EAST OF TRACKS

Morris Company Acquires **Building to House Portion of Business and Gives Boost** to Property Values.

The purchase of the Morrill Clay Target property near Twenty-sixth and Q streets by Morris Packing company was made public yesterday when deeds were filed. The consideration was \$21,500.

The purchase and occupation of

this property, which is a three-story brick building with a one-story and trackage addition of 132x64 feet, makes it the first building occupied by any of the "big four" packing companies east of the railroad tracks. According to realters this move will advance the value of property facing Twenty-sixth street on the west, all of which is on track-age or within reach of trackage. It is the intention of the Morris

company to use the newly acquired property for packing boxes, kegs and other "dry" materials, thereby securing room in the main plant

for other purposes.

The building secured by the Morris company was originally occupied by the Dana Morrill Target company, which was engaged in the manufacture of clay pigeons and other targets.

Anti-Caboose Strike of

Shippers Brings Results The recent anti-caboose strike by 24 stockmen gained results, according to Joseph Barnas of Tarnov, who arrived at the South Side market yesterday with a shipment of cattle and hogs.

Mr. Barnas says a day coach was

attached to the stock train at Columbus, Neb., for the accommodation of only four shippers. He believes the railroads are now previding coaches for shippers in almost every
