Taminosian Acted as U. S. Agent While Acting Part of Moslem; Loses Suit Again.

John I. Taminosian, Armenian evangelist, again has lost his suit against Edward Sissakain. He sued for 20.85, alleged unpaid balance said to have been incurred on the occasion of the burial of Sissakain's mother. Now a jury in Judge Sears' court says Taminosian owes Sissakain \$4.85. The case was tried on appeal.

Taminosian, in Judge Sear's court yesterday afternoon, admitted the authorship of a gersonal card bear-ing the name of "Sheik M. Nadir, Defender of Moslem."

"This was my posed name to act as apy for the United States government's interest against the Turk-ish government," he responded, in reply to a question by Attorney Sutton. The card, however, was not admitted as evidence in a suit which

Farmer Had Chronic Indigestion_Fifteen Years; Tanlac Overcomes Troubles.

"Tanlac did me so much good that I think it would be cheap at twenty five dollars a bottle," said John Belford, a successful and well-known farmer of Peoria county, who lives just outside of Princeville, Ill.
"For fifteen years I had chronic

even the lightest kind of food would time I wasn't able to eat what would be called a hearty meal and for years I couldn't digest even a soft posched egg on toast and no matter what I ate I would suffer from sour stomach and for hours would belch up gas and a sour fluid that would leave a bitter taste in my mouth. had such awful headaches that would have to take to my bed until they passed off and there were days at a time when it was all I could do to drag myself out of the house and I felt so miserable that I was hardly able to do the lightest kind of work on the place. I will bet I took enough medicine for my trouble to fill a two-horse wagon, but for all the good it did me I might just as well have taken so much water and I began to lose hope of ever being a well man again. Just about the time things looked most discouraging I heard about Tanlac and how people who were taking it were wonderfully improved so I bought a bottle.

"It was just remarkable how began to improve from the start. have kept on taking it and now I have changed so much that people who didn't know me well would hardly believe that I am the same man who used to be complaining so much. Why, I don't believe there is a man in allinois with a better appetite than I have right now, and I don't have to worry a bit about what I eat, but if I like it I just go ahead and eat it and don't have a bit of trouble afterwards. I eat three whaling big meals every day which is certainly a glad change for a man who had to be particular about every bite for fifteen years. I don't have any more headaches, now, and in fact I am a well man and I do a good day's work six days in the week. The only thing I am sorry about is that I didn't hear about Tanlac sooner as I would have

"I suffered many years from Indigestion, but since I began taking your Nuga-Tone I am completely cured. I will recommend Nuga-Tone to all my friends," says Theodore Laine, 316 Providence Building, Duluth, Minn.

The stomach is a miser. It churm the food and mises it with the Gastric juice. Nerve-force keeps the stomach working. Let this force become impaired and see how quickly you'll have trouble. Cases, beiching and bloating come from fermentation of half digested food which, passing into the bowels makes more trouble—billoumens, constipation and headaches.

Don't fool with hit or miss medicines. Nuga-Tone strengthem the stomach by increasing its nerve-power. Use it and you can have a worder-ful appetite, good digestion and regular bowel action. Nuga-Tone feeds the nerve-cells, enriches the blood and attengthems the body through and through. You will be so well satinfied with Nuga-Tone, you'll recommend it to all your friends.

George L. Loomis, collector of nternal revenue for the district of Nebraska, is expecting word that President Wilson has signed the bill which recently passed both houses of congress, providing for a floor tax on all cigars. The law increasing the tax on cigars will become effective immediately upon the president's affixing his signature to the document which already has been on the disappearance in 1907 of Sister Congress of the congres document, which already has been approved by him as a war measure. It will be necessary for dealers in cigars to take an inventory and reigars to take an inventory and report immediately the size of their stock to the office of the internal revenue collector. They will be al-lowed 30 days in which to pay the tax. The new tax represents an increase of from \$1 to \$3 a thousand,

EXPECTED TO BE FIVE BILLION

Amount Based on Assumption of Expenditures for Fiscal Year Ending Next June; Comes in April.

Washington, Feb. 24 .- The Vicory Liberty loan to be floated late in April is expected to be for \$5,000-000,000, the house ways and means committee reported today by submitting legislation authorizing sale of short terms notes instead of bonds. The bill will be called up in the house tomorrow.

After the ways and means com-mittee had reported, the treasury authorized the statement that the \$5,000,000,000 mentioned by the committee as the possible size of the victory loan was not necessarily exact, since the amount would not be determined finally by the treasury for a month and a half. The size then will depend on government ex-penses, which cannot be forecast acurately for the next month or more.

The committee estimate was based on the assumption that expendi-tures for the fiscal year ending June 30 would be \$19,000,000,000, which is 55,000,000,000 more than the estimated receipts of \$14,000,000,000 exclusive of the yield from the Victory

Gentlemen:

Eat Less Meat and Take Salts.

Rheumatism is easier to avoid than to cure, states a well-known authority. We are advised to dress warmly; keep the feet dry; avoid exposure; eat less meat, but drink plenty of good water. Rheumatism is a direct result of

eating too much meat and other rich foods that produce uric acid which is absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly cold weather the skin pores are closed thus forcing the kidneys to do double work, they become Gray, streaked or faded hair can weak and sluggish and fail to eliminate the uric acid which keeps acbe immediately made black, brown cumulating and circulating through or light brown, whichever shade the system, eventually settling in the you desire, by the use of the follow- joints and muscles causing stiffness, ing remedy that you can make at soreness and pain called rheuma

of a concrete mixer has a good appetite and a great capacity at the top.

But all that goes into it must pass easily through the narrow outlet at the bottom. If the man on the job goes away and leaves the mixture to harden in the hopperhe gets fired—that's all.

And the machine is put out of working order for a time. It's easy for you to satisfy your appetite with food. But if you neglect yourself, and the food waste dries out, hardens and stagnates in your lower bowel-if you become constipated-your body machinery will suffer; and if you try to get rid of the mass by taking castor oil, pills, salts, mineral waters, etc., to force the bowels to move, you will only make matters worse.

You can't fire yourself for neglect. And you can't cure constipation by forming the habit of taking medicine every time you want your bowels to move. But you can overcome the trouble by taking Nujol.

Nujol brings about the habit of easy, thorough bowel evacuation at regular intervals, because Nujol is not a drug, does not act like any drug. Nujol brings about a return to Nature's methods by supplying necessary lubrication of the bowel contents, by facilitating intestinal muscular action, by absorbing poisonous matter, and thus securing necessary cleansing of the intestinal canal.

Nujol makes you regular as clockwork—use it, and you'll not have to worry about the size of your appetite or the ability of your body machine to get rid of dangerous food waste. Get a bottle of Nujol from your druggist today, and send for free booklet "Thirty Feet of Danger."
