South Side

PACKING HOUSE WORKER TAKES POISON AND DIES

John Judna, Despondent Because of Separation From Family, Ends Life at Home of Friehd.

Separation from his wife and family caused John Judna, packing house employe, to swallow poison Monday night. He died a short time after. He was despondent for several days and last night while visiting at the home of a friend, Miss Jennie Verback, 1806 U street, he swallowed the contents of a two-ounce bottle of poison.

He had been separated from his wife and family for several weeks, it was learned, and threatened more than once to commit suicide. The South Side police surgeon attended Judna, who was nearly dead before aid was summoned. Police did not learn where Judna or his family have been living.

South Side Man Injured in Fall From Viaduct

Frank Hobbs, 30, 222 South Twenty-ninth street, was seriously injured at 2:30 p. m. Monday, when a scaffold, on which he was working on the F street viaduct, which was burned last fall, broke down. He was taken to the South Side hospital, where attending physicians diagnosed a probable fracture of the skull, compound fracture of both legs and possible internal injuries. His condition is declared as very serious.

Auto Stolen Sunday Is Found Completely Burned

A car, reported stolen to the South Side police Sunday night by William Wetzle, 2025 T street, was found burned to the wheels yesterday afternoon by Officer Earl Risk, near Forty-eighth and Harrison streets. It had been run into a deep cut in a practically deserted neighborhood and deserted.

The car was identified by the remains of a license and engine number, which had not been burned.

St. Lukes Ladies to Have a Social Thursday

The Ladies' Aid society of St. Lukes Lutheran church will meet at the home of Mrs. A. Bakke, 4616 South Twenty-second street, on Thursday at 2 p. m.

South Side Brevities

COAL—Prompt delivery. South 99.

Washing machine for sale. South 3282.

For Sale—5 or 10 acres, nine-room house, barn, outbuildings. Phone So. 2769.

A. W. Jones, South Omaha, buys, sells, exchanges all kinds of property. For results, quick action, see us.

William Wetzle, 2025 T street, reported to the police that his auto was stolen Sunday night near 2109 W street.

Joseph Moncrief, 2509 N street, reported to the police that sneak thieves entered his room and stole a suit of clothes.

Joseph Green, negro living in the Cuming hotel, pleaded guilty in police court to having whisky in his possession. He was fined $100.

South Side police recoved a $45 suit of clothes stolen from Jess Covington, 4012 Parker street, February 5, in the Eitman pawn shop, 2518 N street.

Louis Kazen, 4109 South Nineteenth street, reported to the police that he was held up Saturday night between Farnam and Harney street while enroute to attend a theater.

Tops Sheep Market.—Fred Bowman of Shelton, Neb., one of the well-known sheep feeders who ships to the Sout Side market, topped the lamb market yesterday at $17. There were 738 head in the shipment, averaging 81 pounds.

Sold 18 Hereford.—Theodore H. Suhr, an old-timer in stock feeding, sold 18 head of Hereford cattle yesterday at the South Side market at $18 a hundred, the top market price for the day. The cattle averaged 1,304 pounds. Mr. Suhr feeds at Pender.

Frank Winnan, 1811 M street, arrested on complaint of residents in the vicinity 3418 South Twenty-third street, who alleged he was drunk and chasing girls on the street. He made a desperate defense when arrested by police. He pleaded guilty in police court and stated that he was so drunk he did not know what he was doing. His "wild jag" he attributed to home made grape wine which he secured at the home of a friend.

JEFFERIS SPEAKS AT BANQUET BY BOOSTER CLUB

Congressman-elect From Second District Declares Greatest Need Is Stabilization of Forces Behind Industry.

"Greed and hate should not be tolerated in this country, nor allowed to have an overpowering control," declared Congressman-elect A. W. Jefferis, addressing the Jefferis Booster club at the Hotel Rome last night.

"Greed and hate have caused man's inhumanity to man, and have prompted one nation of people to attempt to subjugate other peoples, until Europe became a world of armed camps fed on hate. That sort of doctrine should not be permitted to grow in this country."

He bespoke a spirit of tolerance one toward the other, to the end that each may grow and give full expression to that which nature has endowed him.

