

KLYENCHUE HELD FOR MURDER OF NEBRASKA MAN

Coroner's Jury Find Him Guilty of Killing M. E. Brink of Homer; Think Robbery Was Motive.

Special to The Bee. Los Angeles, Cal., Feb. 11.—Early Klyenchue of Denver, Colo., today was formally charged with the murder of M. E. Brink, rich resident of Homer, Neb., following an inquest by the coroner's jury. Brink was shot and instantly killed late Sunday night at a rooming house in East Fifth street under mysterious circumstances. Four arrests were made by detectives. Klyenchue was detained at the city jail today.

Mr. and Mrs. R. O. Rustad, proprietors of the rooming house in which Brink was killed, and Mrs. Laura Taylor, a lodger at the place, were released yesterday after a thorough investigation by Lieutenant Chapman and Detective Sergeant Frank Williams exonerating them of any complicity in the killing.

Detectives Form Theory. An inquest was held over the body of Brink at the mortuary of the Bremble Undertaking company in South Flower street. A theory regarding the slaying was discussed by the detectives. Chapman and Williams believe Brink met Klyenchue in a restaurant and exhibited a large sum of money and was attacked by the former soldier at the rooming house. Brink, a former sheriff of Nebraska, fought to retain his wealth when he was attacked and because of having been an officer refused to put up his hands when commanded by his slayer.

The record of Klyenchue was investigated by the detectives. They say he has been in custody several times and served four years in Deer Lodge prison, Mont., for highway robbery. A search was made today for Klyenchue's room. The detectives believe they will find evidence against the man indicating he has participated in several recent crimes in and about Los Angeles. Relative of Brink at Homer, Neb., was notified of the man's death and information regarding disposition of the body was sought.

Treasury Refuses to Extend Time for Making Tax Returns

Washington, Feb. 11.—Treasury officials today reiterated that there would be no extension of the time for filing income and profit tax returns beyond March 15. This applies alike to individual incomes, corporation incomes and profit returns, and to similar reports required by the law on that date. Additional time may be granted, however, for so-called "information at the source" reports.

GEORGE W. PERKINS ILL WITH INFLUENZA

George W. Perkins, noted financier, who is in Paris supervising the finances of the Y. M. C. A., is ill in a hospital suffering from an attack of influenza, according to a report from Paris.

IOWA'S ATTORNEY GENERAL BACKS BOOTLEGGING WAR

(Continued From Page One.) subscribed \$100,000 in one Liberty loan drive alone. "I tell you it is worth something to say that you live in Iowa," continued the speaker, "and I know you of Nebraska feel the same way about your state."

Mr. Hagner declared that the opportunity to serve the Methodist church in its drive for the \$100,000,000 fund was greater than the privilege offered by the occasion of the great world war to serve one's country. "In enlisting your support in this movement you are taking advantage of an opportunity far greater than that which was offered you in the bloody conflict which has just terminated across the Atlantic," he declared.

World For Christ. Mr. Doughty said that the campaign of the church was the program of the hour. He explained the use to which the huge fund would be put when raised at the end of five years, and asserted that the movement by the Methodists was the initial step in sweeping the entire world for Christ.

Help the Soldiers. "Our program in short is one of world rebuilding. We will use millions of dollars to rebuild the broken bodies of Methodist boys who made the sacrifice for humanity in the war. Millions of dollars will be used in educational reconstruction, and millions and millions will be used in social reconstruction. It will cost billions of dollars to hold the boys who won the war."

Dr. Doughty declared that the idea of the campaign was born in the brain of Earl Taylor, who was offered a business proposition which had been accepted would have paid a salary of \$50,000 a year. He said after days of battle with himself Taylor turned down the offer and decided to give his time and talents to the cause of his church.

To Change World History. Dr. Doughty also told his audience that Dr. Hancher recently had refused an offer of \$20,000 a year in order to devote his life to the work of evangelization. "I have not had the slightest doubt as to the outcome of our campaign," said the speaker. "Our effort will change the history of our protestantism for the next 1,000 years."

EBERT ELECTED PRESIDENT OF GERMAN STATE

Receives 277 Out of 379 Votes in National Assembly; Scheidemann Head of New Ministry.

Basel, Feb. 11.—The German national assembly today elected Friedrich Ebert president of the German state by a vote of 277 out of 379 votes—a plurality of 102. Herr Ebert accepted the election, declaring his purpose would be impartially to dispense justice. Count von Psadowsky-Wehner received 49 votes. The constitution was adopted with little change.

