Socialist Standpoint" for his subject.

During the war Judge Pinkin represented the National Peoples' Relief committee in various European countries.

Dr. Jones Will Speak on Austria in Desolation. "Austria-Hungary in Desolation" will be the subject of Dr. Guernsey Jones' lecture at the Central High school auditorium at 4 p. m. today. Dr. Jones will discuss the problems arising in Bohemia, Jugoslavia and Italy around the Adriatic sea. It is the third lecture that he will deliver in the course of "The Great War."

Thousands of Men Apply for Merchant Seamen Jobs. Washington, Feb. 10.—To maintain facilities for training merchant seamen the shipping board has decided to turn six of the wooden cargo steamers built during the war into training ships. More than 38,000 men have applied to take the training courses and it is planned to add deep sea cruises to the curriculum.

Scott Nearing Probe. New York, Feb. 10.—A jury hearing the government's case against Scott Nearing, the American socialist leader and the Rand School of Social Science, accused of writing and disseminating articles tending to obstruct the nation's war activities, was told today that Professor George D. Herron, appointed by the American peace commission, a delegate to the forthcoming Princes' islands conference with the bolsheviks, was responsible for the endorsement of the Rand school.

This fact was brought out in cross examination of I. M. Sackin, secretary of the American socialist society, a government witness. Mr. Sackin testified that the school, which, he said, had 4,000 to 5,000 students a year, was able to operate on an extensive scale because of its endorsement.

Presbyterian New Era Move, Which Closed Last Night, Proved a Great Success

Dr. A. W. Halsey Tells of Mission Work in Orient and Asia Minor; Says China to Dominate Asia and That Germans Will Never Get Back Colonies.

With two stirring addresses, presenting two phases of the work to be undertaken through the New Era movement, the two-day conference of the Presbyterians of Iowa and Nebraska, which has been in session here, came to a close last night.

The final meeting at the Brandeis theater came after two days of conferences and discussions of various aspects of the task which is being undertaken by the church, two days which the leaders of the movement pronounced really great in the clearness of the plans outlined and the development of a spirit of enthusiasm for the campaign, to be inaugurated on March 23, to raise \$13,000,000 for the various missionary enterprises of the church. Their leaders are sure the movement has been given an impetus in these two states which will carry it to complete success.

The strategic place of the Presbyterian church in the mission fields and the remarkable opportunities which have been created, especially in Africa, Persia and Syria, by the war were emphasized by Dr. A. W. Halsey, secretary of the board of foreign missions in the first of the night addresses. The great opportunity comes, he said, because the Presbyterians have always emphasized the individual rather than the denomination, and in an age when man is coming to his own nations are ready to respond to the call of the gospel of the individual soul.

China to Rule Orient. Dr. Halsey touched on the strategic position of the great missions in China, which nation, he declared, will rule the orient. Japan, he said, will not be permitted to retain Kion Chan, the province seized from Germany.

China Turns to America. "China is now turning to America, because America, of all the nations, is the only one which has clean hands in its relations with the orient. In India the unselfish work of the Presbyterian missionaries in developing agriculture, in the Philippines the educational work of the missionaries; in Siam, healing and the gospel, have all opened wide doors of possible service in the New Era."

Speaking of the assertion of the Germans that the German colonies must be returned, Dr. Halsey declared that this could never be, and said that the vast Kameroon colony is to be opened to missionary enterprise. "Nothing can stop the missionary on rush," the speaker declared, "because we are to take to the peoples of the earth the idea of the compassionate God, the God who is a father, and in whom the nations are to be united in a great fraternity."

Tells of New Era Aims. Dr. John R. Davies secretary of the board of ministerial relief suggested some of the spiritual aims of the New Era movement, the establishment of the family altar, the fellowship of prayer, study of the Bible, Christian stewardship, the evangelistic campaign—and declared that if the conference had done nothing except raise an interest in these things it would be a success.