Observe Golden Rule.

"In a country such as we possess," he continued, "we must remember the great thought as enunciated by our Master, who told us to do unto others as we would have them do unto us.

"We must have faith to believe that the United States will continue for centuries to come to be the great Statute of Liberty, shedding its rays to peoples beyond our shores, that they may catch the spirit of brotherly love which gives unto each the right to pursue life, liberty and happiness. I believe that Europe will catch this great spirit."

Mr. Jefferis said he was mindful of certain disturbing signs in this country, but he had full faith to believe that this nation can and will show to the world that men can govern themselves if given an opportunity. He urged the discouragement of any attempt to array faction against faction or class against class.

Need of Stabilization.

"America," he added, "must stabilize the forces of labor, capital, industry and energy, that we may stand united as one great people, not only for our own sake, but for sake of the world. We as individual citizens may do our part by keeping in mind the thought that our forefathers believed that men have the courage to rule themselves and can rule themselves.

"The history of representative government does not mean that the majority should crush the minority, but that legislation should be fair and for all of the people. A chosen representative of the people should exercise his reason and judgment to the end that each may live and let the other fellow live; to promote happiness in domestic, commercial and social life."

Kinsler Toastmaster.

Mr. Jefferis stated that he appreciated the responsibilities that rest upon him by reason of his election as congressman for the Second district of this state.

One hundred members of the club sat with the new congressman at the dinner table, where J. C. Kinsler served as toastmaster. The democratic party was well represented by such members as Col. P. C. Heafey, Dr. T. R. Mullen and J. J. Mahoney. Ed D. Beach, chairman of the republican state central committee, graced the occasion. President David L. Shanahan of the Jefferis Booster club sat at the speakers' table. Short talks were made by C. J. McCaffrey, Thomas Lynch, A. L. Sutton and Rev. Mr. Smith of Sarpy county. John B. Shanahan sang several numbers.

Judge Sutton condemned an effort being made at Lincoln to abolish the nonpartisan judiciary. Mr. Beach gave assurance that Mr. Jefferis will be heard and recognized when he enters upon his work as national representative from Nebraska.

Tendler Wins Bout.

Philadelphia, Feb. 10.—Lew Tendler, the Philadelphia light weight, easily defeated Harlem Eddie Kelly of New York in a six-round bout here tonight. Tendler was the aggressor throughout and had the better of every round.

Mars Wins Decision.

New Orleans, Feb. 10.—Kayo Mars of Cincinnati was given a decision over Matt Brock of Cleveland at the end of their 15-round bout here tonight. The men are light weights.

MOTHER TAKES ABANDONED BABE FROM ORPHANAGE

Love for Child Proves Too Strong and Young Woman Receives Infant Back Again.

Mother love was too strong. It triumphed, and the helpless little babe that was dropped on the front porch of the home of District Court Reporter B. O. Bruington, 515 South Seventh street, Council Bluffs, Sunday night at midnight, has been claimed by its mother, and before noon yesterday was restored to her. She is now at the home of her father, a well known resident of the west side of Council Bluffs, and both she and the child will be cared for until the recalcitrant father of the child and husband of its mother, is brought to a realization of his duties.

Born in Omaha.

The mother of the child is the wife of a Council Bluffs young man engaged in railroad work. The mother is only 18. They were married last August, and the child was born two weeks ago in an Omaha hospital. They have been living in Omaha and the child was brought to Council Bluffs Sunday night and abandoned.

After a night of sleepless agony the young mother read in The Bee Monday morning the story of the abandonment and that the baby had been taken to the Christian Home orphanage in Council Bluffs. Early in the forenoon she took a car to the Bluffs, stopped at the home of her parents and told the story of the abandonment of the babe and begged her father to go with her to the Christian home at once. He consented, and the distracted mother, in the ecstacy of joy, snatched the babe from the nurse and pressed it to her bosom, weeping hysterically.

Girl is Detained.

