Of course, a man who believes the gospel does good works and lives a decent life as a natural consequence, but it is belief that saves him, not the good works or the decent life primarily...

Great events are happening in these days as they never happened before. Perhaps God is preparing a great spiritual revival to enable the world to meet properly the vast political and social problems that clamor for solution...

Omaha Lawyer Taken With Smallpox While at the Legislature

Tom Hollister, one of Omaha's well known attorneys, had to go to Lincoln to be stricken with smallpox. At least, he did not get it while he was in Omaha.

He went to Lincoln a week ago, to watch the legislative wheels go round. His room was at the Lincoln hotel. On Monday he complained of feeling indisposed and took to his room. Members of the Omaha delegation called to commiserate him.

His friends who called and sat at his bedside and even shook hands with him are in a state of watchful waiting, wondering whether they will break out. Nearly all of the Omaha delegation were exposed, and so were also several Omaha lawyers who were in Lincoln during the week.

Gentlemen A Word With You About Shaving. WHEN you buy a Safety Razor, buy a cake of Cuticura Soap and shave the Cuticura way. The healthy up-to-date way. No mug, no slippy soap, no germs, no free alkali, no waste, no irritation even when shaved twice daily.

ASPIRIN IS WORTH MORE THAN \$10,000 TO HIM, SAYS WILSON. Had Tried for Fifteen Years to Find Right Medicine—Tanlac Restores Him. "I wouldn't take ten thousand dollars in cold cash for the good Tanlac has done me," said Richard Wilson, one of the most prominent men in Peoria.

Forty Years of Seed Business. It is my firm belief that if a fellow starts with a good idea and keeps everlastingly and honestly hammering away at it for 40 years, he's going to get something with it. If he doesn't, there's something wrong with either the man or the idea.

Oh! It's Only A Cold. This is a very common remark but people are beginning to learn that a cold is a matter not to be trifled with, that some of the most serious diseases start with a cold.
