RECIPE TO CLEAR A PIMPLY SKIN

Pimples are Impurities Seeking an Outlet Through Skin Pores. Pimples, sores and boils usually result from toxins, poisons and impurities which are generated in the bowels and then absorbed into the blood through the very ducts which should absorb only nourishment to sustain the body.

The surest way to clear the skin of these eruptions, says a noted authority, is to get from any pharmacy about four ounces of Jad Salts and take a tablespoonful in a glass of hot water each morning before breakfast for one week. This will prevent the formation of toxins in the bowels. It also stimulates the kidneys to normal activity, thus coaxing them to filter the blood of impurities and clearing the skin of pimples.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia. Here you have a pleasant, effervescent drink which usually makes pimples disappear; cleanses the blood and is excellent for the kidneys as well.—Adv.

A refreshing appetizer, a splendid aid to digestion and a dependable functional regulator of the liver, kidneys and bowels. The Great General Tonic. ASK YOUR DRUGGIST.

Ouch! My Back!

When lumbago shoots its racking pains through your back remember this: If you had kept your bowels open and free from food-waste lumbago would not have fastened on you so easily—you probably would not have had it at all!

If you let food-waste lie in the bowels, it creates poisons which seep into the blood and put an extra tax on the kidneys, lungs and skin pores to get rid of them. If they fail, lumbago, rheumatism, even kidney trouble may result.

HE THREW AWAY THOUSANDS OF DOLLARS ON IT

Went to Hot Springs Seven Times; Tanlac Restores Health After Twenty Years' Suffering.

"I can recommend Tanlac because since taking it I feel better than I have in years and I believe if it helps me it will help others," said S. W. Curlin of 202 King William street, San Antonio, Texas, recently.

"For twenty years," he continued, "I have suffered with malarial chills and fever, and while this seemed to be all, it was enough to put me out of commission. I have made seven trips to Hot Springs, besides spending thousands of dollars for other treatment and medicines but got no results that I could notice. It was just money thrown away. I kept getting worse until I had to give up my position with the Gulf Refining company at Beaumont and for some time now I haven't been able to do any work at all.

"Tanalac is fast making a well man of me. I'm already feeling better than I have in over seven years and I have just finished my second bottle of the medicine. I wouldn't take anything on earth for the good it has done me and I'm so glad to see my health being restored that I feel like telling everybody about Tanlac."

Tanalac is sold in Omaha by all Sherman & McConnell Drug Company's stores, Harvard Pharmacy and West End Pharmacy under the personal direction of a special Tanlac representative. Also Forrest and Meany Drug Company in South Omaha and the leading druggist in each city and town throughout the state of Nebraska.—Adv.