The Christian home people immediately telephoned the Bluffs police and the officers went there and detained the mother and babe until the girl's father went up to the station, and told to Chief Jensen the whole story of the marital misfortune. He said he was eager to furnish his daughter and her child shelter under the old home roof. The police department ambulance took the mother and babe from the orphanage.

Douglas Motor Company Stockholders in Meeting

Preliminary to a general meeting of the stockholders of the Douglas Motor corporation this afternoon, more than 100 members of the corporation met in assembly in the banquet room of the Paxton hotel Monday night. Representatives of sales branches of the Douglas Motor company came here from all points of the United States to attend the annual meeting. George Christopher, president and general manager of the company, was chairman of the assembly. J. M. Gillan and John W. Gamble, Chamber of Commerce commissioners, spoke on the manufacturing advantages of Omaha, emphasizing the progress of the automobile industry in Omaha.

At the afternoon meeting in the Paxton hotel there will be held the annual election of a board of directors for the ensuing year.

Charles T. Neal Called to Europe in Food Relief

Charles T. Neal, who came to Omaha in August, 1917, to take charge of the wheat buying for the government, has been called to Europe by Herbert C. Hoover for service in foreign food relief work. He will leave in a few days with Mrs. Neal to take charge of the distribution in some important European port. Neal will retain his title as vice president of the United States Food Administration Grain corporation and during his absence his duties here will fall upon his assistant, L. E. Conklin.

Neal came to Omaha from Kansas City, where he was connected with a large grain concern and was well known to Omaha and Nebraska grain men, as he was at one time located in Lincoln.

Jeanette Whips Cowler.

Jersey City, N. J., Feb. 10.—"Joe" Jeanette of Hoboken, outfought "Tom" Cowler, English heavyweight, in an eight-round bout here tonight. Jeanette weighed 196 pounds and Cowler 204.

Woman's Club Finds Salome "Bad Enough," But Not "Too" Bad

An "unofficial" official delegation, consisting of about a dozen members of the Omaha Woman's club, visited the Muse Theater Monday night to pass judgment upon Theda Bara's latest production, "Salome." "Salome" passed similar inspection by ministers and women in other cities, like Chicago, Milwaukee, St. Louis, etc. In all these cities objections to the play were raised but successfully voted down. As it is understood, the Woman's club delegates found some objections, too, but will not attempt to stop the showing of the film.

"While I did not see anything real objectionable in the moving picture production of "Salome," with Theda Bara as star," said Mrs. W. L. Knight, 4216 Harney street, one of a dozen members of the educational department of the Omaha Woman's club, who saw the film last night, "I dare say that I would not allow any minors of either sex see this film. Naturally the film has certain objectionable scenes, as Salome was an objectionable woman.

"I did not care for the picture and do not like to see the Bible history dragged through the movies in the way presented last night.

"I suppose the other ladies of the club, who attended the performance, felt as I did about the film. I expect that the educational department of the club will report on the picture."

Aviation Experts Examine Liberty Motor at Fontenelle

A feat of American engineering and manufacturing genius in the perfection of the famous Liberty motor, originally called the "U. S. A. "Eight" and "U. S. A. Twelve," was exhibited before 200 persons in the ball room of the Fontenelle hotel Monday night. A large number of army aviation officers attended, discussing the sundry advantages over the type of ordinary airplane engines.

Captain Goodale, U. S. A. explained the mechanism of the motor and traced the short history of its perfection from the design to its action over the battle fronts.

Examples of various stages of the manufacturing progress of the motor were on exhibition besides an actual model of the powerful twelve cylinder motor. From a rough forging of a light cylinder to the finished product on a motor block the stages of the development of the motor were shown, a triumph of American manufacturing as well as American engineering genius.

The Liberty engine will be exhibited by George Reim February 10 to 15.

From five factories there were going to Pershing and the allies every day of the six weeks before the end of the war at least 100 of these motors.