"But there are other great causes through which the Macedonian cry is coming. Foreign missions, the needs of the aged, the problem of the needs of the negro ministers. The Presbyterian church is able to give through its board now to the heroes of the faith, who are on the honor roll, an average of only \$350 annually, to other ministers only \$200; to the widows of ministers, \$100 and to orphans \$75. Four thousand churches last year gave nothing to this work. In Wyoming, Iowa and Nebraska we received \$5,000, and paid for ministerial relief \$22,000.

To meet all these needs, Dr. Davies said, money is needed, but it must be money that is given for the "evangel of the burning heart." The spirit of Christ must accompany the giving and the spending of it.

Dr. Davies Leads Service. In line with this thought the session closed with a consecration service conducted by Dr. Davies, who called for brief prayers by delegates and the consecration of life to the new tasks lying before the church in the New Era. The quiet

Complete Divisions Can Parade in But Few Cities. Washington, Feb. 10.—Parades of complete divisions of the American army returning from France probably can be held only in a few cities in the immediate vicinity of the debarcation ports. The response to the request of many other localities for divisional reviews of its own troops will likely have to be the parading of no more than a regiment. This, it was learned today, is the conviction of officers at the War department who have been studying home coming parade proposals.

Cities in which it probably would be possible to hold divisional reviews, these officers said, are Boston, New York and Washington. To hold such parades in an inland city was impracticable.

Acid-Stomach makes Millions Suffer. Indigestion—dyspepsia—sour stomachs—flatulent, gassy stomachs—belchy, miserable-feeeling stomachs—these are Acid-Stomachs.

What a lot of misery they cause! How Acid-Stomach, with its day-after-day sufferings, does take the joy out of life! Not only that—Acid-Stomach is always undermining one's health. Think of the pain which the teeth—how the acid eats through the enamel, causing them to decay. Is it any wonder, then, that Acid-Stomach saps the strength of the strongest bodies and wrecks the health of so many people?

You see ACID-STOMACH victims everywhere always ailing. They can't tell exactly what is the matter; all they say is, "I don't feel well"—"I'm all in; tired, sickly." If they only knew it, nine times out of ten it is Acid-Stomach that is ailing them. It surely makes good digestion difficult, causes food to sour and ferment in the bowels, weakens the blood and fills the system with poisons. It prevents one from getting

the full strength out of their food. Take EATONIC and get rid of your Acid-Stomach. This wonderful modern remedy actually takes the excess acid out of the stomach. It quickly and positively relieves bloating, heartburn, belching, food repeating, sour, gassy stomach, and the pains of indigestion. Makes the stomach cool and comfortable—keeps it sweet and strong. Banishes all stomach troubles so completely that you forget you have a stomach. You can eat what you like and digest your food in comfort, without fear of distressing after-effects. EATONIC helps you get full strength out of every mouthful you eat—and that is what you must have to be well and strong—full strength from your food.

EATONIC is in the form of tablets—tastes like a bit of candy. Absolutely harmless and agrees with the most delicate stomach. Try it. Get a big box of EATONIC from your druggist today. The cost is trifling. If it fails to bring wonderful relief, take it back; he will refund your money.

AT THE THEATERS

EDWARD LOCKE'S comedy, "The Climax," which the Messrs. Shubert produced at the Comedy Theater, was the first small east drama ever produced in this country. Twelve years ago, when Joe Weber first produced this comedy, which is enacted only by four characters, the entire theatrical world watched the venture with keen interest. So phenomenal was the success of "The Climax," that ever since that time the tendency has been to minimize the casts as much as possible, until in fact there had a case of the extreme, "Under Orders," now playing Messrs. Shubert circuit, being enacted by only two players. It is expected that in the near future an attempt will be made to successfully "put over" a drama enacted by one player.

