BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated

ablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying he entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening priping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects.
Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the

attendant bad breath.

Dr. Edwards' Olive Tablets are pure ly a vegetable compound mixed with olive oil; you will know them by their elive color. Take one or two every night for a week and note the effect 10c and 25c per box. All druggists

Acid-Stomach Holds Millions Sick and Suffering

Do you realize that you may have

an acid-stomach? It is the very thing that causes indigestion, heartburn, bloat, belching, stomach pains and all kinds of stomach miseries. So if you ever suffer from any of these painful and distres-

sing symptoms you may feel surethat you have an acid-stomach. On the other hand, there are millions of people who are victims of acidstomach without their knowing it. People who are tired, listless, run down and worn out-always sickly and ailing. People who are thin blooded, pale, weak and emacisted. People who have frequent attacks of rheumstism, sciatios, lumbago. Thousands upon thousands who suffer almost daily from severe beadaches, and toss about throughout the night, and take a dark outlook on life. They may have no pains in the stomach at all—and yet, nine times out of ten it is just acid-stomach that is causing them all their troubles.

Boiled down to a few simple facts the condition is this: An acid-stomach

cannot diggest food properly and the whole body suffers from lack of sufficient nourishment. It is dangerous to take any chances

with acid stomach. So test your own case and find out for sure whether acid-stomach is the cause of your fill health. Here is the surest and most simple test for you to make: Go to your druggist and get a big box of EATONIC—the pleasant tasting tablets that you eat like a bit of candy. If you have acid-stomach, EATONIC will clean out the excess acid and bring such wonderfully quick resief that you will think it almost too good to be true. It makes the stomach clean, sweet, cool and comfortable. You can almost feel it work as it drives the gas and bloat out of your body. You will feel like your old time self

again—get back your pep, enthusiasm and energy—be hearty, hungry, vigor-ous, keen, eager to be up and coming. If you are not entirely pleased with your test of EATONIC, take it back to your druggist. Our orders are that he will refund your money. Your word

Are You a Bolshevik?

Bolshevism is based upon violence, relies upon force,

is deaf to right or reason. To force the bowels to move by taking castor oil, pills, salts, mineral waters, etc., is to outrage Nature and "bolshevik" the body. Because drugs act by producing irritation.

Castor oil, for instance, is so obnoxious that the bowels make frantic effort to get rid of it. Other medicines, from senna to salts, provoke action by causing the bowels to try desperately to expel them first.

With such remedies therefore the removal of bowel waste is secondary and wholly incidental. Hence, the result is not to cure constipation, but on the contrary, to make it worse, more obstinate, harder to overcome.

On the other hand, Nujol is not a drug, does not act like any drug, acts mechanically, not medicinally; persuades. Nature instead of STANDARD OIL CO. (NEW JERSEY) forcing her.

Nujol supplies necessary moisture to soften intestinal contents and facilitate easy, thorough evacuation at regular intervals. Nujol makes easier and more effective the action of intestinal muscles. Nujol absorbs poisonous material.

Nujol is free from any deleterious after effects, forms no bad habits, can be used at any age, under any conditions, and overcomes constipation because it works hand in hand with Naturewith her laws, not against them.

Self-poisoning due to constipation causes over 90% of human illness. Get a bottle of Nujol from your druggist today, and send coupon for free booklet-"Thirty Feet of Danger."