Scheidemann Chosen Chancellor. Copenhagen, Feb. 11.—According to a dispatch from Weimar, an agreement has been reached by the German national assembly on the composition of the new ministry, which will consist of 14 members. Philipp Scheidemann has been selected chancellor, Dr. August Mueller, minister of economics; Herr Bauer, minister of labor, and Herr Landsberg, minister of national defense and justice.

Another portfolio will go to Dr. Eduard David, who resigns the presidency of the national assembly at Weimar, which position will be taken over by Konstantin Fehrenbach. The socialists have seven seats in this cabinet, the democrats three and the centrists three, including Matthias Erzberger, who will hold the post of minister without portfolio. Count von Brockdorff-Rantzau, anti-socialist, will be foreign minister.

Spartan Agitation Growing. Basel, Feb. 11.—(Havas.)—Spartan agitation is growing in Berlin, especially in the barracks of the troops, according to dispatches received here. Karl Radek, the bolshevik propagandist, is said to be directing the work. A dispatch from Breslau says the officers of the Sixth corps have gone on strike as a protest against the demands of the soldiers.

The German government forces, who have been putting down a Spartan rising in Bremen in reports received here, completely occupied the harbor on the night of February 8, without fighting. Eighty sailors and the head of the soldiers' council were arrested.

Jugo-Slavs Want Wilson as Arbitrator in Dispute With Italy Paris, Feb. 11.—President Wilson received tonight a note signed by N. P. Pachitch, the former Serbian premier, Mr. Trumbitch, president of the Jugo-Slav committee in Paris, and Dr. M. R. Vessitch, Serbian minister to France, the Jugo Slavs delegates to the peace conference, asking him to act as arbitrator in their differences with Italy regarding the frontier along Istria and the Adriatic.

This is in consequence of the president's last interview on this question with Mr. Trumbitch and Premier Orlando of Italy. Mr. Trumbitch claimed all of Istria, Fiume and Dalmatia. Premier Orlando answered that Italy could not possibly renounce its claim to Fiume without the risk of very grave trouble. No decision is expected from the Italian until after President Wilson returns from America, as Premier Orlando, Baron Salandra and Signor Barzilari are leaving for Italy Thursday to attend the reopening of parliament.

Italy to Send Military Forces into Asia Minor Paris, Feb. 11.—At the suggestion of England and France, Italy has decided to occupy with military forces Adalia and Konieh, in the Villyay of Konieh, in Asia minor, south of the territory claimed by Greece, having Smyrna as its center. The Greek premier, M. Venizelos, also looks with favor upon the presence of the Italians in Asia Minor on condition that the islands of Dodecanesus (Sporades) be transferred to Greece, excepting perhaps Stampalia, the smallest of the group, which Italy may keep as a naval station. Italian troops are to occupy Baku and Batoum, on the Black Sea, also. The occupation of these points was suggested in order that Italy should be interested in a mandate in Asia Minor.

LOWER BRANCH HEARS DEBATE ON LANGUAGE

(Continued From Page One.) Miss Frances O'Shea, of Petersburg, Neb., dramatically made complaint of conditions in her community, which she described as a German colony. About 80 per cent of the crowd, which was drawn from all parts of the state, and which has swelled the number of legislative visitors to Lincoln to a multitude, was made up of persons of German birth.

The bill under discussion was Senate File No. 24, introduced by Senator Simon. Discussion was opened by Rev. H. Erk of Leigh, representing the Missouri Synod of the German Evangelical Lutheran church. He said he was in hearty sympathy with the Americanization program for secular instruction in the schools but said he was against a law which would prohibit the teaching of religion in the language spoken by the mothers. He said children of foreign-born parents speak, think, play and quarrel in English and it is the language in which they make their lives. Eventually the German and all other foreign languages will die a natural death in this country. But in certain fields where family prayer is said there must be bi-lingual instruction and the teaching of religion in foreign languages is essential to completing the spiritual unity of the family, in binding the parent and the child.

The same views were expressed by Rev. Mr. Fruehling, of South Auburn; Rev. C. F. Brommer, Hampton; P. H. Buehring, Hebron, president of Hebron academy; Prof. G. Weller, Seward, and Rev. Mr. Matzner of Lincoln, all the same denouncing and all of whom earnestly represented themselves as Americans and patriots.

Appears for Jews. Harry Moskny of Omaha appeared in behalf of the Jews and said that in the synagogical schools of his people Hebrew is not taught as a language, but as the sacred tongue in which the ritual of the synagogue and the lessons of the Bible are interpreted, as well as the prayers recited.