The opium den scene in "The Man Who Came Back," now on at the Boyd, is one of the most complete bits of realism ever shown on the stage. It was not devised merely from conjecture, but is copied literally from a similar den that actually exists. You can see the Chinese attendant looking the dope, manipulating the 'yen-hok, singing his sneaky tune, indifferent to the noises made by his customers—the whole giving a creepy feeling even to the spectator. And it is here that one of the most important episodes of the drama is enacted. A special matinee will be played Wednesday afternoon.

"Somewhere in France," an episode of the trenches, is one of the stellar features this week at the Orpheum. It is the comedy and the singing of the soldier quartet which make the sketch very effective. Nothing on the bill is more laughable than the travesty on old-fashioned melodrama, "For Pitty's Sake," with Thomas Duray in the eccentric comedy role of Prince and Al Rauh contribute one of the most telling songs and comedy skits in vaudeville. Next week the stellar attraction is to be Annette Kellerman, herself, in an "An Intimate Review."

Baron de Orgler, he of many marriages and as many divorces, continues to hold the center of the stage at the Gayety, where immense crowds are gathering twice each day to listen to the tale of his mistakes and present loneliness. Dave Marston and "America's Best" is sufficient as an attraction, but because of the notoriety achieved by the baron, he is offered as an extra feature, the management having faith in the public's desire to meet him face to face. Ladies' matinees daily.

As a rule acrobatic acts are not looked upon with favor, but not so with the Helene trio, who are appearing at the Empress. Paraphernalia especially built for the proper presentation of their marvelous stunts is carried in provision. Another feature act which is meeting with popular approval is the "Fraternity Rehearsal," in which four good-looking men and a charming young woman offer a mélange of mirth, music and song.

Early Settlement in Pratt Estate is Anticipated. Attorneys Ben S. Baker, F. A. Brogan and David Fitch appeared before Judge Day in district court yesterday with evidence indicating that an early settlement of the Col. J. H. Pratt estate is imminent.

A partition settlement is being agreed to between Louise Magee, Augustus, Helen Dorcas Magee, Mrs. Margaret Oleson, Jerome P. McGee, Wayland W. Magee and Joseph J. Augustus.

The estate is estimated at \$400,000.

January Busy Month for Railway Mail Service. The monthly report of C. S. Kelley, chief clerk of the railway mail service, district No. 1, shows that for January a total of 164,875 packages of letters, with from 50 to 60 letters to a package, were handled by the Omaha branch on transcontinental trains of the Union Pacific.

In addition to this 38,223 sacks of paper mail were distributed and 327 storage cars, 60 feet in size, were Omaha's total share.

WILL REPLACE STRIKERS WITH RETURNED MEN

Discharged Soldiers and Sailors to Take Place of Engineers in Denver Schools; Increase Refused.

Denver, Colo., Feb. 10.—Most of the 25 Denver schools which were closed today by the strike of stationery engineers for an increase of \$40 a month pay will be reopened tomorrow morning, it was announced today by Carlos M. Cole, superintendent of schools. The strikers will be replaced with returned soldiers and sailors who were examined by the school board today and given licenses by the city.

Through today's strike 25 of the 65 schools in the city were closed, affecting 17,000 pupils and 425 teachers. The men were receiving from \$115 to \$230 a month, with apartments, heat, light and water. They asserted that because of the necessity for hiring assistants to do the janitor work this pay was insufficient.

"None of the striking engineers will be taken back," Superintendent Cole announced tonight. The board was in session during the afternoon and evening examining returned soldiers, who said they had had experience with low pressure boilers, and as fast as these were examined they were sent to the city hall, where licenses were issued to them.

FLASHES from FILMLAND

PHOTO-PLAY OFFERINGS FOR TODAY.

"SHE PURR, she claw, she scratch, but mon Dieu! how she love," is the theme of the "Wildcat of Paris," which is to show at the Brandeis theater the final four days of this week. The starring role is filled with Priscilla Dean, who portrays the part of the Queen of the Apaches at the time of the first German invasion. The realism of the scenes when the Apaches ran riot in the French capital and finally who, led by their queen, went with their well known fighting qualities to the defense of their city, makes a thrilling film story.

