

SENATORS ASK WHAT BAKER WILL DO ABOUT RISKS

Nebraska Legislature Asks Secretary of War Whether War Risk Payments Are to Be Denied to Some.

From a Staff Correspondent. Lincoln, Feb. 14.—(Special.)—The Nebraska state senate today took another jab at Secretary of War Baker when it authorized the legislative committee to send a telegram to that official asking for accurate information regarding the rumor that the War department is planning to refuse to pay war risk insurance to beneficiaries not dependent.

Senator Hoagland has a bill prepared memorializing congress to give all men the full benefit of the insurance and in the consideration of this measure the question arose. PORTER FIGHTS BILL TO PUT BAN UPON RED FLAG

Douglas County Member Declares Such Laws Useless and Stands Alone in Opposition to It.

From a Staff Correspondent. Lincoln, Feb. 14.—With but one dissenting vote, the house, in committee of the whole today recommended the engrossment for passage of the bill of Representative Berka of Douglas, prohibiting the possession or display of red or black flags in the state of Nebraska, except for use as signals.

Porter of Douglas, who describes politically, as a radical republican, not only voted against the bill, but also spoke against it. He informed the members of the house there was a group of intellectual socialists who were patriotic and loyal to the country, yet who recognized the red flag as a symbol of protest and they should not be barred from displaying the emblem because it was also the sanguinary symbol of the anarchist.

Apologizes for Porter. "You might as well try to shoot crocodiles with a pompano as pass a law of this kind," said he. "Laws of this nature have been passed in other states and the adherents of the radical ideas have gotten around it by wearing red neckties and red waists."

Porter Against Bill. Porter demanded of Allen of Gage, who was in the chair that he be permitted to explain that he had cast no aspersions on the flag of the United States and was not disloyal.

All voted for the engrossment of the bill with the exception of Porter, whose voice was heard amid the dead silence of expectancy.

"Many Things Left to Be Worked Out Later," Taft Comments Upon League

Miles City, Mont., Feb. 14.—"This appears to be a very effective document, though there are very many things left to be worked out later," was the comment made here tonight by former President William H. Taft after a hurried reading of the first 18 articles of the covenant for the league of nations which were shown him by the Associated Press.

When reading the first articles during the 15 minutes his train waited here Mr. Taft appeared somewhat disappointed in the fact that they appeared to deal mainly with generalities, but the sections which referred to the manner in which a covenant-breaking nation should be treated appeared to change his views and his satisfaction was evident.

The party is enroute to the Pacific coast to attend the meetings in support of a plan for a league of nations.

FIND ERRORS IN CERTIFICATES OF CONGRESSMEN

Secretary Pool Made More Mistakes in Election Documents Which He Supplied. Reavis and Jefferis. (From a Staff Correspondent.) Lincoln, Feb. 14.—(Special.)—After United States Senator George W. Norris was kept in hot water for a few uneasy days over a discrepancy in his election certificate issued by former Secretary of State Charles W. Pool, Congressman C. F. Reavis and Congressman-elect A. W. Jefferis looked and discovered disqualifying errors in their certificates, according to Deputy Secretary of State Gaston.

The obliging new republican secretary of state and governor took speedy steps to send back a corrected certificate for their party colleague, Senator Norris, and they have just taken like steps to relieve the uneasiness of mind of the two g. o. congressmen.

The old certificate left the terms of the two congressmen expiring January 6, 1921, instead of March 4, 1921, and misspelled Mr. Jefferis' rather catching name.

The Norris certificate had omitted to state the year in which his six-year term would expire and had the month January instead of March.

Certificates of election are signed by the secretary of state and the governor.

McKelvie May Name Langhorst to Fill Out Rest of Holcomb's Term

From a Staff Correspondent. Lincoln, Neb., Feb. 14.—(Special.)—L. F. Langhorst of Elmwood, former chairman of the democratic state committee, who belongs to the wing of the party which bolted Governor Neville in the campaign last year and supported a part of the republican slate ticket, is now being mentioned as the possible choice of Governor McKelvie to succeed Commissioner S. A. Holcomb on the board of control.

Mr. Langhorst came to Lincoln just after Holcomb's resignation was announced from the governor's office. He was asked about the report that he might be named on the board of control, and said: "Some of the fellows have talked to me about it, but really I don't know what will happen."

The constitution and the state law require the governor to appoint a democrat to succeed Holcomb, as the holdover member. Mr. Mayfield is a republican and so is Mr. Allyn, named by the governor and confirmed by the state senate to take Commissioner Gerdes' place next July.

Another report revived the story that Holcomb might be given another position as attorney or agent for the board of control, and that Gerdes might be shifted to fill out his unexpired term. Mr. Holcomb moved his residence in January from the southern part of the city to a place just across the street from the capitol.

GERMANY TO PAY, SAYS MR. EBERT, NEW PRESIDENT

President of Germany Tells of Plans of New Government; Declares Nation's Intentions Are Honorable.

Weimar, Thursday, Feb. 14.—(By the Associated Press.)—Count von Bernstorff will not go to the peace conference as a German delegate. Germany plans, for the time being, at least, a people's army, on the basis of general conscription. A commission made up of the center, democratic and socialist parties is now discussing details of the new governmental program.

These points were made by Friedrich Ebert, the new president of Germany, in an informal talk with foreign newspapermen today. They answered questions of American and English correspondents, asked after he had read a formal innocuous statement which virtually followed the lines of his address on Wednesday, in which he emphasized Germany's intention to rehabilitate herself.

President Ebert said Germany in future was going to have only an army of defense. It was at the very end of his talk that he admitted that this guard will be raised by conscription, and he left the room before further details could be elicited.

He said that the assurance that the borders of the country would be protected was absolutely essential, although he would welcome universal disarmament, which would make such protection unnecessary.

He declared that an understanding had already been reached by which various branches of industry will be united and operated socially, adding that only monopolized business will be socialized. In answer to a question relative to foodstuffs in Germany, he said he regarded the situation as very gloomy, since the conditions are very hard. Germany, he said, has but a minimum number of foreign securities with which she can purchase food.