St. Joseph Business Men May Take Over Ball Club

St. Joseph, Mo., Feb. 10.—(Special Telegram.)—Edward J. Hanlon, owner of the Western League franchise here, has written the Commerce club that he is anxious to sell his holdings here, and quit base ball. He has offered the franchise to the business men of this city, if they will act upon the proposition immediately. A meeting of the athletic committee of the Commerce club and the Booster club has been called for tomorrow afternoon, when it is believed the business interests of the city will get busy on the proposition of handling the franchise. It is generally thought that the same plan used in Joplin will be used here, and that stock will be sold to the business interests, and that the franchise will be handled as a civic enterprise. Hanlon says he has always been a loser in base ball, and believes the business men here can do better with the team than he can. He refutes the rumor current last week that Cozy Dolan has been signed to manage the Saints this season.

Pete Hermann, New Orleans Bantam-weight, Wins Match

Pittsburgh, Feb. 10.—In the first ring appearance since he was discharged from the navy, Pete Hermann, bantam-weight champion of New Orleans, won a decision on points in a 10-round bout here tonight with Patsy Scanlon of Pittsburgh, though outpointed for two rounds by Scanlon.

I. W. W. LEADERS TO BE DEPORTED IMMEDIATELY

Fifty-Four Agitators Taken East on Special Train Under Guard; Mob Rescue Frustrated.

Chicago, Feb. 10.—A cleanup to rid the country of aliens with criminal records or regarded as a menace to the nation is under way by federal officers, government officers said tonight.

A carload of undesirables will leave Chicago in a few days for an Atlantic port to be shipped back to the countries whence they came. Immigration officials made this known tonight as 54 aliens hurried through Chicago Sunday enroute back to Europe under heavy guard were nearing New York.

Fifty-four members of the Industrial Workers of the World passed though Chicago in a special train under a heavy guard on the way to an Atlantic port, weher, it is said, they will be deported at once by the immigration authorities.

Forty of the prisoners came direct from Seattle, where they took part in fomenting the general strike which has paralyzed the industries of that city for several days.

Three leaders of the Seattle strike, one Spokane agitator, an I. W. W. leader from Denver, and five alien convicts arrested in Chicago, were among the prisoners gathered into the federal net.

Alien Labor Agitators

The majority of the men were alien labor agitators picked up by officers of the United States immigration service during a year of secret campaigning in industrial centers of the Pacific coast. A. D. H. Jackson, chief of the Seattle office of the immigration service, was in charge of the party.

"The proceeding against United States enemies of this type is simple," an official with the train said. "Just two hours before the Seattle strike was called we gathered 40 agitators into the cars with everything cleared away between them and the middle of the Atlantic ocean. For more than a year the immigration service has been working quietly in all industrial centers checking up on the strange aliens who have appeared, and gathered evidence against I. W. W. leaders and troublemakers who call themselves bolsheviki.

Get Quick Action.

"When evidence was compiled against this particular crowd, each case was brought to a federal hearing, and all court findings sent to Washington, where they were reviewed by Secretary of Labor Wilson. The secretary has the power to order this type of prisoner deported or released, and so far there has been little trouble in getting quick action."

The majority of the prisoners will be sent back to Russian provinces. They are principally Norwegians, Swedes and Finns, according to guards on the train.

New York, Feb. 10.—The federal immigration authorities here are prepared to handle the 54 Industrial Workers of the World who are on their way to New York from the west to be deported by the government.

At Ellis Island, the immigration station, no information had been received this morning, it was stated on authority, as to the hour the Industrial Workers of the World were to arrive here, but it was expected to be "probably today or tomorrow."

Will Be No Delay.

The prisoners will be detained at Ellis Island until arrangements for sailings can be made. They will be divided according to nationalities and the deportation of the several groups will be effected at the earliest possible moment, it was declared.

Greb Outpoints Brennan.

Syracuse, N. Y., Feb. 10.—Harry Greb of Pittsburgh outpointed Bill Brennan of Chicago in all but one round of a 10-round bout here tonight.

Jack Britton Wins Slow Bout.

Trenton, N. J., Feb. 10.—Jack Britton defeated Willie Ryan of New Brunswick, N. J., in a slow and uninteresting eight-round bout here tonight.

MAY INCREASE VICTORY LOAN TO TEN BILLION

Secretary Glass Asks Power to Determine Interest of Victory Loan; Would Issue Treasury Notes.