Proof that movie fans do not always desire something new and novel is shown at the Strand this week, where Louise Alcott's well known story, "Little Women," is being shown. Many people have not read the book for years, but welcome it in pictures.

Theda Bara proves that she retains all her old popularity with Omahans at the Muse this week in her finest production, "Salome," as there have been packed houses every day.

Prof. Harry Murrison, who made such a hit in introducing community singing at the Strand and Rialto theaters last spring, has returned from his war work, where he was in charge of War Camp Community branches of the service, and is again leading audiences in singing at the Rialto. Another singing number there this week is "Whistling," Schwartz, a returned navy man, who renders some solos.

Charlotte Walker, who comes to the Sun tomorrow, is a Galveston girl, who makes her first bow to Omahans audiences here this week. She recently signed a contract with Fox, and this "Every Mother's Son" is her first picture.

Consolidation of Offices Means Big Saving to Taxpayers

"Will we have consolidation of offices, doing away with many effective heads when the new constitutional convention meets?" asks County Clerk Frank Dewey, and then he proceeds to answer his own question affirmatively.

"The success," he added, "of the consolidation of the old city tax office and the county controller's office, with the county clerk's office, has proven to be a great saving to the taxpayers. The county clerk's office is doing 50 per cent more work with only 15 per cent increase in the payroll, as compared with separate offices before their consolidation."

Mr. Dewey states that he has compared the number of employees during 1908 and 1918, and finds there were only two more employees during the latter year, with an increase of 50 per cent in the volume of business handled.

Police Raid Office of Seattle Weekly Paper

Seattle, Feb. 10.—The police raided the office of the International Weekly and arrested Aaron Fliester, circulation manager, William H. Johnson, a former United States soldier, and Gus Pilz, both of whom, the police said, were taken while selling copies of the Weekly on the street.

Besides the issue of the International Weekly, several thousand copies of a pamphlet entitled "Russia Did It," were confiscated.

On the Screen Today

RIALTO—THEODORE ROOSEVELT in "THE FIGHTING ROOSEVELT," "OUR TRIP," "BRANDIS—HERBERT HAWLINSON in "COME THROUGH," "THE LOVE AUCTION," "STRAND—LOUISE ALCOTT'S 'LITTLE WOMEN,'" "MUSE—THEDA BARA in 'SALOME,'" "EMPIRE—MAY ALLISON in 'HER INSPIRATION,'" "THE RETURN OF MARY," "Lions—Moran comedy, HAMILTON—Edith and Hamilton—NORMA TALMADGE in 'HER ONLY WAY,'" "SUBURBAN—Edith and Ames—GERALDINE PARBAR in 'THE TURN OF THE WHEEL,'" "Hill Parson's comedy, GRAND—Edith and Blaney—DOUGLAS FAIRBANKS in 'THE COMES UP SMILING,'" "ORPHEUM—South Side, Edith and M—LOUIS BENESSON in 'OH JOHN-NY!'"

Says Head of Orphans' Home Traded Girl for \$30 and Cow

Marietta, Ga., Feb. 10.—Investigation of charges that Mrs. Naomi V. Campbell, head of an orphan's home here, had traded a girl inmate for \$30 and a cow, was begun today by Solicitor General Dorsey. The charges developed after the arrest of the woman in connection with a general inquiry relating to the treatment of children in the institution.

Six Killed and Fourteen Wounded in Berlin Riot

London, Feb. 10.—Repeated encounters occurred in Berlin between government troops and a mob which was only partly of Spartacan character, a Berlin wireless message received today declares. Six persons were killed and 14 others wounded, the message states. Forward evening, it is added, order was restored and the troops withdrew to their quarters.

900 PUPILS AT MASON SCHOOL ARE VACCINATED

Dr. Manning Thinks About Thirty Preferred Quarantine for Twenty-One Days.