Jews are enjoined to teach the Hebrew language to their children and if this law were passed they would be placed in the dilemma of having to violate the religious injunction or the injunction of the state. He counseled the committee to confine the prohibitions of the bill to the use of foreign language for secular instruction. O. C. Oleson, Omaha, representing the Danish Lutheran church, and Rev. Richard P. Kuehne, speaking for the Russian Lutheran church, both opposed interdicting foreign languages for religious instruction.

Rev. Mr. Carter of Lincoln, a German Methodist pastor, and C. H. Best spoke in favor of the bill. "We don't want any little Germanies, Poland, Italy or Bohemia here," they said. "Foreign born people would be better off and understand the spirit of the American people better if they learned to speak English and use it exclusively."

A Nasty Pair. Two brothers who live in an East Lincoln manufacturing town were noted for being exceedingly well served with nasal organs. One of the ring spinners at the mill where they worked invited them to a wedding and promised to send a cab for them. The cab duly arrived and the two brothers entered and plunked themselves down one at each window. In order to create an impression during the drive to the wedding, the two brothers were looking out of the cab one at each side, so that the people could see them. All went well until the cab came to a rather narrow railway arch, which our travelers had to pass through. The cabman looked back, and seeing the two brothers' noses sticking out of the windows on either side, shouted, "Put them shows in, please."—Rehe both Sunday Herald.

In The Army. General Leonard Wood tells the story of a captain to whom was assigned a new orderly, fresh recruit, well served with nasal organs. "Your work will be to clean my boots, buttons, belt and so forth, above me, see to my horse, which you must groom thoroughly, and clean the equipment. After that you go to your hut, help to serve the breakfast, and after breakfast lend a hand to washing up. At 8 o'clock you go on parade and drill till 12 o'clock. "Dismiss me, sir," broke in the recruit. "Is there anyone else in the army besides me?"—Christian Register.

refused to stand according to the ritual of the church when he read the gospel in German but did so when he alternated in English, and he called the public attention to me by saying I was giving scandal to the church and I was forced to leave, as an American citizen, and he a German alien enemy.

Matter of Discipline. Father Lucker, the Catholic priest present, was asked by the committee in regard to the matter and said it was merely a matter of church discipline and any member of the congregation who felt aggrieved could appeal to the bishop of the diocese, who would soon tell the offending priest "where to hell he is at."

JAPAN HAS BIG ARMY READY TO STRIKE AT CHINA

(Continued From Page One.) ports of Japan to acquire concessions in China and Siberia and of its demands for the Caroline and Marshall islands and other islands in the Pacific.

As regards the Pacific islands claims of Japan, the American position at the peace conference has been unofficially represented as one of opposition to annexations and of insistence upon the internationalization of all the Pacific islands taken from Germany. The Marshall and Caroline groups lie directly east of the Philippines.

Japan Puts Pressure on Peking Government London, Feb. 11.—The correspondence of Reuter's, Limited, at Peking sends the following under date of Monday, February 3: "The Japanese on Thursday, January 30, informed the Chinese minister at Tokio that a change in the attitude of the Chinese delegates in France was desirable. The Chinese should, he said, be guided by the Japanese in all questions of policy."

The Japanese minister at Peking on Saturday, February 1, informed the foreign minister that a change of front on the part of the Chinese delegation was necessary and that Japan desired China to undertake that it would not reveal at the peace conference the secret China-Japanese agreements. The Chinese delegates, he said, should work in the closest harmony with the Japanese delegates, on all questions brought before the peace conference. The Japanese minister added that Great Britain was so disturbed with strikes and financial troubles that no definite political or financial help could be expected from that quarter. Failing to receive such assurances, Japan would immediately exercise effective financial pressure upon China. The Japanese minister demonstrated that China was now in a position to choose between returning Japanese friendship or meeting Japanese opposition.

Simultaneously the Peking militarists brought great pressure to bear in presidential quarters with a view to securing the adoption of the Japanese viewpoint. "Following numerous reports of Japanese pressure upon China in connection with the peace conference, this revelation of Japan's determination permanently to secure the privileges gained during the European war created astonishment throughout China, especially as a section of the Japanese government is known to be opposed to the policy of force against China. The newspapers however, emphasize Japan's latest and greatest diplomatic blunder as proving that the Japanese government is still tied to the wheels of the military chariot whose purpose is to destroy China regardless of the fact that its action is calculated to force Japan outside the league of nations."