Washington, Feb. 10.—Secretary Glass today asked congress to increase the amount of Liberty bonds authorized but unissued to approximately $10,000,000,000 and to give him broad powers to determine the interest rate and other terms of the Victory Liberty loan to be floated late in April. He also sought permission to issue not more than $10,000,000,000 of treasury notes, maturing within five years and asked that the war finance corporation be authorized for one year after the declaration of peace to make commercial loans on exports to facilitate foreign trade.

In a letter to Chairman Kitchin of the house ways and means committee, Secretary Glass outlined the broad policies which the treasury hopes to follow in dealing with war loans and other national financial subjects of the readjustment period.

Submits Bill.

The secretary submitted a draft of a bill which would carry out the treasury's recommendations. Specifically, this bill would accomplish the following results:

Raise from $5,000,000,000 to $10,000,000,000 the authorization for the Victory Liberty loan and permit the treasury to determine what part of this sum should be sold.

Permit the secretary of the treasury to determine interest on bonds maturing within 10 years, or the next Liberty loan, instead of limiting the rate to 4¼ per cent, as provided in the present law.

Permit the issue of not more than $10,000,000,000 of interest-bearing note-circulating notes, having maturities from one to five years; these might be sold along with bonds of the Victory Liberty loan.

Exempt War Savings.

Authorize the issue of bonds and notes payable at a premium.

Exempt war savings certificates from income surtaxes.

Confer on the secretary of the treasury authority to determine the tax exemption in respect to future issues of bonds and notes, and to enlarge tax exemptions of existing Liberty bonds in the hands of subscribers for new bonds and notes.

Reopen the privilege of converting 4 per cent Liberty bonds into 4¼s; this privilege expired last November 9.

Create a 2½ per cent cumulative sinking fund for retirement of the war debt.

Extend the authority of the war finance corporation to permit it to make loans in aid of American commerce, supplementing the aid given by the treasury on direct loans to allied governments and in a measure relieving the treasury of demands for such loans.

Permit the continuation of loans to allies after the war.

Except from income surtaxes and profits taxes all issues of Liberty bonds and bonds of the war finance corporation held abroad.

Gives His Reasons.

As the reason for asking such wide authority to determine terms of the Victory Liberty loan, Secretary Glass explained in his letter to Mr. Kitchin that he could not determine this far in advance, particularly because the country was in a state of commercial and industrial readjustment, what the terms should be in April. Furthermore it is necessary for congress to act before adjournment March 4.

"The Victory Liberty loan could not be issued successfully now that hostilities have ceased, within the limitations imposed by existing laws," said Mr. Glass.

He also declared that restoration of normal financial conditions in the United States would be facilitated by enactment of pending legislation permitting liquidation of claims arising under informal war contracts and enabling the food administration "to protect the guarantees given by the United States."

DRESS WARM AND KEEP FEET DRY

Tells Rheumatism Sufferers to Take Salts and Get Rid of Uric Acid.

Rheumatism is no respecter of age, sex, color or rank. If not the most dangerous of human afflictions, it is one of the most painful. Those subject to rheumatism should eat less meat, dress as warmly as possible, avoid any undue exposure and, above all, drink lots of pure water.

Rheumatism is caused by uric acid which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which overcomes uric acid and is beneficial to your kidneys as well.—Adv.

Dempsey Signs Contract for Bout With Jess Willard

Hoboken, N. J., Feb. 10.—Jack Dempsey signed a formal contract here today to meet Jess Willard in a bout for the heavyweight championship of the world. The selection of the time and place was left to Tex Rickard, who is promoting the match.

The contract calls for a contest of not more than 40 rounds. Dempsey will receive $27,500 and one-third of the moving picture rights. The naming of the referee was left to a future date. Willard has already signed a contract to defend the title, his share being $100,000 and one-third of the picture rights.

Law to Permit Spring Duck Shooting Would Not Stand

Lincoln, Feb. 10.—(Special.)—Any law which the Nebraska legislature may pass permitting spring shooting of ducks and geese would be unconstitutional the federal district attorney said today in announcing that he would appear before the legislature in opposition to the proposed measure.

The bill was introduced in the senate.