City Health Commissioner Manning with a staff of two other doctors and eight nurses, vaccinated the 900 pupils and teachers of the Mason school Monday. This action was taken by order of Dr. Manning following the discovery of one advanced case of smallpox in a pupil of the school last Thursday.

Dr. Manning said nearly all the pupils either were vaccinated by their family physician or submitted to vaccination by the city doctors. They have the option of remaining at their homes for 21 days in quarantine if they do not believe in vaccination. Only about 30, he thought, chose this alternative. The principal of the school is a Christian Scientist. She was vaccinated by her own physician. All those vaccinated outside of the school had to show their "scars" to the city doctors.

A Cold? Nonsense!

If you take proper precautions, simple precautions at that, the danger of colds is vastly lessened. Keep your system free from fermenting food-waste which fills the blood with dangerous poisons and you relieve your kidneys, lungs and skin pores of the over work required to rid yourself of the poisons. Then your resistance will overcome colds.

This is easy to do. Your druggist can supply you with SALINOS, a new, really pleasant tasting salt, which will completely empty the digestive tract, including the lower bowel where most of the poisons are formed. It is fully effective even if taken in cold water and is pleasant in action as it is pleasant in taste.

Get a bottle from your druggist for a Quarter (larger sizes Fifty cents and a Dollar.) Take it first thing in the morning. Keep your bowels open and you'll not have colds, nor their dangerous after-effects, influenza and pneumonia.—Adv.

WORTH WEIGHT IN GOLD, DECLARES MILWAUKEE MAN

His Mother Suffered for Eighteen Years; Tanlac Ends Trouble.

"If everybody in Milwaukee knew how much good Tanlac has done my mother there isn't a one who would not think just as I do—that it's worth its weight in gold," was the interesting statement made by Frank J. Passage, brakeman on the Chicago, Milwaukee & St. Paul railroad, living at 26 35th St., Milwaukee, recently. Mr. Passage's mother, Mrs. Minnie Passage, at the time she came to Milwaukee, four years ago, was a resident of Shannon, Illinois, for fifty years and is beloved by all who know her.

"For eighteen or twenty years," continued Mr. Passage, "my mother has had trouble with her stomach and I can truthfully say that Tanlac is the only medicine I have been able to find in all that time to do her any good. Nothing she would eat agreed with her and she was subject to frequent attacks of acute indigestion. In a little while after eating, her food would sour and build her up with gas and cause her to suffer for hours. At times this gas would press on her heart, almost cutting off her breath, and I actually thought she was going to die. She complained of awful pains through her stomach and left side and would belch up sour gas for hours. I have often had to get up in the middle of the night and doctor her on account of this gas, and I don't believe she ever got a good night's rest on account of the pain she suffered. During the past year she lost twenty-five pounds in weight, or more, and all her strength seemed to leave her. During the past six months she has failed very much faster. All she was able to eat was a little soup or milk and soft boiled eggs, and even this would hurt her. Her condition became so serious that on December the seventh I quit work in order to stay home and take care of her.

"One day I noticed a Tanlac testimonial in the paper which was so straightforward and convincing that I told mother I wanted her to try the medicine. She agreed and at the time she started taking it she had been down in bed for five weeks and couldn't stand on her feet but a few minutes, if she tried. Well, she has taken two bottles now and you may believe it or not, she is up doing all her cooking and housework and is just feeling fine. She is now sixty-nine years of age, but I declare she gets around like one many years younger. She sleeps like a child, eats anything she wants and that gas and indigestion has stopped bothering her almost entirely. I have never seen such a change in anyone as Tanlac has made in Mother. I am very grateful for it and she is feeling mighty happy herself. We can't say too much in behalf of Tanlac, and have been telling everyone in the neighborhood about it."

Tanlac is sold in Omaha by all Sherman & McConnell Drug Company's stores, Harvard Pharmacy and West End Pharmacy under the personal direction of a special Tanlac representative. Also Forrest and Meany Drug Company in South Omaha and the leading druggist in each city and town throughout the state of Nebraska.—Adv.
